### EIGHTY-FOURTH ANNUAL REPORT

The Board of Education respectfully report to the General Assembly that they began the year with a cash balance in bank of \$1387.10, that they have received in the course of the year \$74,582.43, of which \$49,051.31 came from churches, Sabbath-schools, Young People's Societies and individuals, being a total increase of \$8,056.70 as compared with the previous year. The death of a devoted friend of the Board, who for a long time gave \$3500 annually through the church of which she was a member, has cut off an important source of revenue, but the loss has been partly made up by the increased gifts of others. The Board have paid out to students \$59,859.65, being \$10,803.34 more than the total receipts from the sources just mentioned. Fortunately the amount received from legacies and other sources has been sufficient to enable them to make up the deficiency and to put \$7000 into the Reserve Fund, which is kept for exigencies. The year has thus closed without debt, notwithstanding the fact that the higher rates of \$100 for college and seminary students and \$90 for those in the academy, inaugurated last year, have been maintained. For nine years the circumstances of the case made necessary smaller remittances, to the decided inconvenience of our candidates.

The fact that the Board are under no expense for rent, or light, or fuel, and the further fact that the office force is small, made possible the carrying on of all the work at a cost for administration of only \$7,537.40.

#### MEMBERSHIP OF THE BOARD

A serious loss has occurred to the membership of the Board by the acceptance by the Rev. John S. MacIntosh, D.D., of an invitation extended to him by the authorities of the San Francisco Theological Seminary to become the Professor of Systematic Theology in that institution. The scholarly ability of Dr. MacIntosh made him a very valuable member of the Board, and they particularly looked to him for help in conducting the somewhat severe examinations preceding the awarding of competitive scholarships, as well as for help in taking

the oversight of the special studies of the candidates to whom such scholarships were awarded.

The Board have availed themselves of their privilege to fill vacancies by electing the Rev. Henry C. Minton, D.D., to take his place in their counsels. They are happy to report that Dr. Minton has signified his acceptance of the position thus offered to him, and the Board submit their action to the Assembly for approval.

Another distressing loss occurred on the 21st of April when Mr. George W. Barr died after serving the Board with singular devotion for nineteen years. The General Assembly are requested to fill the vacancy thus created in the membership.

They also call attention to the fact that the term of service of the following members expires at this time: Robert Hunter, D.D., Charles Wadsworth, Jr., D.D., John Calhoun, Charles H. Matthews, Esq., George W. Bailey, M.D., and George Peirce, Esq.

At the annual election, held on the 9th of June last, George D. Baker, D.D., was chosen President; James M. Crowell, D.D., Vice-President; Edward B. Hodge, D.D., Corresponding Secretary, and Jacob Wilson, Recording Secretary and Treasurer.

#### CANDIDATES

The total number of candidates enrolled under the care of the Board during the year is 612, of whom 177 are new candidates and 435 are candidates who have been under the care of the Board in previous years. Last year the Board were able to report an increase of thirteen in the number of new candidates. This year there is an increase of thirty-seven. Last year seventy-seven colored men were enrolled, and this year eighty-two. Last year there were thirty candidates under care of the Board in the two institutions for Germans, and four in the Menaul School for Spanish-speaking students. This year twentyeight are in the German schools and seven in the Menaul School. There are a few other candidates of foreign birth who have enjoyed the assistance of the Board during the year and who are looking forward to labors among people of their own race. The problem of finding suitable candidates for the ministry needed for the work among the tens of thousands of Bohemians, Slovaks, Magyars, Italians Russians, Syrians and other foreigners is proving itself to be one of great perplexity, as well as of the greatest interest and importance So many persons of foreign birth are found within the bounds of the

Presbytery of Lackawanna, and so pressing has the need been found for properly qualified men to labor among them that that Presbytery sent up an overture to the last General Assembly praying them to take the matter into consideration and to adopt such measures as might probably afford relief. Not a few of the immigrants from Hungary who have come to the part of the country for which the Presbytery named is responsible are of the Reformed faith by profession, and exhibit no little readiness to welcome a minister. The General Assembly appointed a Committee of eight or nine persons, with the Stated Clerk of the Assembly as Chairman, to take the subject into consideration, and gave them authority to correspond with the Reformed Church of Hungary, "in order to secure the cooperation of that Church in providing a wise and worthy evangelical care of these immigrants, as it seemed to be the first duty of our Church to look out for the spiritual necessities of persons of our own faith who come to this country." The Committee were also directed to suggest plans whereby the Board of Education and the theological seminaries of our Church may prepare young men of foreign blood for work among the people whom they represent, and in places where missions may be established among them in our country. Five seminaries are represented on the Committee, besides Princeton University and Lackawanna Presbytery, and the Board of Education also by their Corresponding Secre-Two meetings of this Committee have been held, and they will report the result of their deliberations to the Assembly. The difficulty in the case is twofold. The work in this country is not yet far enough advanced to have furnished suitable men whom the Church might educate, and to wait for such as may offer themselves involves the delay of years when immediate relief is demanded; while it is well known that abroad the training given in the universities is not commonly of a character to fit young men for the kind of service which our Church would expect of them, and it is only occasionally and under peculiar circumstances that men have come to America from Hungary who could be looked upon as acceptable laborers in this inviting and most needy field. The Board have given every assurance to the Assembly's Committee that they are ready now, as in the past, to do everything practicable to assist in the work of preparing laborers. and that they are expressly authorized to make some exceptions in the administration of the funds committed to them in favor of candidates preparing for this particular work. They naturally feel great satisfaction in the evidences given by recent events of a new interest

in this whole matter, and in the privilege which they have already enjoyed in promoting it. One of the principal agents now employed by the Joint Committee of the Presbyteries of Pittsburgh and Allegheny to labor among foreigners within their bounds came to this country about fifteen years ago, and received his theological education at Union Seminary, New York, with the help of scholarship aid from the Board of Education. He has already done a successful work in different parts of the country and organized a number of churches. his present mission he has been so happy as to find three Ruthenians, one Bohemian and one Slovak among the young men of his charge who give promise of making useful laborers among their own people. of them is already engaged as a colporteur, and the others are looking forward to the ministry. A Bohemian who was educated for the priesthood in the Roman Catholic Church in the old country, and who was converted by reading a New Testament which he had taken away from a child at school, a man of a family of influence, has come to America and has been pursuing theological studies at our Western Seminary, depending upon the assistance of the Board of Education. He gives promise of becoming an important addition to the list of laborers among immigrant foreigners. It will be seen that there is thus dawning some little light on the problem which confronts the Church. It is evident that a few men, at rare intervals, may come over from Europe who are in sympathy with our religious convictions and who may be depended upon for efficient help, but that even these will need a period of longer or shorter instruction in an American theological school; and that the main dependence will have to be put upon young men raised up from among the congregations gathered in this country. Some of these may be set apart for a long course of thorough training that they may become competent ministers; and some of them may be set to work at once, like the Ruthenian mentioned above, for the present emergency, working among their country men as colporteurs during the day, and fitting themselves for improved service by studying at night.

German Candidates.—The Board regret to state that there is a slight decrease in the number of German candidates. The labors of German Presbyterian ministers have been of a very encouraging character, and we can hardly exaggerate the importance of the work which they are called upon to do. The Germans are very numerous and thrifty, forming a decidedly influential part of the community. In 1900 there were 3,119,583 foreign-born Germans in this country.

indicating a total German population of about 10,000,000. Not a few come from homes in Germany the inmates of which are in sympathy with the doctrine and the government of our Church, and are very accessible to our ministers if approached through the medium of their own language. There are now in our Western field ninety-eight German Presbyterian churches with 6435 members. Their contributions in one year amounted to \$24,238. Most of the students in our two German theological schools are assisted through their whole course by the scholarships of the Board of Education.

Negro Candidates.—There is an increase of five in the number of negroes enrolled this year. They are mostly in Lincoln University and at Biddle. The Board have endeavored, of late years, to put the colored candidates as nearly as possible on the same plane with the white men, reserving assistance to the time when they are ready for college, where they are expected to take the full course. They have now at Biddle University but one preparatory student; none, of course, at Lincoln, and only six at other places. Under existing circumstances it has not seemed possible to pursue the same policy with Germans and Mexicans.

Mexican Candidates.—Much interest has been felt in the training of candidates for work among that part of our population who use the Spanish language in New Mexico, and also among Mexicans, Cubans and in our own newly acquired island of Porto Rico. These candidates have been under instruction until recently at the Presbyterian College of the Southwest at Del Norte. The abandonment of that institution, it was feared, might interrupt a work which seemed to be of much importance. The preparation of candidates has been transferred to the school at Albuquerque, and seven promising men are pursuing their studies at that institution.

Indian Candidates continue to be very scarce. The Board took much interest in assisting to provide for the education of Edward Marsden, of Alaska, during his college and seminary studies, and believe that large results will follow from the money used for that purpose. This season the Board have to report but one Indian candidate under their care. On the other hand, sometimes, as happened last summer, our candidates, in the course of their vacation mission work, can do something for the Indians whose camps they find in their territory.

The Board report with sincere sorrow the death of George S. Hill, a candidate under their care, who contracted typhoid fever during the recent epidemic at Cornell University. He is described as a truly

noble youth, strong, energetic, manly and cheerful, giving bright hopes of unusual usefulness. He died at home, passing into unconsciousness while struggling to sing "All Hail the Power of Jesus' Name."

Two candidates were dropped from the roll in the course of the year, according to rule, on account of their having married.

The Corresponding Secretary has met many of the candidates personally in his visits to the institutions in which they are getting their collegiate and theological education, and has used his influence thus, and in an extensive correspondence, to stimulate them to holiness of living, devotion to study and a self-denying zeal in the service of the Saviour. He has also done what he could to excite new interest in ministerial education by sermons and addresses, as well as by monthly articles in the Assembly Herald.

#### ACTION OF THE LAST GENERAL ASSEMBLY

The Committee on the Board, as appointed by the last Assembly, called particular attention to the necessity of making immediate preparations for the enlarged work which the Church must take in hand in this crisis, in view of amazingly increased opportunities, which must necessarily involve a very largely increased expenditure of money and a very largely increased force of men. It is interesting to find, following this expression of the Assembly, that the Furrukhabad Mission in India, at a recent meeting, have issued an earnest call for a reinforcement of thirty-nine men, either married or single, and thirty-six unmarried women, for that mission alone, and are asking that one-third of the number be sent out next fall.

Several things were mentioned as important means for the multiplication of candidates. Among them was, of course, sincere and earnest prayer; but, in addition, the enlistment of the influence of ministers, which unhappily has been too largely withheld. The Board would call new attention to the responsibility of ministers in this matter, and would point to the examples furnished by many ministers, from the days of William Tennent, who helped to multiply the ministry of his day, from his place of influence and power in the Log College, to the present time.

#### THE COLLEGE CURRICULUM

The Board have had printed a number of copies of the Special Report made to the last Assembly on the subject of the college curriculum, in reply to the Cairo Overture on this subject. This Report

contains a scheme of college studies which may well serve as a guide to candidates who wish assistance in making their elections, as allowed under the prevailing conditions at most of the colleges. The same is sent, as occasion demands, to Chairmen of Education Committees and others, as a guide to them in keeping an oversight of the studies of our candidates.

Much discussion continues with regard to the question of a shortened college course. It seems to be the opinion of educators competent to judge that, in view of the lengthened course in such professional schools as that of medicine, and for other considerations, the shortened course will surely become the rule, so that candidates for the professions may combine the last year in college with the first year in the professional school. Thus far our candidates for the ministry have shown, on the whole, a commendable disposition to comply with the old requirement of a four-years' college course; and yet it must be acknowledged frankly that some come to the seminary very inadequately prepared, notwithstanding the fact they almost invariably have, as our rules demand, a college diploma to show at their matriculation. There are several causes for this. One of the most potent is the lack of proper preparation for college, and the conditions, more or less numerous and heavy, under which they stagger through a considerable part of their course. The poverty, and sometimes the age, of the candidate often makes hasty preparation an apparent necessity. This might, in part, be remedied, if the Board could afford the expense, by granting help to students in the academy; but experience is not in favor of such a course. Our canddiates are also often entirely too much preoccupied with other things which distract the mind and take up time which should be given to study. Some of these things are excellent in themselves, such as oratorical and other contests, manual and other forms of labor, made necessary by poverty, and religious engagements, such as the superintending of Sabbath-schools, and even regular engagements to preach. It must be added that there always are a certain number of men who do not seem to be able to appreciate the importance of scholarly preparation for the ministry and the preciousness of the opportunities which the care of the Church has provided for their culture. Notwithstanding all that must be said of this nature the Board are able to report that 384, or 63 per cent. of the whole number of men under their care during the year, have been marked high, or above medium, in scholarship, and a number have won distinction and borne off prizes offered for competition.

While treating of the question of the college curriculum, and of a high standard of preparation for the pulpit, it may not be amiss to call attention to one of the dangers in which a scarcity of candidates may involve our Church if we are not on our guard. We learn that it is in view of an apprehended deficiency of laborers in the large Home Mission field of the Presbyterian Church in Canada that the General Assembly of that Church has instituted a course of training to extend over five years, to be given in Manitoba College, for a class of men to be known as "minister evangelists." The course may dispense with the knowledge of any language except English, and each year's attendance at any "training institute" recognized by the Home Mission Committee is to be considered equivalent to a year of the new course. It is provided also that, if after four years' labor an evangelist has commended himself to the Home Mission Committee and his Presbytery, it shall be competent to the General Assembly to give him the full status of a minister of the Presbyterian Church. The fathers of our Church constantly resisted the temptation, even in their greatest straits, to resort to measures of this kind, and refused to believe that a few years of practical experience in the field could be counted as a practical equivalent for the learning and the culture of the schools.

#### THE DAY OF PRAYER FOR COLLEGES

The Board have continued their efforts to revive interest in the Day of Prayer for Colleges. They have issued and widely circulated an attractive leaflet giving the history of the Day of Prayer, and indicating some of the blessed fruits which have come from its observance.

The influence of Dr. Ashbel Green and his praying faculty was promptly felt at Princeton years ago, and almost every student in the college was deeply affected by the religious interest that was awakened. In our day praying presidents and their praying faculties are having similar experiences. At Maryville College, in Tennessee, time was found this year, as usual, for the exercises of the Day of Prayer and for a series of services afterward. Deep religious interest and the conversion of fifty-four young people are reported. From Mount Hermon also, in the course of the year, most cheering news of awakened religious interest was heard, an interest which became deeper as the term advanced. It is from such revivals as these in the colleges that we may look for the multiplication of candidates for the ministry.

The Board recommend that the General Assembly appoint the last Thursday of January, 1904, as a day in which united prayer may

be offered for the conversion of students in the schools and colleges of our land, for the inclining of many of them to offer themselves for the holy ministry, and for the blessing of God upon all college presidents and professors and teachers, that their great influence may be exerted for the religious, as well as the intellectual, benefit of the pupils under their care. They also repeat the request made last year that the ministers of our Church be asked to be diligent in calling the attention of their people to the need of such prayers as these, and that they take advantage of the opportunity to preach sermons upon the subject of the ministry.

#### LONG AND VALUABLE SERVICE

The Board cannot close this report without calling the attention of the General Assembly to the conclusion of a term of thirty years of faithful labor in the service of the Board on the part of Jacob Wilson, their present Recording Secretary and Treasurer. A minute commemorative of this fact will be found in the books of the Board which are herewith presented to the Assembly for their approval.

The above is respectfully submitted, by order of the Board.

Edward B. Hodge, Corresponding Secretary.

## · ACTION OF THE GENERAL ASSEMBLY.

The Eighty-fourth Annual Report of the Board of Education was presented to the General Assembly, in session at Los Angeles, Cal., May, 1903, and was referred to the Standing Committee on Education.

The Committee consisted of:

J. W. BRAINERD,
DAVIS W. LUSK,
I. D. DAVIS, D.D.,
M. H. CALKINS, D.D.,
WILLIAM A. POWELL, D.D.,
E. M. MCMILLAN,
C. H. WILLIAMSON,
A. W. MCCONNELL, D.D.,
JAMES H. RUSSELL,
D. H. DODSON,
GUY W. WADSWORTH, D.D.,

John C. Vanatta,
Edgar C. Leonard,
Edwin A. Knapp,
Jacob Gould,
H. S. Smith,
Baxter B. McClure,
Hon. J. J. Thomas,
D. G. Thompson,
W. E. Forman,
Prof. Marcus F. Whitman,
O. W. Axtell.

This Committee subsequently presented their report to the General Assembly. It was accepted, and the appended resolutions were unanimously adopted, as follows:

- 1. That the minutes of the Board be approved.
- 2. Inasmuch as there is a 'great demand for ministers to labor among foreign populations, and as many of them are unable to meet the requirements of the Board in all particulars in order to receive aid; therefore be it

Resolved, That this Assembly direct the Board to make all necessary exceptions, so far as consistent with its Charter and Constitution, in aiding students of foreign birth and extraction in their preparation for the ministry.

3. Inasmuch as the contributions from the churches, Sunday-schools and societies for the past year were \$16,000 less than the amount appropriated in aid of students, and inasmuch as there is now an increasing number of candidates for the ministry under the care of the Board;

Resolved, That, in the judgment of this Assembly, contributions

from churches and Sunday-schools and Young People's Societies should be enlarged over those of last year at least fifty per cent.

4. In view of the greatly enlarged opportunities of the present time, and the increasing demand for laborers in all parts of the world,

Resolved, That all our ministers are hereby urged to exercise greater diligence in seeking out young men as candidates for the ministry, and in pressing upon them the claims of this most glorious calling.

5. Resolved, That the election of Rev. Henry C. Minton, D.D., in place of Rev. J. S. MacIntosh, D.D., resigned, be confirmed, and that S. Spencer Chapman, Esq., be elected a member of the Board, to fill the unexpired term of Mr. George W. Barr, deceased; also that Robert Hunter, D.D., Charles Wadsworth, Jr., D.D., Rev. John Calhoun, Charles H. Mathews, Esq., George W. Bailey, M.D., and George Peirce, Esq., whose terms of service expire at this time, be re-elected for the term of three years.

All of which is respectfully submitted.

JOHN C. VANATTA, Chairman.

## RULES OF THE BOARD OF EDUCATION

BELATING TO

## CANDIDATES FOR THE MINISTRY. .

#### I.—Dependence of the Board of Education upon the Presbyteries of the Church.

1. The Board of Education shall receive and aid caudidates for the ministry of the Gospel only upon the recommendation of a Presbytery of the Church; and the Presbytery is responsible for their examination, subsequent care, and the designation of the annual amount of aid to be granted to them, within the limits set by the General Assembly.

The Board will in each case look especially to the Education Committee of the Presbytery for filling out and forwarding the form of recommendation required for the reception of a candidate, and also for the pastoral care of the same

until his entrance upon his official duties.

3. As a general rule the Board will receive any young man of whose examination and recommendation, in conformity with its requirements, proper notification has been given, but it shall be at liberty to refuse new candidates beyond its ability to support them; and it will not give aid to students from the foreign missionary field unless they have been recommended by our foreign missionaries abroad, or have come to study in this country by a special invitation given from this Board upon the request of other duly recognized Church authorities, or of missionaries resident on the fields from which they come.

#### II.—RECEPTION OF CANDIDATES.

- 1. The encouragement of a young man to enter the Gospel ministry is a matter of serious concern both to himself and to the Church, and it should be given only by those who have proper knowledge of his mental and moral character, accompanied with much counsel and prayer, and directly by a single desire for the glory of God. Every candidate should join that Presbytery to which he would most naturally belong, and he should be introduced to it either by his pastor or by some member of the Education Committee after such acquaintance as will warrant his taking the responsibility of so doing.
- 2. The Presbytery, in examining students with a view to their recommendation for aid, must embrace such points as are indicated by the following questions, to which definite answers, by the direction of the Assembly, will invariably be required by the Board: Give name of candidate in full. Age? Residence? Has Presbytery (or the Education Committee in the interim between the meetings of Presbytery) examined him on the following points, and were his answers satisfactory: Piety? Motives for seeking the ministry? Talents? Health? Promise of practical efficiency? Is he free from expensive and injurious habits? How long has he been a communicant in a Presbyterian church? Give the name of the church. If in an academy, give name of academy and class. If in college, or ready to enter, give name of college and class. If in seminary, or ready to enter, give name of seminary and class. If in a Theological Seminary, has he pursued a full collegiate course? If so, give the name of the college of which he is a graduate. If not a college graduate, has he had the equivalent of a college course? If so, send a detailed statement of his previous studies and career. Has he been recommended to Presbytery by his Church Session? Can he recite the Westminster Shorter Catechism? What is the smallest amount required to meet his really necessary expenses to the end of the fiscal year, viz.: April 1? Has he read a copy of the rules? Does he accept the requirements contained in them? At a meeting of the

Presbytery of . . . . (or of the Education Committee) held at . . . . on the . . . day of . . . . 19 , the candidate for the ministry named above, having been satisfactorily examined as to the points indicated by the foregoing questions, was recommended to the Board of Education for aid to the amount specified. Signed by . . . . Chairman Educational Committee.

3. Every candidate seeking aid from the funds of the Board of Education is required to set forth in a paper over his own signature the extent of his inability to provide for himself the necessary funds for his education. The same paper shall contain his pledge that he will refund to the Board of Education all moneys received by him therefrom in any of the contingencies mentioned in Rule III. 8.

4. No candidate shall be received by the Board who has not been a member of the Presbyterian Church, or some closely related body, for at least one year; who has not been recommended to the Presbytery by the Session of the church of which he is a member, and who is not sufficiently advanced in study to enter college, except in extraordinary cases.

#### III.—SCHOLARSHIPS.

1. The annual scholarships to candidates shall be the same in amount for theological and collegiate students, and not exceed \$150; for those in the preparatory course the amount shall not exceed \$100.

2. These scholarships shall be paid to a student only on the reception of particular and satisfactory reports from his professors, embracing the following points: Christian Character? Scholarship? Rhetorical Ability? Punctuality? Economy?

3. The Board may increase or diminish, in a general ratio, the scholarships in

ease of unusual surplus or deficiency in funds.

- 4. No payment shall be made in advance. Each payment shall be acknowledged by a receipt signed by the candidate or by the person authorized by him to receive it. And this receipt shall contain a pledge to return the amount given, with interest, in case he of his own accord turn aside from his ministerial calling.
- 5. In order to suit the period when the students most need assistance, and when the reports from professors can be most satisfactorily made, the reports shall ordinarily be made on the first days of October, January and April. The payments of a student whose recommendation is made at any time between those days may be expected to commence at the date of it.

6. The Board will in no case be responsible for the debts of students, but it is expected of them that the scholarship shall be first applied to the payment of

tuition and boarding.

- 7. The payments to the candidates shall cease regularly at the close of the collegiate year, or earlier, when the time for which they were recommended by the Presbytery has expired, and also as soon as it is determined that they are suffering from prolonged ill-health, which may unfit them for the work of the ministry, or as soon as their private circumstances enable them to dispense with assistance and if they have been manifestly improvident, or have contracted debts without reasonable prospect of payment, or if they have married since the last payment, or if they have received assistance from any other educational board or society, the entire three months' appropriation shall be forfeited.
- 8. The sums of money appropriated by the Board shall be refunded to it, with interest, in case a student fails to enter on or continue in the work of the ministry (unless it appears that he is providentially prevented), or if he ceases to adhere to the standards of the Presbyterian Church, or if he changes his place of study contrary to the directions of the Presbytery, or continue to prosecute his studies at an institution not approved by it or by the Board, or if he withdraws his connection from the Church of which this Board is the organ without furnishing a satisfactory
- 9. A scholarship afforded by the Presbyterian Church, through the Board of Education, is to be regarded by the candidate who receives its benefit as the Church's cheerful contribution to facilitate and expedite his preparation for the holy ministry, and may be accepted as a gift with the understanding that he is thereby simply obliged to a warmer interest in her efforts for the advancement of the Redeemer's kingdom, and especially to the use of the means necessary to instruct and

stimulate her members in the duty of multiplying and sending forth preachers of the Gospel of salvation to all the world. If, however, any candidate should prefer to receive it as a loan, the Board of Education is given authority to lend the amount without interest, and to give the borrower a credit of \$150 for each year of service spent, at the conclusion of his education, upon a mission field at home or abroad.

10. While the Church in providing scholarships for her candidates, makes no specific conditions as to the particular kind of service in the ministry which they will be expected to render upon the completion of their theological training, nor as to the character or situation of the place where they shall labor, nevertheless her judgment is that they ought to cultivate a missionary spirit, as Christlike, apostolic and timely, and that it would be highly becoming in them, under all ordinary circumstances, to offer their services, at the conclusion of their education, for work in missionary fields, ever remembering the abounding destitution in our own country as well as in foreign lands; the peculiar fitness of young men for such work; the honor, privilege and advantage pertaining to it; the natural expectations of the Church which has trained them in the hope that they would endure hardness as good soldiers; and, above all, the spirit of the last command of our ascended Lord.

#### IV.—CARE OF CANDIDATES.

1. Candidates are required, except in extraordinary cases, and then only with the explicit permission of their Presbyteries, to pursue a thorough course of study preparatory to that of theology, in institutions that sympathize with the doctrinal teachings of the Presbyterian Church; and, when prepared, to pursue a three years' course of theological studies in some seminary connected with the same Church, and no work of preaching is allowed to interfere with the diligent and faithful prosecution of their prescribed studies until the close.

2. The Board can rely only upon the Education Committee of each Presbytery for the regular care of its own candidates, which should include the constant exercise of a parental oversight over them in spiritual things, and the bestowment of the counsel they need as to their mode of preparation, their place of study, their trials, and the occupation of their time, while not engaged in study, in employments which will tend to qualify them for effective usefulness as pastors or evan-

zelists.

3. The Board shall assist the Presbytery in its care of candidates by furnishing annually to the Education Committee a summary of information from the professors' reports as to the standing of each student; and the Corresponding Secretary shall exercise a general supervisory care over them, also visit and address them, when practicable, at the institution where they are, in regard to their duties and the claims of the office which they have in view.

4. The recommendation of each candidate must be annually renewed by his Presbytery, if possible at the spring meeting, in connection with one from the Session of the church of which he is a member, and a specification must be made of the amount needed by him; and until the notification of these points has been

received a student will not be considered as upon the roll for the year.

5. Recommendations, or renewals of them, made by an Education Committee in the interim of the sessions of a Presbytery, shall be received as sufficient, provided its action is reported to the Presbytery at the next session and not counter-

manded to the Board.

6. If at any time there be discovered in a student such defect in capacity, diligence, and especially in piety, as would render his introduction into the ministry a doubtful measure, it shall be the sacred duty of the Board to communicate without delay the information received to the Education Committee of his Presbytery, and if, on careful inquiry on the part of the Presbytery, no satisfactory explanation of the defect can be obtained, or if no response be received by the Board from the Presbytery or from its Committee on Education within the current quarter, it shall be the duty of the Board to withdraw its aid altogether.

7. Special care should be exercised by the Presbytery in the examination of students who are about to enter upon the theological course, according to the in-

structions of the Form of Government (Chap. XIV., Sec. 3); and this examination should be conducted by the Presbytery, and be entirely satisfactory as to the "real piety" of the students "and the motives which have influenced them to desire the sacred office," before they are allowed to take the final step toward assuming its great responsibilities.

8. The annual report, occasional publications of this Board, and a copy of the Confession of Faith shall be sent gratis to all students under its care who request

them.

#### V.—Particular Duties of Candidates.

1. Inasmuch as the great aim of the Church in the establishment of the Board of Education is the increase of holyand faithful preachers of the Gospel, the young brethren who look to this work are earnestly and affectionately reminded that all intellectual acquisitions are of little value without the cultivation of piety, and that they are expected and required to pay special attention to the practical duties of religion, such as reading the Scriptures, secret prayer and meditation, occasional acts of special consecration of themselves to Christ and to His service, as their Redeemer and as the Lord of all; attendance at regular meetings on the Sabbath and during the week, endeavors to promote the salvation of others, and the exhibition at all times of a pious and consistent example.

2. Inasmuch as the scholarships granted by the Board will necessarily fall short of a full support of the students, it will be expected that they and their friends will make all proper exertions to supply whatever may be wanting.

3. When a student shall find it necessary to relinquish study for a time in order to increase his means for support by teaching or otherwise, he shall first obtain the consent of the Education Committee of the Presbytery or of the Board; and if, when given, he shall not be absent from study more than three months, his scholarship will be continued, but if longer, it will be discontinued, or continued in part, according to circumstances.

4. It shall be the duty of each candidate connected with the Board to report himself, soon after the meeting of the General Assembly, to the Education Committee of his Presbytery as to his progress, wants and prospects; and when any of the requisitions of the Board which affect him may not be carried out by teachers or others, it becomes his duty to see that they are attended to, that delays

and losses to himself may be prevented.

5. The reception of a scholarship by a student shall be considered as expressing a promise to comply with all the rules and regulations of the Board.

#### VI.—Exceptional Cases.

1. The Board will not ordinarily take under its care as candidates for the ministry any who have not completed a course preparatory to college. If exceptional cases are recommended by Presbyteries the Board should be certified that there has been a season of thorough trial and approval under competent teachers through two or three years.

2. Such students are not to expect the benefit of scholarships for more than

two years before entering college.

NOTE—In stating the place and stage of study of the candidate, name the class and institution in which he will be under instruction for the year which the recommendation is intended to cover; e.g., if the recommendation is made out in the spring, name the institution and class which the candidate is to enter in the fall.

## Presbyterial Recommendation of a Candidate to "The Board of Education of the Presbyterian Church in the U. S. A."

Do not use this blank for candidates who have received aid from the Board in any previous year. Use Renewal Blanks for them.

The Board of Education has been instructed hereafter invariably to require, in connection with the acceptance of a student, and before promising him aid from the funds of the Church, definite answers to several important questions which may conveniently be given according to the form below. A candidate, in order to receive aid, must have been a member of the Presbyterian Church, or some closely related body, for at least one year; be recommended to Presbytery by his Church Session; and, except in extraordinary cases (colored students, and those of foreign populations, especially), be prepared to enter College.  The recommendation, both by Church Session and Presbytery, must be renewed annually, and should state the lowest possible amount within the limits set by the General Assembly that the candidate requires to meet his necessary expenses for the year.

HINTS to the Chairmen of Education Committees of Presbyteries as to the Recommendation of Candidates to the Presbyterian Board of Education.

AKE SURE before any other action is taken, that the candidate has been recommended to Presbytery by the Session of his church, as this is the fundamental requirement.

- 2. Always use the recommendation blanks provided by the Board.
- 3. Never put renewals on blanks intended for first recommendation; never put first recommendations on renewal blanks. You will thus prevent serious confusion at the office of the Board.
  - 4. Write the recommendations plainly in ink; never use pencil.
- 5. Do not write anything on the recommendation blanks other than is required by the answers. Additional notes of explanation which may be necessary should be sent in an accompanying letter.
- 6. Let every question be fully answered when the recommendation is first forwarded; otherwise additional correspondence will be required, and much delay and inconvenience may arise.
- 7. In stating the place and stage of study of the candidate name the class and institution in which he will be under instruction for the year which the recommendation is intended to cover; e. g., if the recommendation is made out in the spring, name the institution and class which the candidate is to enter in the fall.
- 8. Use New Recommendation blank for all candidates who have never been accepted and enrolled by the Board, no matter how many times recommended in past years. Use Renewal blank for all candidates who have been at any time enrolled by the Board even though subsequently dropped.
- 9. If a candidate, who has at any time previously been under the care of the Board, comes to you from another Presbytery, send to us your recommendation in the form of a renewal; and give us the name of the Presbytery from which you receive him.
- 10. Recommendations for new candidates should be sent in as early as may be convenient; but renewals should ordinarily be deferred until Presbyteries have had time to consider each case in the light of all information obtainable as to candidate's conduct and work during the year. Such cases are not in the least imperiled by the delay occasioned by this patient consideration.
- 11. If the candidate does not propose to pursue his studies, preparatory to theology, in an institution which sympathizes with the doctrinal teachings of the Presbyterian Church [as our rules require, except in extraordinary cases], send us the assurance that he has the explicit permission of his Presbytery, and the reason for the permission.
- 12. If the candidate is from a foreign country, the assurance must be sent to us that he intends to exercise his ministry in connection with the Church in the United States.
- 13. In corresponding about a candidate, always mention the Presbytery to which he belongs. This will help us greatly in looking up his case.
- 14. Do not mutilate the recommendation blanks, but mail them, properly folded, in a large envelope. This will aid us in filing and indexing.
- 15. Take no action without careful study of the printed rules prescribed for our mutual guidance by the General Assembly.

## REPORT OF THE STANDING COMMITTEE ON THE BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

PRESENTED TO THE GENERAL ASSEMBLY AT LOS ANGELES, CAL., WEDNESDAY, MAY 27TH, 1903.

The Standing Committee on Publication and Sabbath-school Work reports to the General Assembly as follows:—

Information, inspiration, enthusiasm, action are four steps in every intelligent Christian effort. Information is the primary purpose in this Report. Your Committee find several conditions that require careful consideration. This dual Board couples business with benevolence, yet each subject must have special and distinct consideration.

I. Business.—The Business Department shows that its records and books are carefully kept, that it made a net profit for the year of \$29.514.13, and that it gave two-thirds of this sum (or \$19,676.09) to the Benevolent Department. While the net profit is less than last year, this is accounted for by unavoidable expenses in the San Francisco Depository, which, however, shows much larger sales and profits than any other Depository. The record for sixteen years shows that the Business Department has contributed to the Benevolent Department the magnificent sum of \$282,077, and that the offerings of the churches and Sabbath schools have never gone to the Business Department, all contributions going to the Benevolent Fund.

Under the Editorial Department we desire to emphasize the necessity of all our schools using our Presbyterian Sabbath Helps; loyalty demands it. We would call special attention to the Quarterlies provided for both Normal work and home study. Of the thirty-one new publications by our Board, under Editorial work, we commend especially to our churches and Sabbath-schools the series called *The Presbyterian Pulpit*.

, A debt remains on the Witherspoon Building in Philadelphia. Five hundred thousand dollars were realized by the sale

of the former building on Chestnut street, and paid on this new building; \$30,000 have since been paid, leaving \$470,000 mortgage at five per cent. interest. This should be cleared at once, if possible.

II. Benevolence.—The Sabbath-school and Missionary Department.—Your Committee finds substantial progress made by this department the past twelve months. Sabbath-school missions do the pioneer work, laying the best foundation for the Home Mission church, and must be well built. This department operates in over twenty States and Territories, and also Cuba. One hundred and fifty-five faithful Sabbath-school missionaries labored in this field last year, one hundred and eight being permanent. They organized 1,047 new schools, reorganized 363, total membership nearly 50,000. Over 113,000 families were visited by them, and 1,704 conversions reported, 55 churches organized with a membership of 889, and 41 church buildings erected.

During the past fifteen years, since 1887, as the outgrowth of this work, 704 Presbyterian churches have been organized. That is, each pastor may say to his congregation, every Lord's Day throughout the year: "This past week a new Presbyterian church has been organized, somewhere in our beloved land, from one of our mission schools." Besides these, 460 churches of other denominations have been organized (over one-half as many as Presbyterian), the outgrowth of our mission schools. in destitute places. Every alternate Wednesday evening, at the mid-week service, the Presbyterian pastor may say: "During the past fifteen days, three new churches of our own and some other branch of Christ's Church have been established as a direct result of our mission Sabbath-school work." Were our own Home Mission Board able to follow closely this blessed pioneer work of our Sabbath-school missions with men and means. every church growing out of such schools would be logically a Presbyterian church. Why not?

In our regularly equipped churches throughout our land there is a pressing demand for better-organized Sabbath-

.:

schools, with special training of teachers and Sabbath-school workers beyond the ability of the local church to supply.

The term of office of the following members of the Board will expire in June next. It is therefore recommended that they be reelected:—

#### Ministers:

Elders:

REV. WILLIAM BRENTON GREENE, JR., D. D., WILLIAM W. ALLEN,
REV. LOYAL YOUNG GRAHAM, D. D.,
REV. MERVIN J. ECKELS, D. D.,
REV. THOMAS MCB. NICHOLS.

THOMAS W. SYNNOTT,
GEORGE HALE, M. D.,
JOHN H. CONVERSE, LL. D.

We recommend the confirmation of the election of Rev. Thomas McB. Nichols as a member, of the Board, to fill the vacancy caused by the death of Rev. Francis A. Horton, D. D., whose term expires in June, 1903.

The following resolution is recommended for adoption:—
It is with sincere sorrow your Committee reports the death of the Rev. Francis A. Horton, D. D. He was stricken with apoplexy at the close of his sermon on Sabbath evening, April 19th, 1903. Dr. Horton was in the height of his power, a man of rare ability, of strong Christian character, and a most valuable member of the Board.

Your Committee also recommends the adoption of additional resolutions as follows:—

- 1. That, in view of the fact that this year terminates twenty-five years of service by the Rev. J. A. Worden, D. D., LL. D., as Superintendent of the Sabbath-school and Missionary Department, we recognize God's goodness toward him and the Church, and we express our appreciation of his faithful service during the past quarter of a century, as a servant of Christ and of the Board.
- 2. That we most earnestly commend the work of the Sabbath-school and Missionary Department to the sympathy, coöperation and general support of the churches, Sabbath-schools, Young People's Societies and individuals.
- 3. That pastors and sessions be especially enjoined to ever keep before the people the essential truth, that the church and

Sabbath school are one, and lead the young by precept and example to revere the Church founded by Almighty God himself.

- 4. That the General Assembly authorizes the Board to receive special gifts for the publication of evangelical literature in foreign languages; and for the support of colporteurs to labor among the foreign-speaking populations, or any other needy people of our country, under the supervision of the Sabbath-school and Missionary Department of the Board.
- 5. That this General Assembly recognizes the importance of the movement toward better equipment for Sabbath-school work, and would recommend to Synods and Presbyteries the establishment of such permanent training schools and institutes as will meet this necessity, and would also suggest the further grading of our Quarterlies and Lesson Helps as the times demand.
- 6. Inasmuch as there is a general desire for an improvement in the Special Day Exercises prepared and sent out by this Board, we recommend that careful attention be given to this class of publications in order that they may be brought to a higher standard of excellence, adaptable to the needs and capacities of our Sabbath schools.
- 7. That we commend the general, careful, and prayerful use of a Decision Day along the line of the work of the Assembly's Evangelistic Committee.
- 8. That the Board of Publication be authorized to make such slight changes in the Presbyterian Hymnal in the issue of the new edition as may be deemed advisable to conform to the present demands, and such as experience has dictated; provided that the Board continues to issue the former edition of the Hymnal to meet the wants of the Church.
- 9. That the request of the Board, of date April 23d, 1903, be granted, viz.:—
- "Whereas, Experience in the conduct of the affairs of this Board since the reorganization of its administration and work in the year 1887, has shown that certain changes in the line of

administration, and the distribution and number of officers of the Board, may be made with advantage to the work, and with economical results, without impairing the general scheme or plan established by the said reorganization; therefore,

"Resolved, That the General Assembly is hereby requested to give to the Board authority to make such changes in the administration of its affairs, and in the number of its officers, and the assignment of duties to them, as, in its judgment, and in view of its experience in managing the work, it may deem best."

It is also recommended that when action be taken in this matter, that a report be made to the next General Assembly.

Respectfully submitted,

Frederick J. Stanley,

Chairman.

#### SIXTY-FIFTH ANNUAL REPORT

#### OF THE

# PRESBYTERIAN BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

APPROVED BY THE BOARD, MAY I, 1903.

The Presbyerian Board of Publication and Sabbath-school Work, with devout gratitude to God for the blessings bestowed upon it during the past year, presents to the General Assembly of the Presbyterian Church in the United States of America this, its Sixty-fifth Annual Report, covering the year beginning April 1, 1902, and closing March 31, 1903.

The term of office of the following members of the Board will expire next month:

#### Ministers.

REV. WM. BRENTON GREENE, JR., D. D., REV. LOYAL YOUNG GRAHAM, D. D., REV. MERVIN J. ECKELS, D. D., REV. THOMAS MCB. NICHOLS,

#### Elders.

WILLIAM W. ALLEN, THOMAS W. SYNNOTT, GEORGE HALE, M. D., JOHN H. CONVERSE, LL. D.

It is with deep sorrow that the Board reports the death of the Rev. Francis A. Horton, D. D., a member of the class reported above, whose term of office expires in June. Dr. Horton was elected a member of the Board in March, 1899, since which time he has been one of its most faithful and efficient members. He was stricken with apoplexy in his pulpit as he was uttering the last sentence of his sermon on the evening of the Sabbath, April 19th, and died shortly after having been removed to his residence. The Board has elected in the place of Dr. Horton the Rev. Thomas McB. Nichols, whose appointment it requests the Assembly to confirm.

## SUMMARY OF DEPARTMENT WORK

The year just closed has been one of great prosperity, in which all the Departments have participated.

# THE SABBATH-SCHOOL AND MISSIONARY DEPARTMENT

#### I. MISSIONARY WORK

This work is performed by the missionaries appointed by the Department, and who labor under the supervision It has been prosecuted within the bounds of of its officers. 25 Synods and 93 Presbyteries, located in 32 States and Territories, and also in the City of Havana, Cuba. It has now in the home field 14 Synodical and 93 Presbyterial missionaries, who, together with the 1 missionary in Cuba, make a total of 108—an increase of 11 over the number in commis-The labors of our missionaries have sion April I, 1902. been highly successful. There were organized 1,047 new Sabbath-schools, and reorganized 363-1,410 in all—with an aggregate membership of 44,623 scholars and 4,876 teachers -total, 49,499.

During the year 155 missionaries, including 42 summer missionaries, were on the field for longer or shorter periods.

The churches organized during the calendar year 1902 from schools established by our missionaries were 71; of which 55 were Presbyterian.

A full statement of the missionary work performed will be found on pages 10-37.

#### II. SABBATH-SCHOOL OR EDUCATIONAL WORK.

This work, which has relation to the elevation and training of existing schools, as distinguished from the especial work performed by the Editorial Department, is performed directly by the Superintendent of the Department and his assistants, and is carried on principally by addresses, correspondence, the collection and arrangement of Sabbath-

school statistics, and the preparation and distribution of circulars and leaflets. It has been performed during the past year in the lines set forth on pages 30-36.

#### III. GRANTS.

Grants amounting in value to \$8,184.89 were made, as follows (see pages 39, 55):

Periodicals, books, and tracts to churches, S	Sabbath schools,
and individuals	\$7,204 64
Catechism Bibles	780 25
To aid in the publication of religious literature:	for our "foreign
population,"	200 00
	\$8,184 80

Contributions to the amount of \$1,792.50 were made to aid in the erection of chapels, and other special objects, when such appropriations were specially designated by the contributing individuals and churches.

#### IV. RECEIPTS AND EXPENSES.

The receipts of the year covered by this Report (including the balance of \$45,268.02 reported last year) amounted to \$189,899.33. The expenses were \$148.502.34, leaving a balance of \$41,396.99 (see Treasurer's Report, pages 54, 55). From this should be subtracted \$11,168.43, being the amount of salaries and expenses then due, leaving a net balance at the close of the year of \$30,228.56.

It should be noted in connection with the foregoing statement that of the net balance mentioned the sum of \$1,738 was the unappropriated portion of \$3,063.18 that had been contributed for the specific purpose of erecting chapels; and it is also proper to mention that the contribution of \$19,676.09 from the Business Department was not credited to the Sabbath-school and Missionary Department until the last day of the fiscal year, so that the absolute balance on the morning of that day available for missionary purposes amounted to only \$8,814.47, a sum more than \$3,500 less than the average monthly expenditure of last year.

# EDITORIAL DEPARTMENT.

#### BOOKS AND TRACTS.

This Department issued during the year 31 new publications, and also 68 reprints of former editions.

In addition to the foregoing publications, lists of which may be found on pages 42-49, it is expected that the following NEW WORKS will be published before, or during, the meeting of the General Assembly:

THE POWER OF GOD UNTO SALVATION. By Benjamin B. Warfield, D. D., LL.D. Price, 75 cents, net; postage, 7 cents. One of the series, in "The Presbyterian Pulpit."

THE LAOS OF NORTH SIAM. By Mrs. L. W. Curtis. Price, \$1.25, net.

TEACHINGS OF THE LORD JESUS. By W. S. Bean, D. D. SHALL I UNITE WITH THE CHURCH? By William Bryant, D. D.

A SHORT HISTORY OF AMERICAN PRESBYTERIANISM TO THE PERIOD OF THE REUNION. By A. T. McGill, D. D., LL.D.; S. M. Hopkins, D. D., LL.D.; S. J. Wilson, D. D., LL. D.

#### PERIODICALS.

The number of Periodicals published was 15—11 Lesson Helps and 4 Illustrated Papers.

Full information concerning these issues may be found on pages 44-47.

# BUSINESS DEPARTMENT.

THE BUSINESS DEPARTMENT closed the year with net profits amounting to \$29,514.13. Of this sum, two-thirds, or \$19,676.09, have been placed to the credit of the Sabbath-school and Missionary Fund, in accordance with the direction of the General Assembly. The remaining third, or \$9,838.04, has been added to capital.

A full statement of the work of this Department may be found on pages 50-52.

# SPECIAL ACTIONS OF THE BOARD

# I. ANSWERS TO OVERTURES REFERRED BY LAST GENERAL ASSEMBLY:

1. From the Presbyteries of Pittsburg and Allegheny "urging the issue of religious literature in the Austro-Hungarian languages."

The importance of this matter is thoroughly appreciated by the Board, and is receiving the careful attention of a special committee, of which the President of the Board is Chairman, consisting of a member of each of the standing committees, the Secretary of the Board, and the Superintendent of each of the Departments. This committee is giving the subject much careful attention. It has had extensive correspondence and repeated interviews with parties interested in the work, and is now endeavoring to obtain the services of a suitable Editor. The problem before the Board is not only one of vast importance to the spiritual welfare of millions of human beings, to the Church and to the State, but also one of great difficulty. It is believed, however, that it is a problem that can receive a satisfactory solution—one, however, that will require a large increase of contributions on the part of the churches to the Missionary Fund. The following request of the committee was unanimously approved by the Board:-

"This committee requests the General Assembly to authorize this Board to receive special gifts for the publication of evangelical literature in foreign languages and for the support of colporteurs to labor among the foreign-speaking populations of our country, under the supervision of the Sabbath-school and Missionary Committee of this Board."

2. From the Presbyteries of Dayton and Steubenville "asking the Board to issue, in connection with its Home Department, literature for the help of parents in the training of their children."

The Editorial Department has in contemplation the

speedy issue of booklets or leaflets bearing on "religion in the home," to be used in connection with the Home Department work in our Sabbath schools. In these issues the subject contemplated in the overtures will receive careful attention.

3. From the Presbytery of Fort Dodge "asking the Board to provide a suitable denominational reading course for the young people of the Presbyterian Church."

The Board recognizes the importance of the subject contemplated, and as was reported to the last General' Assembly, is already engaged in the effort to have such a course prepared.

# II. MANUAL OF FORMS.

Attention is called to the following resolutions adopted by the Editorial Committee and approved by the Board:

"Resolved, That the Board be requested to authorize the selection by this committee of a representative body of ministers and elders, for the purpose of preparing a MANUAL OF FORMS OF WORSHIP for public religious services, in harmony with the Directory of Worship, and also orders of the administration of the Sacraments of the Lord's Supper and Baptism, and for funeral and marriage occasions.

"Resolved, second, That the Secretary be instructed toinsert this action, if adopted by the Board, in the Annual Report of the Board."

# III. PROPOSED REORGANIZATION OF THE BOARD.

The following action was taken by the Board, on the 23d of April, 1903, after consideration of a report from a special committee of seven members of the Board:

WHEREAS, Experience in the conduct of the affairs of this Board, since the reorganization of its administration and work in the year 1887, has shown that certain changes in the line of administration and the distribution and number of officers of the Board, may be made with advantage to the

work, and with economical results, without impairing the general scheme or plan established by the said reorganization; therefore

Resolved, That the General Assembly is hereby requested to give to this Board authority to make such changes in the administration of its affairs, and in the number of its officers, and the assignment of duties to them, as, in its judgment, in view of its experience in managing the work, it may deem best.

# IV. REPRESENTATION OF THE BOARD AT THE MEETING OF THE GENERAL ASSEMBLY.

Resolved, That Mr. John H. Converse be appointed to represent the Board at the approaching meeting of the General Assembly, in conjunction with the Secretary or in his absence.

# SABBATH-SCHOOL AND MISSIONARY DEPARTMENT.

I.

## MISSIONARY WORK OF THE DEPARTMENT.

The work of Presbyterian Sabbath-school missions has made steady and, in some of its details, marked progress during the year. More missionaries upon the field; a wider extent of territory covered; evangelistic and institute work on a larger scale; a striking increase in the number of schools organized, reorganized, and under the care of our missionaries; and a growing tendency in the direction of permanent work and the development of churches—these are some of the special causes for thanksgiving to Him who has thus vouchsafed his blessing upon this pioneer work of our Church.

During the year 155 missionaries have been on the field for longer or shorter periods. These include students commissioned for the summer vacation.

The staff of permanent missionaries, which on April 1, 1902, numbered 97, had increased to 108 on the 1st of April, 1903. The list of missionaries printed at the head of each group of States in this Report represents the entire permanent staff as it stood April 1, 1903.

The new appointments during the year have been as follows:

Mr. C. H. Van Sickle, to the Presbytery of East Florida.

Rev. F. H. Robinson, to the Presbytery of Sacramento.

Rev. Conrad Bluhm, to the Presbytery of Wyoming.

Mr. Shirley Erving, to the Presbytery of Wyoming.

Rev. I. M. Houser, to the Synod of Indiana.

Mr. W. J. Bell, to the Presbyteries of Corning and Council Bluffs.

Mr. James Steenson, to the Presbytery of Sioux City.

Mr. Elam Bartholomew, to the Presbytery of Osborne.

Rev. H. McHenry, to the Presbytery of Red River.

Mr. R. L. Jones, to the Presbytery of Mankato.

Mr. D. K. Laurie, to the Presbytery of Adams.

Rev. J. E. Stevenson, to the Presbytery of Kansas City.

Mr. L. S. Schermerhorn, to the Presbytery of Helena.

Rev. L. C. Wainwright, to the Presbytery of Butte.

Mr. J. B. Burke, to the Presbytery of Box Butte.

Mr. W. D. Himebaugh, to the Presbytery of Bismarck.

Rev. B. F. Harper, to the Presbytery of East Oregon.

Rev. W. S. Smith, to the Presbytery of Southern Oregon.

Dr. W. S. Workman, to the Presbytery of Parkersburg.

Mr. O. E. Tell, to the Presbytery of Southern Dakota.

Rev. G. A. Morrow, to the Presbytery of Birmingham (Tenn.). Rev. J. M. Johnson, to the Presbytery of Birmingham (Miss.).

Rev. R. W. Illingworth, to the Presbytery of Arizona.

Rev. F. J. Anderson, to the Presbytery of Birmingham (Miss.).

Mr. S. W. Peterson, to the Presbytery of Mankato.

Mr. F. E. Schroeder, to the Presbyteries of Cedar Rapids and Dubuque.

# The transfers during the year have been:

Rev. E. F. Knickerbocker, from Niobrara Presbytery to the Synod of Indiana.

Rev. J. V. Milligan, from the Presbytery of Portland to be the Synodical missionary of the Synod of Oregon.

# The following missionaries resigned during the year:

Mr. B. D. Snook (Colorado), Mr. J. B. Hobson and Mr. William Davis (Indian Ter.), Rev. C. T. McCampbell and Mr. J. F. Smith (Iowa), Mr. L. J. Allen (Kansas), Rev. W. F. Finch (Minnesota), Rev. A. Haberly and Rev. W. A. Smick (Oregon), Rev. H. P. Cory (Tenn.), Rev. R. W. Illingworth (Arizona), Rev. F. J. Anderson (Birmingham), Mr. S. W. Peterson (Mankato), Mr. H. M. Henry (Corning and Council Bluffs), Rev. L. Johnson (E. Oregon).

Mr. Silas A. Meredith, our missionary in the Presbytery, of Palmyra, Mo., was removed by death, September 14, 1902, after a faithful service of nearly thirteen years. The Palmyra Presbytery, meeting on September 18, adopted appropriate resolutions, testifying to the value of his Sabbath-school work, and stating that several churches of the Presbytery owe to it their organization and development.

It is not so many years ago that the States of Minnesota, Wisconsin, and the Dakotas were designated the far Northwest, but to-day we have to extend our line to the Pacific and encircle with it the States of Washington, Oregon, Idaho, and Montana. In these broad regions, fast filling up with an energetic and enterprising population, we had in 1902 a little force of 12 men. It is gratifying to note the frequent and kindly references to these men and their work in the reports of the Home Mission Board and the Presbyteries and Synods. The Home Board in their Annual Report for 1902 quote the Rev. Dr. Holt, their Synodical missionary in Oregon: "We have 5 of these Sunday-school men in our Synod and regard their services as invaluable. It would be impossible to do our work without their aid." Similar testimony comes to the Board from Washington and Montana. The spiritual needs of the children of these regions are pressing. Our Synodical missionary in Montana writes: "All that many of the children know about God is simply what they gather from the 'swear words.' Through the labors of our missionaries the gospel has been carried into hundreds of new settlements that were on the down grade to practical heathenism."

Three Synods cover most of this great region, though a portion of Idaho is within the bounds of the Synod of Utah.

Looking southward from Montana we find a distinctively marked group of States in Wyoming, Colorado, Utah, Arizona, and New Mexico. Each of these States has its peculiar missionary features, presenting the strongest claims. The Mormon heresy and monstrosity is seemingly all powerful in the State of Utah, and in a less degree sways public opinion in widespread, adjoining regions. The Sabbathschool work of our Church is an effective weapon where it can be brought to bear against this delusion. The great Rocky Mountain region teems with mining industries, bringing a heterogeneous people into their fastnesses. Mexico presents many of the aspects of a foreign mission field, and Arizona is waking and putting on strength in its mining, commercial, and agricultural interests. Frontier life in its most arduous features is the one characteristic common to the whole region, and into it our work must penetrate, if the Christian standard is to be upheld now and in times to "The problem," writes one of the missionary come. brethren - Mr. Sellers - "is how to hold the ground and spiritualize the work. Our plans reach many a destitute locality, but too much dies behind us, necessitating a fresh start. Much of this is caused by having to cover the ground too hastily on account of largeness of territory; still more, from the class of teachers we have often to use. And all methods fail unless the pentecostal power is behind them."

Three Synods of our Church practically cover this field.

The wide-awake Sabbath-school missionary finds many a needy and inviting field of toil among the mountains, valleys, and sunny plains of this wonderland of the Pacific Coast. Great triumphs have been won for Christ during the past year, not easily, but as the result of great hardship, exposure, and tactful effort. The story of Tonopah, in Nevada, is an illustration. Here the missionary found a thriving but godless community, the few Christian families in it almost afraid to make themselves known as such. Preaching at a conspicuous street corner week after week he was long the butt of ridicule and practical jokes. But the word came home to sinners, the hearts of believers grew stronger, and at last a Sabbath school was gathered, enthusiasm kindled, a church organized, and a beautiful building erected.

Indian Territory,	Rev. W. E. Voss,	Cimarron.
	Rev. F. L. Benedict,	Cimarron.
	Mr. A. F. Romig,	Sequoyah.

In this vast tier of States lying almost due north and south from Texas to Canada, we had in 1902, and still have, a small corps of 20 missionaries, but while the number remains the same a few changes have been made in some of the assignments. The Synod of Indian Territory suffers by the loss of our representatives in Sequoyah and Oklahoma Presbyteries. Both of these are important and promising fields, and it is hoped will not long be vacant. Nebraska loses the Rev. E. F. Knickerbocker, who goes from Niobrara Presbytery to labor in the Synod of Indiana, but the work in Nebraska is reinforced by the appointment of Mr. J. B. Burke to the Presbytery of Box Butte. North Dakota and South Dakota each get an additional missionary.

The work of the Sabbath-school missionary has the same general features throughout this essentially agricultural region. The year under review was a prosperous one for all these States. North and South Dakota and Oklahoma

may be specially mentioned as advancing at a rapid rate in population and material resources. Probably over 70,000 new settlers entered North Dakota last spring, and Mr. Clapp, our Synodical missionary, estimates that there are now over 45,000 children and youth in the State who are not in the Sabbath school. The tendency away from Christian institutions is shown by many facts narrated by our missionaries. In one case an influential settler, representing capitalists, said, in answer to a proposal to purchase a building for a Sabbath school: "We have not time to fool with matters like that." Another person told the missionary that they had no use for Sabbath schools where he (the settler) lived, but if the missionary would open a dance hall he would be a welcome visitor. On the other hand, earnest and devoted work has found rich reward. Mr. Grant, our Synodical missionary in South Dakota, drove one night at a late hour into a farmer's enclosure and began to apologize for intruding upon his hospitality. The answer came: "You will always find a welcome here"—and the speaker pointed to & neat little chapel near by, and said: "That is the outcome of the Sunday school you gathered in this place six years ago: we then thought you persistent almost to rudeness, but we know better now." At Elkton, Kansas, the recent dedication of a church recalls a touching incident. Our Sabbathschool missionary had gathered a goodly number of people together and had proposed that they should proceed to organize a Sabbath school. One after another of the leading people opposed the movement on various grounds, and the missionary felt discouraged. It then occurred to him to take a standing vote on the question, to see how public sentiment stood. On the question being put, "Shall we organize a Sunday-school?" a number of children, sitting on the front seat, instantly rose to their feet, the rest of the audience remaining seated. This silent but prompt response from the children probably did more than any arguments would have done to disarm opposition. The school was organized.

and in due time also a church, followed by a church building.

It is difficult in a sentence or two to characterize, even remotely, this important group of Synods, with their northern

boundary in Canada and the upper lakes, and their southern in Louisiana—Arkansas being included in the Synod of Missouri. Both in geographical and commercial features they are exceedingly diversified, the vast lumber regions towards the lakes shading off into the wheat and corn regions of Iowa and Illinois, the bottom lands of Missouri, and the arid plains of Arkansas. From a missionary standpoint the demands of this region are almost without limit. It is the home of countless sects, especially towards the south, but the great evangelical denominations also find expansion and spiritual growth. Its teeming population readily responds to missionary effort and appeal. It is the home of mixed nationalities, in some wide regions the foreign element largely predominating.

In Minnesota our mission work has been very successful and has contributed largely to the growth of our Church The same may be said, in a less degree, of in that State. The preponderance of foreign races in Wisconsin has proved a bar in some respects to the growth of the Presbyterian feature of our work, which, however, is still sufficiently marked to attract attention. Missouri and Arkansas give a rich return of Sabbath schools, but in the immense region comprised in Ozark Presbytery, on both sides of the State line, very few of the schools organized have sought affiliation with our Church. In the city and Presbytery of St. Louis, on the other hand, our missionary works along Presbyterian lines exclusively. Palmyra Presbytery has sustained a loss by the death of its Sabbath-school missionary, Mr. Meredith, but the field is too important to be allowed to remain long vacant. In Michigan our labors have, to a very large extent, enriched other denominations, partly, no doubt, owing to the inability of our Presbyteries to look after the schools; but substantial gains have, nevertheless, been brought to our own Church.

It would occupy too much space to give incidents from different parts of this extended field. We must content

ourselves with quoting a sentence from a recent communication from the Rev. Joseph Brown, our Synodical missionary in Wisconsin: "This work, like seed sown in the ground, takes time to develop and bring forth fruit. In many of my mission trips people come up and take me by the hand and tell of benefits received into their lives. This effort on the part of our Church to bring the children and youth to Christ is stamped with high Christian wisdom and much needed patriotism."

Dr. Humble, our Synodical missionary, states that there are a million or more mountaineers in the one hundred back counties, and he advocates sending and maintaining 30 Sabbath-school Missionaries among them, which could be done with a yearly outlay of \$20,000.

The labors of our missionaries have been attended with success, as will be seen by the details given below. Our work fits in most appropriately with that of the Women's Board of Home Missions, to the mutual advantage of each. The Sabbath school proves its adaptability to every class of people. Here in these mountains, as well as in the more populated towns of the plains, it brings the people together on a Christian level, and trains old as well as young in the knowledge and love of the Scriptures. It brings these isolated people into fellowship with the great body of Christians all over the land, broadens their sympathies, develops their true manhood, and leads them to Christ.

The work among the colored people of the South is carried on in the States of Virginia, North and South Carolina, Georgia, Alabama, Mississippi, and Tennessee. forms a bright chapter in the history of Presbyterian Sabbath-school missions. At the time of the reorganization of the Board in 1887, 1 colored missionary of this Board was laboring in North Carolina, and reported during that year the organization of 1 Sabbath school. In 1889 we planted missions in Virginia and North Carolina, and organized in that year in those States 13 schools. In the following year we extended our operations to South Carolina, and organized 54 colored schools. In 1895 we entered Georgia and in 1901 pushed forward into Alabama, Mississippi, and Tennessee. Birmingham Presbytery embraces our work among the negroes in Tennessee, and all our work in the two Gulf This Presbytery consists entirely of colored churches, the outgrowth of our work. Two missionaries are laboring in Alabama, 2 in Mississippi, 1 in Tennessee, 2 in Virginia, 1 in South Carolina, 2 in North Carolina, and 2 in Georgia, a total of 12 presbyterial missionaries besides Dr. Dillard, who has the supervision of the whole. We have been fortunate in our selection of these men, and our Church, under their zealous labors, has been greatly extended among the people of color. Dr. Dillard writes: "The colored missionaries are each planting from 12 to 15 Sabbath schools every year, and filling them with scholars from homes of poverty, ignorance, and vice. Many of the children and their parents have scarcely known the use of soap and water,

but we preach cleanliness as well as godliness. We are making Presbyterians, too, and building Presbyterian chapels."

SYNOPSIS BY SYNODS.

# THE SABBATH-SCHOOL MISSIONARY AS AN EVANGRLIST.

For the past fifteen years the Sabbath-school missionaries of our Church have been quietly but constantly carrying forward a great evangelistic movement. The Sabbathschool missionary goes into the far-off, spiritually destitute settlements of our vast frontier with words of peace, hope, and salvation, and with a brotherly hand and warm heart to "preach the gospel to the poor," and "to proclaim the acceptable year of the Lord." He is not the less an evangelist because his first and immediate quest is for the children and youth. But besides this he finds that by calling the people in a given town or district to an evangelistic meeting he prepares the ground for the planting of his Sabbath school. Thus it came to pass that during the year 1902 the missionaries of our Board held or participated in no less than 3,307 evangelistic services. Thousands of persons date their Christian life from these meetings.

# SUMMARY OF MISSIONARY WORK.

The annual table, showing various items of missionary work, gathered from the Monthly Reports of the missionaries and arranged by Synods and States, will be found on It will be seen that the number of schools organized or reorganized during the past year is greatly in excess of the preceding year, being no fewer than 1,410, of which 1,047 were new organizations and 363 reorganizations. these schools were gathered 4,876 teachers and 44,623 scholars. a total membership of 49,499. The number of Sabbath schools visited was 4,899, of families visited 113,943, and of public addresses delivered by the missionaries 16,595. Of tracts and periodicals 1,571,778 pages were distributed by the missionaries, and 6,706,234 pages in grants to needy schools by the Missionary Committee. Of volumes 3,735 were given away by the missionaries and 11,510 distributed by grants-total, 15,245 volumes. Of Bibles and Testaments 4,508 were distributed, and 422 volumes were sold by the missionaries. 1,704 cases of hopeful conversion came under observation, and the missionaries in the performance of their varied duties during the year traveled 793,812 miles.

### EDUCATIONAL WORK OF THE DEPARTMENT.

This has been carried on during the past year along the following lines: Membership; Additions to the Church; Offerings of our Sabbath schools; Doctrinal Instruction; Teacher Training; Graded Lessons; Sabbath-school Statistics.

MEMBERSHIP.—As reported in the Minutes of the last General Assembly the total membership of our Sabbath schools, including the Home Departments, was 1,138,430, of whom 1,078,807 were officers, teachers, and scholars in the schools proper, while 59,623 were members of the Home Department. These figures show a gain of over 17,000 mem-

bers over those of the preceding year, including Home Departments, and a gain of over 8,800 in those attending the school sessions. During the last few years there have been great fluctuations in all denominations, as well as in our own, in Sabbath-school membership. There is encouragement in the fact that since the first publication of the Sabbath-school Statistics in the General Assembly Minutes in 1884 there has been a net gain in the Sabbath-school enrollment of our Church of over 397,000. The Department has assiduously labored to stimulate Presbyterian Sabbath schools to increase their membership by issuing circulars, leaflets, appeals; by calling upon every Sabbath school to report the exact condition of its membership; and especially the number of officers and teachers lost during the year. To encourage efforts to bring up the membership is the purpose of the second great festival of our Sabbath schools, namely, Rally Day. The Department to its utmost has striven to lead every Sabbath school to bring together all members as soon as practicable after the summer vacation, which is one of the occasions of great losses in the Sabbath school. effort is also accompanied by another to induce every Sabbath school to begin its autumn work with a strenuous campaign for new scholars. Nearly two thousand of our schools, according to reports, have responded to these efforts. General Assembly might well call upon its other six thousand schools to join in this most important enterprise.

ADDITIONS TO THE CHURCH.—Reports published in the last Minutes show that there were received from the Sabbath schools into the full communion of the Church last year, 39,398, an increase of over 10,000 above the number received during the preceding year. It is here that we derive our greatest encouragement. The total number received from the Sabbath schools into full membership of the Church since the first publication of the Reports in the Minutes in 1884 is 546,668; an average of over 28,700 each

year. It is incontrovertible that the larger portion of the Church to-day, including its ministers, elders, deacons, and almost all the faithful and aggressive members, came into the Church through the portals of the Sabbath school. This is a satisfactory answer to much of the fault finding against the Sabbath school and an incentive to emphasize in all its work the great purpose of the Sabbath school—the bringing of the scholars to Christ and their upbuilding in Christ. The Department has labored to advance the evangelistic features of the Sabbath-school work and to carry out the recommendation of the last General Assembly concerning Decision Days, emphasizing that the chief benefit of these is that they bring back the officers and teachers to their one supreme object.

offerings of our Sabbath schools to our Boards during the year last reported was \$198,435, while the total amount given in 1884 to our Boards was \$86,451. This is a gain in the right direction, but the same reports show that in the year closing April, 1902, the Sabbath schools contributed toward their own support, \$479,221. If the General Assembly could bring the churches to support financially their own Sabbath schools as the State supports its own schools, and thus relieve the Sabbath schools of the responsibility for their own expenses, it would not be impossible to turn the most of this \$479,000 now given by the schools towards their own support, to the great Missionary and Benevolent Boards of the Church, thus bringing their offerings to these Boards towards \$700,000 a year.

CHILDREN'S DAY AND RALLY DAY.—To the celebration of these great festal days a large proportion of the offerings to Presbyterian Sabbath-school Missions is to be credited. From these two festivals last year the amount received by this Board was in excess of \$60,000. The total amount re-

ceived from these festivals since the beginning of their offerings in 1887 is over \$600,000.

Perhaps few realize to what extent Presbyterian Sabbath-school Missions depend upon the offerings of Children's Day and of Rally Day. If these offerings ceased this Board would be compelled to withdraw one-half of our Sabbathschool missionaries from the field. It would not be impossible through the larger gifts coming from this day's celebration to increase our missionary force by the addition of 25 per cent to its present number of 110 Sabbath-school missionaries.

The Board has made a new departure this year in the matter of the principal program for the Children's Day Service. The preparation of this program has been placed in charge of a special Committee of the Board, its distinctive feature being the furnishing of a number of hymns and tunes from which each school can make its own selection, the general order of service being the same for all the schools.

It is with sincere gratitude to God that we record the steady progress and enlargement of the income from benevolent sources, this Board showing a steady gain year by year from 1899 to the present time. But while it has happened that both of these annual festivals have been turned to great pecuniary account for the benefit of our Sabbath-school Misisonary Fund, that does not make their primary object one whit less important; the primary object of Children's Day being the bringing before our people "the vital topics of the Christian nurture and conversion of the young."

DOCTRINAL INSTRUCTION.—The instruction of the Church's youth in the fundamental truths of the Bible and of the Reformed Faith is one of the vital interests for which this Board has stood in all its history. Upon this it has insisted in all its publications and in all its organized work. The Board has endeavored to educate parents and Sabbath-school workers in teaching the Shorter Catechism to the

children. It requests annually from every Sabbath school a report concerning the teaching of this form of sound words, nor have its labors been in vain. In 1884, the year of the beginning of the reports, the number of Sabbath schools reported as teaching the Shorter Catechism was 2,567; in 1902 the number was 3,758, a gain of 1,191 in those years, and a gain of 59 over the year preceding. Since its reorganization in 1887, the Board has presented to Sabbath-school scholars for reciting the Shorter Catechism 23,869 Bibles. In so doing the Board has received the universal endorsement of the Church, and the offer is continued.

The number of Bibles awarded last year for proficiency in reciting the Catechism was 1,028.

TEACHER TRAINING.—Within two years the Board has inaugurated a successful movement for the more thorough preparation of Sabbath-school teachers. The object of the movement is two-fold: the training of teachers for the Sabbath school and the promotion of broader Bible study by those of our young people who are intelligent and studious. The method peculiar to the movement is that of organizing and conducting a Normal Department in every Sabbath school, not as a separate institution, but as an integral part of the school itself, meeting at the same time and place as the school, joining in the opening and closing worship of the school, and composed of the more earnest and aspiring young people of the school. The number of Normal Departments thus organized, as far as can be ascertained, is about 1,000, with about 15,000 members. We have assurances that the Board has rendered a valuable service, not only to our own Church, but to the Sabbath-school world in general by devising and carrying to success the Normal Department movement, and by furnishing it with the Westminster Normal Quarterly, containing a course of Bible lessons adapted to the highest grade.

The work of the Sabbath school is the work of the

١

teacher teaching the Bible, and the question—How is the teacher to be instructed and trained for this work—is the most difficult and vital of all Sabbath-school questions. The Board, in this movement, is striving to answer this question to the satisfaction of the Church. It only remains for the ministers and leaders of our Sabbath schools to know their opportunity and to coöperate with the movement to make its success co-extensive with the Presbyterian Church.

that this Board rigidly insists upon one course of lessons for all grades in our Sabbath schools. The supposition is without foundation. The Board does, indeed, follow the International System of uniform lessons, but that system itself provides two courses of lessons—one, the regular International Lesson, the other, a course which may be substituted for the International Lessons in the Primary Departments. In addition to these two, the Board offers to all Sabbath schools two other courses of Bible Lessons. The Board's Lesson system includes:

- I. Lessons upon the Scripture selections of the regular International Course.
- II. Lessons upon the Beginners' Course for little children and also for all Primary Departments that prefer them to the International Lessons.
- III. The Westminster System of Graded Supplemental Lessons, providing passages of Scripture; selections of hymns; geographical, historical and doctrinal catechisms; and other material to be memorized and mastered.

This graded Supplemental System, as the name implies, is to be taught in addition to the other lessons listed under headings I and II, and covers a period of thirteen years.

IV. The Normal Course of Lessons, as already stated. The Board offers this not only as a course for those desiring to prepare themselves for teaching in the Sabbath schools,

but also as a course for those desiring a system of advanced Bible Lessons.

Our Board seeks to provide for all Sabbath schools a system, or a combination of systems, of graded Bible Lessons sufficient for all present practical demands.

PRIMARY DEPARTMENT WORK.—Increased interest has been manifested in the religious training of the younger scholars in all of our schools. Since the adoption by the Board of the Graded Supplemental Lessons, new departments have been formed, and scholars have been greatly encouraged to study the Supplemental Lessons. In many of our schools Promotion Services have become a very interesting feature of the Anniversary or Children's Day. The Cradle Roll is proving effective, and from the Primary Department is being formed the Beginners' and the Junior Departments, where once it was thought impossible to, properly grade the younger children. Primary teachers are testifying to the fact that they are doing better work than formerly, because their scholars are of even grade.

Superintendents have met this need by using unoccupied portions of the church building, and where schools were obliged to meet in one room, they have learned the value of the "curtained corner," where some measure of privacy has been secured for the Beginners' and Primary grades. One of our largest Presbyteries reports more than one-half of its schools as having started the Cradle Roll.

Our Board has met the wants of these new Departments by publishing everything needful to fully equip them for their work. Helpful material for the Cradle Roll, Beginners', Primary, and Junior Departments can be found at all the Depositories of the Board.

#### GRANTS.

The net value of the grants of books, tracts, and periodicals made by the Missionary Committee or distributed by the Sabbath-school missionaries during the past year was

\$7,204.64 and the total net value of all the literature gratuitously distributed, including the Bibles awarded for the recitation of the Shorter Catechism, was \$8,184.89.

The missionaries distributed 65 barrels and boxes of clothing, generously contributed by women's societies, churches, Sabbath schools, and individuals for the aid of needy adults and children. A low estimate places the value of these gifts at \$2,585,29,

# ACKNOWLEDGMENTS.

To the American Bible Society the thanks of the Board, and especially of this Department, are again given. During another year that Society has promptly responded to all requests for Bibles and Testaments to be gratuitously distributed by our missionaries. In so doing it has greatly assisted our labors.

To the Secretaries of the Board of Home Missions, and to the Synodical and other missionaries of that Board, our special thanks are due for their untiring and most valuable coöperation.

To the Synodical and Presbyterial Committees on Publication and Sabbath-school Work, which have faithfully aided in many ways the work of this Department, grateful acknowledgments are tendered.

FOR EXPENSES OTHER THAN ADMINISTRATIVE:	
I. Directed by General Assembly:  Committee on Distribution of Literature	
through Children's Day, Rally Day, and by regular church offerings:  a. Children's Day exercises, collection boxes, etc., including cost of distribution, clerical, and other assistance	14,037 33

In connection with the above statement it should be noted:

1. That the expenditures for the actual field work, support of missionaries, grants, etc., are \$20,399.54 in excess of the amount expended for this purpose last year, while the cost of administration and other expenses are \$2,600.06 less

\$148,502.34

than last year, furnishing ample proof of the statement which this Board has often made, namely, that a larger income could be disbursed, and a more extensive work performed without any material increase in the cost of administration.

- 2. That the amount expended for missionary work was \$2,141.65 more than was received in offerings from churches, Sabbath schools, and individuals.
- 3. That the cost of communicating information, and the expenses of stimulating the offerings of churches through regular collections and of Sabbath schools on Children's Day and Rally Day, were \$2,312.50 less than last year, while the receipts from offerings show an increase of \$5,617.04.

## **PERIODICALS**

A few words of description will explain the character and purpose of each of our periodicals.

#### LESSON HELPS

The Westminster Teacher is a monthly magazine for teachers and officers of Sabbath schools, used also in many adult classes. It contains full and varied expositions of the International Bible Lessons. Prof. John D. Davis, D. D., LL. D., of Princeton Theological Seminary, has written the Critical Notes during the year; the Rev. E. Morris Fergusson, of Trenton, N. J.; Prof. Amos. R. Wells, A. M.; Mr. Israel P. Black, and Miss Marion Thomas have also furnished, week by week, departments of the lesson work. The Editor has written as now for more than twenty years the "Application of the Lesson." This magazine is published in octavo form, each number containing from 48 to 60 pages, with cover. Price, single copy, by mail, per annum, 60 cents; school subscriptions to one address, 50 cents per copy.

The Westminster Senior Quarterly is prepared for older scholars, and is used also in adult classes. Much of the work on this Quarterly has been done the past year by Mr. Horace Churchman. Each number of this Quarterly contains full lesson work for three months, with Orders of Service, Maps, Bible Dictionary, and other valuable matter. Each number contains 42 pages. Its large circulation attests its great popularity. Though so large and full, the price is so low as to

bring this Quarterly within the reach of all. School subscriptions to one address, 12 cents a year; single copies, 20 cents.

The Westminster Intermediate Quarterly is designed for scholars of intermediate grade. It contains full lesson text, with notes, questions, and practical teachings. In it are found, also, Maps, Orders of Service, and Bible Dictionary, the same as in The Senior Quarterly. It is the same size, too, as the Senior, each number containing 42 pages, and is furnished at the same low rate. School subscriptions to one address, 12 cents a year; single copies, 20 cents.

The Home Department Quarterly is prepared for the use of those who, though unable to attend the sessions of the Sabbath school, yet desire to study the lesson, week by week. It contains, also, in each number, a series of brief readings for the thirteen Sabbaths. This department of Sabbath-school work is continually extending among the churches, and the demand for the Quarterly is increasing. The Home Department Quarterly is the same in size and price as the Senior—12 cents a year for school subscriptions to one address; 20 cents for single copies separately mailed.

The Westminster Junior Quarterly is prepared for younger children in the Junior Department. It continues to grow in favor. School subscriptions to one address, 12 cents a year; single copies, 20 cents.

The Westminster Primary Quarterly is for the little folks of the youngest grade. It contains explanations of the lessons, with hymns and music, and is beautifully illustrated. The popularity of this Quarterly has increased since its beginning. It contains 38 pages, and is issued at the same price as the other Quarterlies. School subscriptions to one address, 12 cents a year; single copy, mailed separately, 20 cents.

The Westminster Normal Quarterly is the latest addition to our list of Quarterlies. It is designed for use by those

preparing to be teachers. It contains not only Bible lessons, studies covering large sections of the Scriptures, but also lessons in pedagogics, intended to advance the teachers in practical methods. *The Normal Quarterly* contains usually about 60 pages in each number. It is prepared by James A. Worden, D. D., LL. D. Price, single number, 40 cents per year; school subscriptions, 24 cents.

The Westminster Lesson Leaf is prepared with special reference to intermediate and younger scholars. It is issued monthly, but it is so prepared that, if desired, the leaves can be separated and distributed to scholars weekly. Each leaf contains one lesson complete, with Scripture, Golden Text, Catechism, Notes on the Lesson, Questions, and Practical Teachings. School subscriptions to one address, 5 cents a year.

The Westminster Junior Lessons is a neat leaf adapted to the little people of the Junior Department. Illustrated. It is issued weekly in the same form and at the same price as The Westminster Lesson Leaf.

The Westminster Lesson Card contains a brightly-colored lithographic picture, illustrating the lesson of the day, with Lesson Title, Golden Text, Lesson Hymn, Lesson Story, and Questions. It is adapted in grade to younger children and to primary classes. The price for school subscriptions to one address is 10 cents a year. Single sets, 20 cents a year.

The Bible Roll. Lesson pictures, the same as those on the Lesson Cards, but greatly enlarged, prepared as wall roll for Primary Department. Price, \$3.00 per year; 75 cents per quarter.

#### ILLUSTRATED PAPERS

Forward is designed especially for young people in Intermediate and Senior grades, and is adapted for reading in the home and by young people in general. Every effort is made to produce a paper of the highest class, filled every week

with the fittest things for its readers. The best writers for the young in all the country furnish contributions, and from persons of all ages we receive continually the most cordial and appreciative words. While intended primarily for the older classes in Sabbath schools, Forward is adapted also for young people in the home and everywhere. It has a Christian Endeavor Department with terse notes on the weekly topics and many articles on the work of Christian Endeavor societies. The circulation still continues to increase. The low price at which Forward is furnished brings it within the reach of all. In clubs it costs less than one cent a number. School subscriptions mailed in packages to one address, 50 cents a year; single subscriptions mailed separately, 75 cents a year.

The Sabbath-School Visitor is the oldest of the periodicals of the Board. It is adapted to a younger class of readers than Forward. It is an illustrated four-page paper, each number containing attractive and interesting matter. It is published weekly, but may be taken once or twice a month, if preferred. Single subscriptions, per year, weekly, 50 cents; fortnightly, 30 cents; monthly, 20 cents. School subscriptions to one address, per year, weekly, 30 cents; fortnightly, 16 cents; monthly, 8 cents.

The Morning Star is issued to meet the demand in some schools for a paper at small cost. It is of the same quality, grade, and style as The Visitor, but it is only half its size. It is issued every week, but may be taken once or twice a month, as desired. Single subscriptions, per year, weekly, 25 cents; fortnightly, 15 cents; monthly, 10 cents; school subscriptions to one address, per year, weekly 15 cents; fortnightly, 8 cents; monthly, 4 cents.

Sunbeam is a four-page weekly illustrated paper for very little people. It is attractive not only in its appearance, but also in its contents. No subscriptions are taken for less than one month. Single subscriptions, 30 cents a year. School subscriptions to one address, 20 cents a year for each scholar.

## BUSINESS DEPARTMENT.

This Department conducts all the business operations of the Board. Of these the most important are, first, the manufacture of books, tracts, and periodicals; and, secondly, the placing of the publications on the market.

#### PUBLICATIONS.

According to the statement on page 52, there have been published during the year 1,851,347 copies of books and tracts, and 45,692,191 copies of periodicals, which, together with 7,800 copies of the Annual Report,\* make an aggregate of 47,551,338 publications for the year.

## PLACING ON THE MARKET.

This work continues to be performed by means of the main store in Philadelphia, the Depositories in Chicago, New York, St. Louis, and San Francisco, and six other houses where the publications of the Board can be obtained.

The Depositories, which are owned and conducted by the Board, are as follows:

### DEPOSITORIES.

Chicago, Ill., 192 Michigan Avenue. New York, N. Y., C. W. Hippard, Manager, 156 Fifth Avenue. St. Louis, Mo., D. R. Williams, Manager, 1516 Locust Street. San Francisco, Cal., L. H. Cary, Manager, 23 Grant Avenue.

The other houses referred to are these:

Boston, Mass., H. D. Noyes & Co., 13½ Bromfield Street.
Cincinnati, Ohio, Western Tract Society, 420 Elm Street.
Pittsburg, Pa., Board of Colportage, 712 Penn Avenue.
Toronto, Ontario, Upper Canada Tract Society, 102 Yonge Street.
Winnipeg, Manitoba, Russell, Lang & Co., 504 Main Street.
London, England, Publication Committee Presbyterian Church of England, 14 Paternoster Square.

These houses, with the exception of the one in London, furnish all our publications at the Board's prices.

<sup>\*</sup>This refers to the number of copies of the Report for the year ending March 31, 1902.

Our periodicals are still further brought to the attention of churches and Sabbath schools by advertising in Sabbath-school and other papers, and by circulars addressed to pastors and Sabbath-school superintendents. Our mission-aries also bring all classes of our publications to the notice of those who dwell in missionary districts.

#### SALES.

The sales for the year in books and tracts were \$242,621.28. This amount, as it includes credit sales, does not agree with the Treasurer's account, which account exhibits only cash received. The Treasurer's account includes cash received for the sales of the current year, and also cash received for the credit sales of preceding years.

The amount received during the year for the sale of periodicals was \$315,368.53.

The aggregate of the preceding sales includes not only the ordinary sales of the main house, and of the depositories and other houses, but all sales made to the Sabbath-school and Missionary Department.\*

## NET PROFITS.

The net profits of the year were \$29,514.13. Of this sum two-thirds, or \$19,676.09, have been placed to the credit of the Sabbath-school and Missionary Fund, in accordance with the direction of the General Assembly. The remaining third, or \$9,838.04, has been added to the capital.

#### CAPITAL.

This, at the beginning of the year, according to the balance-sheet of the last report, was \$230,347.80. In consequence of the addition of one-third of the profits of the year, or \$9,838.04, the capital is now reported as \$240,185.84.

<sup>\*</sup>The Business Department sells all its publications to the Sabbathschool and Missionary Department at "the highest rate of discount allowed on the same class of publications to the most favored branch houses in this country"; the missionaries are required to sell for cash only.

### THIRTY-THIRD ANNUAL REPORT

OF THE

# Board of the Church Erection Fund.

To the General Assembly of the Presbyterian Church in the United States of America:

With grateful acknowledgment of the divine blessing, the Board of the Church Erection Fund presents its thirty-third\* annual report as follows:

First of all, it is called upon to record with deep sorrow the loss of one of its most valued members, the Rev. Charles T. Haley, D. D., who for twenty years has given wise counsel and faithful service to this work in which he was greatly interested. His death occurred upon the fifteenth of March of the present year.

The following minute placed upon the records of the Board expresses its high appreciation of his character and services:

"Having learned with deepest sorrow of the death of the Rev. Charles T. Haley, D. D., who for twenty years has been one of our most faithful, efficient and well beloved members, the Board of Church Erection enters upon its minutes this tribute to his memory and this expression of appreciation alike of the man, his worth and his work.

"Dr. Haley was amiable in disposition; sound in judgment; wise in counsel; efficient in action; prompt and regular in attendance upon Board meetings, and combined in a wonderful degree

a practical common sense and a peculiar business tact,

"Capable of exercising the tenderest sympathy and the sweetest affection, he gave to his friends the wealth of his fully endowed and grace developed nature. He honored our Board by bringing it within the charmed circle of his friends. He loved this Board, believed in its work, never refused to bear its burdens, but was glad to spend and be spent in its behalf. We mourn our loss, we joy in his gain. But in our sorrow we would not be unmindful of others to whom this dispensation appeals most tenderly; hence we assure the Roseville Church of our heartfelt sympathy

<sup>\*</sup>The work was inaugurated by the General Assembly [O. S.] in 1844; the Board [N. S.] was incorporated in 1855; the two Boards were united in 1870, from which year this present report numbers.

in the great loss they have sustained by the removal of a Pastor who has served them in his first and only charge for a term of forty-two years, during which prolonged period the interests of his church were ever dearer to him than his own life.

"We would also venture to commend most tenderly and lovingly to God and the Word of his grace the bereaved sister upon whom the burden of this great affliction rests most heavily. Since she knows whom she hath believed, we pray that the full persuasion of our common Master's ability to keep that which she has so lovingly committed unto Him, may bring a sweet peace to her soul, despite the present desolation of her home and her heart."

### APPLICATIONS.

The advance in church building, which was so manifest in the preceding year, still continues. In the report a year ago, it was stated that the applications in number and in the amount desired were larger than for any one of the ten years immediately preceding. That large demand has, however, been exceeded during the year now to be reported, for while the total number of applications in all departments was less by nine, the amount asked was \$14,573 greater. The applications numbered 268 and the aggregate amount was \$246,626.50.

It is gratifying both as indicating a growing desire upon the part of the churches to bear their own burdens, and also an ability to do so that the increase in the demand has been for loans and not for grants.

Of the 268 applications above mentioned 150 were to the General Fund, 131 being for grants, 15 for loans and four for both grants and loans; 29 were for loans from the Loan Fund; 64 for loans and four for grants from the Manse Fund; 21 for loans for manses from the Raynold's Fund, and one for a grant from the Barber Fund for colored churches. The distinction between these different funds will be further explained under the report of appropriations. It is apparent, however, that the advance of the Church still continues and that the need of responding to the calls for aid from our infant churches upon missionary ground shows so sign of abatement.

### RESOURCES.

As the work of the Board is divided into several distinct departments, a discrimination which will be given below in detail must be noted in tabulating the resources by which it is supported.

Its General Fund from which all grants and loans without interest are made, represents the more purely missionary department of the Board. To this fund go all the contributions from the churches, unless otherwise especially designated. It is encouraging to note that the contributions from the churches slightly exceed the total of last year, and also that a few more congregations have responded; but an advance of \$2,730 in amount and 92 in number is not such as to afford the satisfaction which a more general recognition of the needs of the work would afford. To this department are also assigned all general bequests, the income derived from invested funds not specially indicated, and all sums returned by churches from former appropriations from the Fund.

The income of the Barber and the Gilchrist Funds, the former

for the benefit of colored churches and the latter for churches within the Presbytery of Boston, is derived from special sources which will be explained later.

The Church Loan Fund, the Manse Fund and the Raynold's Fund which are distributed in loans among the churches, derive their available resources from the interest upon the portions invested and from the installments annually returned in the repayment of previous loans.

The Buell bequest to be used in fields otherwise unchurched and the Van Meter fund, the revenue of which is to be granted within West Jersey Presbytery, were received this year and have not yet been drawn upon.

### APPROPRIATIONS.

1. The General Fund.—This Fund represents more specifically than any other, the form of missionary work which the Board was organized to accomplish. As a systematic method of aiding young churches it was first organized by the General Assembly of 1844. The contributions of churches are all devoted to the General Fund and are annually redistributed in the form of actual grants or small loans without interest to churches which may properly be called feeble and which usually are in their infancy.

From this Fund, during the past year, 134 appropriations have been made to 131 different churches aggregating in amount \$76,702; a result both in the number of churches and in amount considerably smaller than in the year previous, which was far beyond the average. It would seem, as will appear later, that more churches than in former years are turning to the Loan Fund in preference to asking for grants. Of the above appropriations 117 were grants to the amount of \$69,252, and 17 were loans aggregating \$7,450, but as in three instances grants and loans were made to the same church, the number of different congregations aided was as stated above, 131.

In addition special gifts aggregating \$1,066.94 have been sent through the Board to 8 churches, of which five are not included in the above statement. The total outcome from the General Fund is therefore 136 churchles aided to the extent of \$77,768.94.

When money is *loaned* from this fund, it is repaid without interest in a certain stated annual contribution, for which the

Church receives a double credit—it being accounted both as installment and contribution.

The average amount of the grants was \$591.04, and of the loans \$438.23, and of all appropriations, including grant and loans, \$585.51.

2. The Loan Fund.—This fund which consists of permanent funds received through bequests and special gifts held in trust to be invested so that the ensuing income may be used in the general missionary work of the Board, is, by permission of the Assembly, distributed in loans to churches which are not properly subjects for actual grants, they being able to erect their edifices from their own resources provided a portion of the expense can be distributed over a number of years. To such churches loans are made to be returned with a low rate of interest in annual installments running not over ten years. The table upon the following page gives the details of the use of this fund during the eleven years since the Assembly authorized such action.

During the past year 24 loans were promised, aggregating \$71,700, a sum much larger than in any previous year, and larger indeed than the conditions of the fund will ordinarily permit, but which was made possible because during several preceding years the demand was below the annual allottment. It will be seen that the average amount of these loans was a little less than \$3,000.

3. The Manse Fund.—The value of this fund to our churches has been so thoroughly demonstrated during the seventeen years since by the generosity of Christian women it was inaugurated, that it is unnecessary further to emphasize it. A home for the minister's family is well nigh as essential as a home for the church, and this is especially true in the case of young congregations in newly settled towns and villages where houses are not built to be rented.

The applications to this fund have steadily increased, although this year slightly smaller than during the year before. The number of churches, however, to which appropriations were made was exactly the same.

There were 56 loans aggregating \$26,025 and four grants to the amount of \$882.50, but as one church received both loan and grant the number of churches aided was 59. These loans are to be repaid without interest in installments, running through from three to five years. Usually the amount of installment is less than would be the annual rental otherwise necessary.

- 4. The Raynolds Fund.—From this fund loans are also made to aid in the building of manses, but under conditions permitting of larger amounts and a longer term of years for repayment. By the terms of the bequest upon which it is founded, interest at a low rate is charged. The fund, in fact, bears very much the same relation to the original Manse Fund that our Loan Fund for churches does to the General Fund from which grants are made. There have been promised 20 loans aggregating \$18,100.
- 5. The Barber Fund.—From this fund, which is to be used specifically for congregations of colored people not under the charge of the Board of Missions for Freedmen, there has been one grant of \$800. Attention may with propriety be especially called to this fund. There are in almost all of our cities and in many of the larger towns at the North, congregations of colored people connected with our Church who must be in some way provided for. In many cases they meet only in halls or hired edifices. There may be cases where they would be encouraged to make a special effort to secure a church home for the congregation or a manse for the pastor were they aware of this liberal provision for their assistance.

### SUMMARY.

Summing up the work of the different departments we find, that while the total does not quite equal the phenomenal advance made in the preceding year, it is yet much above the average of the last decade.

The total number of appropriations, either grants or loans, was 239 to 228 different churches, and the amount thus appropriated, was \$194,209.50, which is less than last year by 23 in the number of churches and \$8,059.50 in amount. Adding special gifts amounting to \$1,066.94 to 8 churches, of which 5 were not otherwise aided, we have as a total result \$195,276.44 appropriated to 233 churches. These appropriations have been distributed through 39 States and Territories, including Porto Rico and among 118 Presbyteries.

During the year there have been reported as completed without debt 221 churches and manses, the aggregate value of which is computed as not less than \$886,902. The total receipts in all departments were \$228,109.71 and the disbursements \$226,240.79. The alphabetical and synodical tables appended to the report

present the results in statistical form, and the map gives a bird's eye view of the distribution in the different sections of the country.

### THE RESULTS OF CHURCH ERECTION.

In order to recognize how large a part this organized work of Church Erection has borne in the advance of our Presbyterian Church, it is well each year to sum up the total of the contributions and disbursements for this purpose, and to note the number of churches which have been thus fostered. Doing so, we have every reason to see that the forecast of the Assembly's committee which first reported the plan has been abundantly justified. Referring to the considerable sums always given in an unsystematic way that committee added. "It may reasonably be concluded that much more could be willingly given on some well digested system of operation."

Upon the following page will be found a table indicating the results by States. The amounts named indicate appropriations and thus somewhat exceed the sums actually disbursed, for a certain number of churches from one cause or another annually fail to call for the grants allotted to them. Nor can it be assumed that the total number of churches which have been thus assisted have had a permanent life. In such a far-reaching missionary work as our Church has been permitted to carry forward, it is inevitable that many congregations gathered under what appear to be promising auspices, must nevertheless sooner or later be dissolved. This may result from the failure of the town itself to survive, from the collapse of its prominent industry, from the changed character of its population or from many other causes, but such outcome cannot be foreseen and affords no just reason for failing to establish a center of gospel influence. While the church remained it was a beacon of light, and its beneficent influence even though temporary was abundantly worth the outlay.

### THE BOARD'S MANY-SIDED ACTIVITY.

When it was first determined that the Church should devise a more systematic way of aiding infant congregations in securing places of worship, the agency established was very simple and its functions far from complex.

<sup>\*</sup>In comparing the number of appropriations with the number of churches still upon the roll which have been aided, it should be noted, as appears in the columns of payments, that about 5 per cent. do not call for their appropriations, that about the ame number have received more than one appropriation, and that others from one cause or another are either dissolved or consolidated, the actual average increase in the number of churches upon the roll of the Assembly being about 65 per cent. of the number reported as organized.

Previous to 1870 the Board of Church Extension (0. 8.) did not secure its grants, numbering 1422 and amounting to \$518,780, by mortgages. Since then mortgages have been taken securing all appropriations. Of these about 20 per cent. have been canceled either by repayments or recoveries. The Board now holds approximately 4500 mortgages aggregating 2,800,000.

The Assembly simply directed the Board of Home Missions to "appoint a committee on Church Extension, consisting of five persons, who shall have charge of appropriating the monies which may be received for this purpose."

As the work grew it was found necessary to substitute an organized Board for this simple committee. In this regard similar action was taken by both branches of the Church, and at the reunion the work which had become already more complicated as it had enlarged was consolidated in the Board as it now exists. Since the reunion the sphere of the Board has been even more rapidly extended, so that now it may, with truth, be said that it not only acts as the intermediary between the contributing sources and the recipient, but also to some extent exercises the functions of an investment society, a trust company, an insurance agency and an architectural adviser.

At the present time in addition to the funds invested in the ordinary business ways and other funds subject to life annuities to the donors which, like several others of the Boards, it holds, it has three loan funds from which and from its General Fund loans to the amount of nearly \$400,000 are distributed among more than 550 different churches. In addition, the Board, by a wise provision of the Assembly, holds a mortgage upon every church to which a grant has been made. As a result, at the present time the Board holds approximately 4,500 such mortgages, aggregating \$2,600,000, and as for one reason or another, usually quite justifiable, a certain percentage of these churches fail to survive, the care of these contingent interests is a part of the Board's work which calls for constant watchful care.

If in addition it is remembered that insurance against fire is held by the Board upon every property which it has aided, either by grant or loan, the complex and many sided character of the Board's work will be more clearly appreciated.

As against the very considerable (probably 50 per cent.) added expense in maintaining these departments of the Board's activity, it may be stated that through them there is annually recovered by the Board an amount which otherwise would have been lost, which not only fully balances the additional expenditures. but very nearly meets all the cost of administration.

#### MISAPPREHENSIONS.

As the character of certain applications which from time to time reach the Board seems to indicate serious misapprehensions as to its allotted and proper work, it appears proper to state the Board's understanding of its sphere, so that if it be in error it may be corrected.

As the charter of the Board expressly specifies that it is incorporated "for the purpose of aiding feeble congregations in the erection of houses of worship," and as the Assembly has frequently reminded the Board that it is to consider primarily "weak congregations erecting inexpensive buildings," it has not considered that churches able in their own strength to erect entirely adequate buildings were proper subjects to be recipients of grants of money from the Church at large. Yet applications not infrequently are presented to the Board from congregations proposing to erect buildings at an expense of from \$10,000 to \$20,000, urging that in view of the importance of their fields, the Board should contribute from \$1,000 to \$2,000 to the enterprise. This seems to involve the misapprehension that it is within the sphere of the Board to increase by a grant an already adequate subscription in order that the edifice may be made still larger or more attractive.

The Board does not so understand the trust committed to it. Moreover were such grants theoretically admissible, they would still be impracticable owing to the insufficiency of the General Fund from which alone actual grants can be made. This fund is every year entirely exhausted in responding to the applications of truly feeble and usually home missionary congregations struggling to secure church homes costing from \$1,500 to \$4,000; claims which the Board has always understood to be in the view of the Assembly, paramount.

From the Loan Fund of the Board adequate assistance can usually be given to stronger and more vigorous churches.

It may be added that such inadmissible applications as are above cited, seem usually to be the result of a church making contracts and involving itself in burdensome obligations before it has thoroughly canvassed its resources and properly estimated its strength.

#### THE COMING YEAR.

In the report a year ago, the Board called attention to the fact, that owing to the unprecedented demands of the year then closing it must commence the new year with an empty treasury, and it expressed an apprehension that unless the applications fell off in number or the contributions from the churches were materially increased, it would be difficult, if not impossible, to respond to all the calls made upon it. As a matter of fact while the total sum of applications has not been markedly smaller than in the previous year, a larger proportion have been to the Loan Funds, thus relieving the strain upon the General Fund. As a result the accounts this year close more favorably. Not only has the Board not refused any worthy application and does not close the year in debt, but has a small balance with which to face the coming months.

Yet it is still necessary again to appeal to the churches to remember their responsibility to the infant and feeble congregations which their Home Missionary Board under their direction is constantly organizing. New fields are opening in every direction. Alaska in the far northwest, is developing into a rich and fruitful empire, and off our southeast coast, Porto Rico and Cuba are gladly welcoming our American missionaries. In the meantime our great central and western States are becoming each year more populous and more promising in their social and religious condition. Scores of new and ambitious villages and towns are springing up into which the gospel must be carried if they are to become centres of Christian influence.

Our grand Home Missionary Board is straining every nerve and calling upon all its resources to prove our Church faithful to its traditions and loyal to its divine Master; but the foundations of these new and vigorous communities will not be firmly laid in righteousness and truth unless in addition to the preaching of the gospel there be planted and maintained permanent congregations of God's people, and not one of these can exert effectively its saving influence unless it is successful in providing an appropriate temple to God, a house in which to sound His praises, to offer the sacrifice of prayer and to preach the gospel of His Son.

It is this triumphant work that the Board of Church Erection would aid and it is for this that it asks of the congregations of

our advancing Church a support more in consonance with their growing wealth than has ever as yet been accorded.

ELECTION OF MEMBERS OF THE BOARD.

It only remains to add that the term of the following members of the Board expires at the present time:

MINISTERS.

ELDERS.

REV. DAVID R. FRAZER, D. D., HENRY T. BRONSON, REV. JOHN A. INGHAM, HEZEKIAH KING,

REV. DAVID MAGIE, D. D. WILLIAM H. PARSONS, JR.

It will devolve upon this Assembly to fill these vacancies, as also the vacancy in the same class occasioned by the death of the Rev. Charles T. Haley, D. D., and a vacancy in the class of 1904 caused by the resignation of the Rev. Nathaniel W. Conkling, D. D., who is absent from the country.

All of which is respectfully submitted.

DAVID MAGIE, .

ERSKINE N. WHITE,

President.

Corresponding Secretary.

# Report of the Standing Committee upon Church Erection.

Your standing committee on Church Erection respectfully reports:

We met promptly at 8.30 P. M., Saturday, May 23d. We organized by the election of the Rev. James G. Mason, Chairman, and Elder George H. Daniel, Clerk, and proceeded to business. We have carefully examined the records, the annual report and the work of the Board for the past year, and we have found all worthy of approval. This Board is strictly a business organization and controlled by business principles. The Church owes much, especially to the elders in its membership who are men of high business standing whose time is valuable, and your committee believes that special recognition of the service of these gentlemen should be given. They have given generously of their time in the direction of this work. The business character of the Board involves necessarily the preparation and execution of many legal papers, the examination of mortgages and other securities. Gratuitous service in this respect has been rendered by the counsel and associate counsel respectively for thirty and fifteen years. Otherwise this service would have cost the Board thousands of dollars.

The work of Church Erection touches the work of the Church at every point. Its importance cannot be exaggerated. Its support on the part of every congregation ought not to be secondary. It goes hand in hand with the work of Home Missions. As the ownership of the homestead by the individual is most vital to the interests of the home and social life, so is the ownership of the house of worship, and the manse, most vital to the growth and permanence of church work.

The usefulness of this Board is limited only by the amount of money which the congregations give each year for its use. Applications must be held up until the needed funds seek the Treasury. It is the fixed policy never to go in debt. It is therefore self-evident that if every congregation now giving will give more, and the many who have not yet recognized the claims of this work will make a new departure, the Board would do a much larger work.

The prinary and charter object of the Board is to aid the feebler congregations in erecting inexpensive houses of worship. If this is remembered, many apprehensions will be avoided. This Board was not organized to supplement large subscriptions for expensive edifices. But there is a loan fund which is available for the stronger congregations. There is an increased inclination to use this.

The aid loaned for the erection of manses is available for all. Some applications for this have been postponed because all the funds were already loaned. We would emphasize the advantage of the manse to the church. It is second only to the erection of houses of worship. The house for the preaching and the house for the pastor are but parts of the same need in every Presbyterian Congregation. The two constitute a substantial plant for carrying on the gospel business. The ownership of a manse is a great advantage to any congregation.

During the past year, the total number of appropriations, either as grants or loans, was 239 to 228 different churches, and the amount thus appropriated was \$194,209.50. Adding special gifts, we have a total result of \$195,276.44 to 233 churches. Some of these buildings are not yet finished and some parts of the appropriations are not yet paid. There have also been reported to the Board 221 churches and manses completed without debt. These are valued at \$886,902. These aided congregations are scattered over 39 states and territories, including Porto Rico. The total receipts of the Board from all sources amount to \$228,109.71.

A large part of the Board's work has been conservative. Some congregations, for various reasons, cease to exist. In such cases it is the duty of the Board to recover the money invested in these houses of worship, which can no longer be wisely used as places of worship. During the past year you may notice in the report that \$8,639.92 have been recovered. Also a part of the work of the Board is to secure insurance upon the churches aided. The Board is carrying now, in insurance policies, some three millions of dollars. This year the losses by fire have brought back into the Treasury \$5,385.

39. This part of the work is worthy of our special appreciation.

The Board's sources of supply are the General Fund, consisting of gifts from congregations and individuals, and interest upon invested funds; the Loan Funds made up of permanent funds received from bequests and special trust gifts invested; the Manse Fund; the Raynolds and the Barber Funds. The latter is for the use of congregations of colored people particularly in the North, and not under the care of the Board of Freedmen. This is available for the erection of houses of worship or manses for the use of colored churches.

The chief work of the Board is dependent upon the gifts of the congregation, but there has been no substantial advance in the support of this work during the past ten years, so far as contributions from the churches indicate. Yet, more churches are now in course of erection than for the past ten years. It is a lamentable fact that many congregations have given nothing to this Board, and some strong synods have received more than they have given, forgetting that "it is more blessed to give than to receive." The needs are enlarging. Our Church is moving on to meet the Christian needs of this great land.

A matter of fraternal interest has been referred by the Board to the Assembly. It is the request of the Presbyterian Church of St. Andrews Bay, Florida. The Board holds a mortgage of \$300 upon the property of this church. It is of ten years' standing. Because of the situation of this Church it has seemed wise to the Presbytery of East Florida to which it belonged to transfer it to the care of the Presbytery of Florida, connected with the Southern Presbyterian Assembly. This was in the interest of fraternal good will and interdenominational comity, and also to secure better oversight and support. The congregation is not strong and is unable to pay the mortgage. Our presbytery heartily endorses the request that the mortgage be cancelled. Your committee believes that it will be for the furtherance of the gospel to grant the request.

An overture from the Presbytery of Arizona, asking that the General Assembly modify the rules of the Board so that aid can be granted to congregations which cannot secure title to land in mining towns, or on government reservations. and also to missions among exceptional populations not as yet organized into churches.

Your committee believes this a matter of importance and that the Board should have some discretion to meet just such need, and with that in view bring it to the consideration of the Assembly.

The following recommendations are submitted to the Assemly for its action:

First: That the Assembly hereby gratefully recognizes the faithful services of the members of this Board, of the secretary and treasurer, and especially of the counsel and the associate counsel for many years caring for the invested interests, mortgages and insurance of property.

Second: That the minutes of the Board be approved.

Third: That we recommend anew this work to the confidence and support of the churches, and urge every congregation to make an offering to the treasury.

Fourth: We recommend that the Board have permission to release the mortgage of \$300.00 held upon the Presbyterian Church of St. Andrews Bay, Fla., which has been transferred to the care of the Southern Assembly.

Fifth: The committee recommends that in the case of grants to churches in mining towns and on government reservations, where it is impossible for the organization to obtain a title in fee-simple, the Board be permitted at its discretion to advance the money upon the receipt of a bond conditioned to give a first mortgage whenever said church shall be able to secure a title in fee-simple.

Sixtn: That the following members of the Board, Rev. D. R. Frazer, D.D., Rev. John A. Ingham, Rev. David Magie, D.D., and elders Henry T. Bronson, Hezekiah King, William H. Parsons, Jr., whose term of office expires at this time, be re-elected, and that Rev. William Russell Bennett, of the Presbytery of Morris and Orange, be elected to fill the place of Rev. Chas. T. Haley, D.D., deceased, and that the Rev. Duncan J. McMillan, D.D., of the Presbytery of New York, be elected to fill the place of Rev. N. W. Conkling, D.D., resigned.

All of which is respectfully submitted,

JAMES G. MASON, Chairman.

88 DESIGNS.

## DESIGNS.

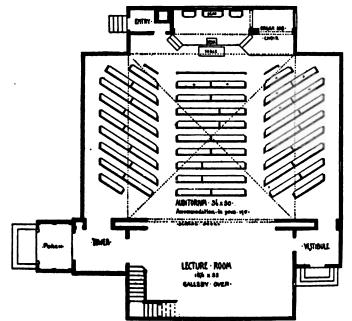

No. 10.

This very attractive chapel can be built for about \$1,500. It is 24 x 48 feet, and will seat 100 in the main room and 50 in the lecture room. There is also a small room for Bible-class, etc. The building is also particularly well adapted to form the chapel of a larger edifice to be erected in connection with it at a later date.

## No. 31.

Large Room, 36 x50. Small Room. 18½ x 30, with Gallery over it. Seats 300. Cost, \$5,800.

## No. 79.

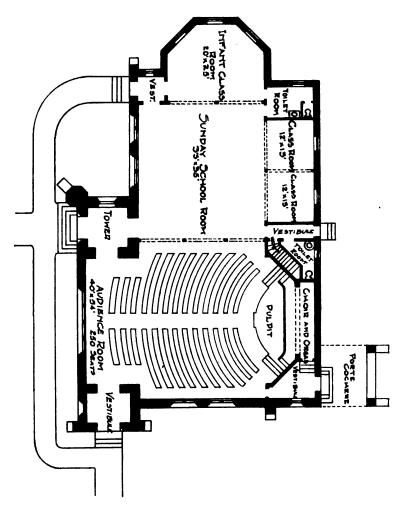

This is a very attractive country or suburban church. The audience room, 40 x 54 feet, will seat 250, and the primary-school room and other class rooms, which can be opened into it, will seat as many more. Upon the other page will be found the ground plan which will show the very convenient and attractive arrangement.

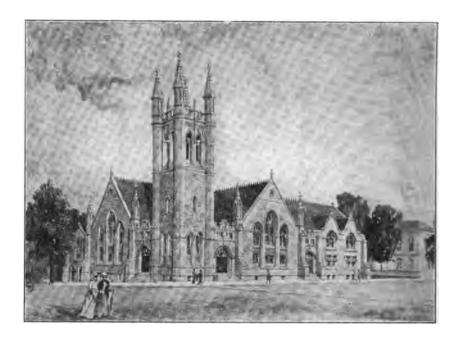

Built of stone it will cost from \$10,000 to \$12,000. The architects are Chas. W. Bolton & Co., Witherspoon Building, Philadelphia.

# No. 79.

### Ground Plan.

## No. 80.

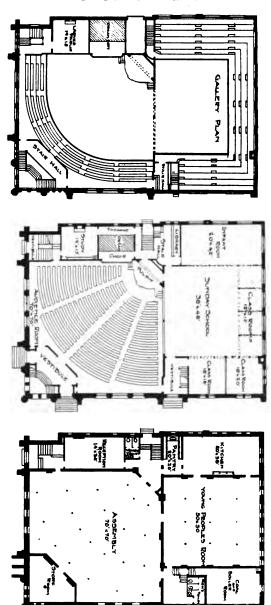

This is a large church, designed more especially for a city, with a commodious basement to admit of what is called institutional work. The main audience room will seat 750 upon the ground floor and 150 to 200 in the gallery. The Sunday-school and class rooms can, when necessary, be opened into the main room. In the basement are commodious Assembly and Young People's rooms.

The expense of such a building complete will be probably from \$75,000 to \$80,000.

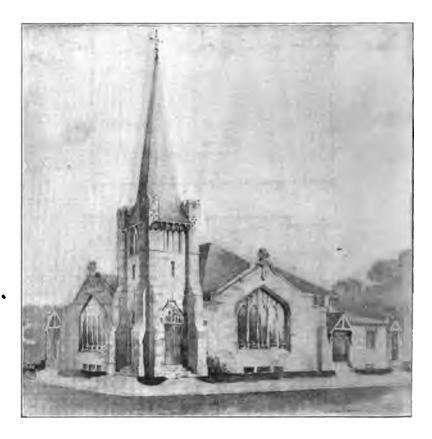

The ground plan is given upon the other page. The architects are Messrs. Chas. W. Bolton & Co., Witherspoon Building, Philadelphia.

No. 80.

Ground Plan.

## No. 81.

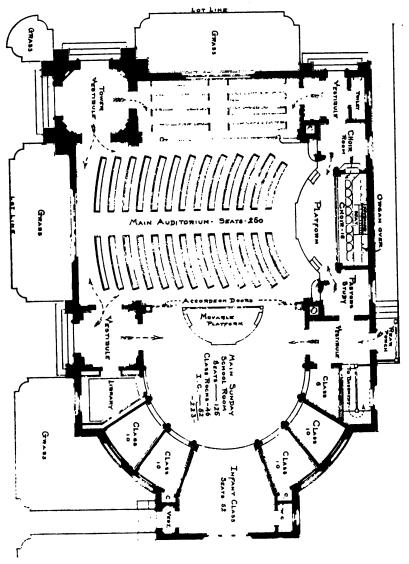

This building has been lately erected for a church at North Yakima, Washington. Design, Norman Gothic. The ground plan upon the other page will show how all the rooms can upon occasion be opened into each other, giving a full seating capacity of more than 500. The interior wood work, pews, etc., are all in quartered oak. In the basement a large dining room, kitchen, etc., with stair case from rear hall on main floor. The cost will be from \$9,800 to \$12,500, according as wood, brick or stone is used. The architect is A. Lawrence Valk, 378 State street, Brooklyn, N. Y.

# No. 81.

## Ground Plain.

BIDEWALK

## No. 82.

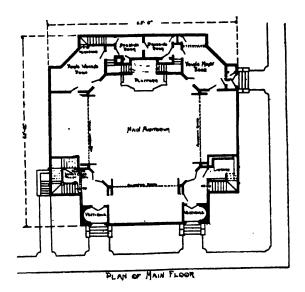

The above very unique and picturesque building was designed by Ludlow & Valentine and A. L. Valk, Associate Architects, 100 Broadway, N. Y.

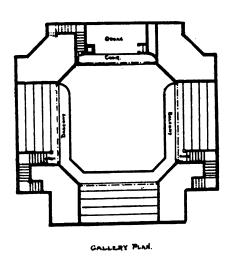

Foundation walls brick, superstructure frame covered with shingles, interior finish North Carolina pine. The outside dimensions of the building are  $62 \times 52$  feet. Main room  $36 \times 36$  feet. Three wings  $12 \times 24$  feet, can be divided into three class rooms each. The main room and all these class rooms can be thrown into one large room by means of accordeon doors. Large young men's and young ladies' rooms are provided as shown. Ample stairs lead from main vestibules to the galleries and basement. Infant class and toilets are located in the basement, which is 9 feet high in the clear and lighted by high windows. Cathedral and opalescent glass in all the windows. Seating capacity, main floor 375; galleries 229; infant class 200.

Cost complete was \$10,000 in vicinity of New York, which would be much less in other than metropolitan districts. The same design is capable of being executed in brick and stone. Ground plan upon other page.

#### ACTION OF THE GENERAL ASSEMBLY,

AT LOS ANGELES, CAL., MAY, 1903.

The Standing Committee on Ministerial Relief in the last General Assembly submitted the following report through its Chairman, Rev. Dr. Nelson, which was unanimously adopted:—

The report of the Board and its manuscript volume of Minutes for the year ending April 1st, 1903, were presented to your Committee, examined, and their approval recommended.

The facts reported show an increase in the number of contributing churches of 127, and the total amount of the contributions of churches and Sunday schools is \$89,929, an increase of \$529 over last year. The total receipts from all sources, except contributions made to the Permanent Fund, are \$232,315, being nearly \$39,000 more than last year, and the largest amount ever received in one year by the Board for the current fund. This increase is mainly from legacies which, combined with the striking economy of management —only 4½ per cent., one-quarter per cent. less than last year —has enabled the Board to pay all apportionments and to add a substantial sum from unrestricted legacies to the Emergency Fund, which is temporarily invested, the interest alone being used for current expenses, except in cases of special emergency, when the Board is authorized by the action of the General Assembly of 1897 to draw upon this fund to meet its indebtedness.

The number of families that received aid from the Board last year was 903, being 28 families less than two years ago. The rate of mortality amongst the beneficiaries is the highest in the history of Ministerial Relief, 178 persons dying in the last three years. Yet in April and May of this year, since the closing of the books April 1st, the Board has had so many bona fide applications for help that it has paid out in these two months \$2,500 more than in the same period of any previous year. It is almost certain that the work and needs of this Board will increase with the growth of our Church. During the last thirty years of the nineteenth century the number of assisted families rose from 264 to 931, and with

4,200 non-self-supporting churches and 1,200 ministers unemployed, and so in many cases unable to lay by a competence, it must follow that the Relief Board will find applications for help increasing in the future as they have increased

in the past.

It behooves all our churches, therefore, to remember the Board of Ministerial Relief sympathetically and generously every year. Now, it is gratifying to note that almost all the self-supporting churches sent in contributions, but when we read that the churches in some of our strongest and oldest Synods contribute as little as from 4 to 7 cents per annum per communicant, we are led to believe that the touching claims of this Board have not been faithfully and lovingly presented to our people. If the weakest of our selfsupporting churches would contribute 10 cents per member, and the stronger 25 cents per member per year, whilst the strongest churches continue to give as they are now doing, and the intermediate churches proportionately per capita, this Board would be able to pay to the indigent widows of the faithful dead who served our Church \$200 per year instead of \$153, and could pension our needy veterans with an annuity of \$400 instead of \$300.

Your Committee records with great regret the passing away of the Rev. J. H. Mason Knox, D. D., LL. D., and the Rev. John A. Liggett, D. D., who were valued and loved for their wisdom in its counsels and their charity and faithfulness in its work. Dr. Knox was a charter member of the

Board.

The reading of the manuscript minutes and the examination of the annual report submitted to us evokes in our minds high admiration for the noble faithfulness, the self-sacrificing exertions, and the efficient abilities of the honored

Secretary of the Board.

We are also led to say that our great Church ought never to fail to appreciate the wisdom and fidelity and Christian sympathy of those men who serve us as Directors of this Board, and who in frequent meetings enter into the sad details of many a sorrow-stricken family with great gentleness, and delicate discrimination bestowing comfort and consolation as the deacons of Christ's Church and the almoners of God far beyond the power of the figures of this report to convey.

Your Committee make the following recommendations:

1. The term of the following Directors expires at this meeting of the Assembly: Rev. Samuel T. Lowrie, D. D., Henry L. Davis, Esq., Robert H. Smith, Esq., it is recommended that they be re-elected.

2. The Directorship of the late Rev. J. A. Liggett, D. D., has been temporarily filled by the Rev. Alex. H. Young, D. D., it is recommended that he be elected to fill the unexpired term. The term of Rev. Dr. Knox would have expired at this meeting of Assembly, it is recommended that the Rev. John H. Munro, D. D., be elected to this vacancy in the Board for a term of three years.

3. The Board has found it necessary to amend Rule No. 1 and to re-cast Rule No. 9 for the more efficient discharge of its duties, it is recommended that these neces-

sary modifications be approved.

4. That Pastors and Sessions are hereby strongly urged to inform their churches faithfully of the needs of this work of love and to endeavor that no self-supporting church shall contribute less than ten cents per communicant annually to the Board.

#### Respectfully submitted,

S. BANKS NELSON, Chairman.

Stated Clerk.

#### ANNUAL REPORT

TO THE

#### GENERAL ASSEMBLY

OF

#### MAY. 1903.

THE PRESBYTERIAN BOARD OF RELIEF FOR DISABLED MINISTERS, AND THE WIDOWS AND ORPHANS OF DECRASED MINISTERS, respectfully presents to THE GENERAL ASSEMBLY its Annual Report for the year from April 1st, 1902, to April 1st, 1903—being

#### THE FIFTY-FOURTH YEAR

since the organization of Relief Work by the General Assembly of 1849,

#### THE FORTY-EIGHTH ANNUAL REPORT.

the first Annual Report having been made to the General Assembly in 1856 by the Trustees of the Assembly, and

#### THE TWENTY-SEVENTH YEAR

of the work of the organized Board.

The Book of Minutes containing the proceedings of the Board for the year 1902-1903 is also herewith presented.

#### ROLL.

We have had upon our roll for the year ending March 31st, 1903, 903 names: 379 ministers, 467 widows, 34 orphan families, 1 medical missionary, and 1 widow of a medical missionary; 7 women missionaries, and 14 guests in the Home at Perth Amboy, N. J. The average amount paid to ministers on the Honorably Retired Roll was \$288.12. Some ministers on the Honorably Retired Roll did not ask for the full amount to which an Honorably Retired minister is entitled when in need. The amount paid to Honorably Retired ministers the past year was \$46,675. In 1889 the Rule was adopted allowing ministers who are 70 years of age and who have been 30 years in active service in the ministry

of our Church to be placed on the Honorably Retired Roll of the Board to be granted, without being annually renewed, an annuity of \$300, when they certify that they need that amount. Since then 306 ministers have availed themselves of this privilege. 23 names have been added to this roll during the past year; 14 ministers whose names were on this Roll have died during the year. During the past year we have had 162 Honorably Retired ministers on the Roll, and their average age has been 77.8 years, and their average active service has been 44 years. 38 of these men were over 80 years of age, and 13 of them were over 90. Whilst the average amount paid Annuitants on the Honorably Retired Roll was \$288.12, the average amount paid Annuitants not on the Honorably Retired Roll was only \$185, and the average amount paid to widows having no one dependent upon them was \$153.

During the past year we have added 83 new names to the roll of Annuitants: 45 ministers, 36 widows, I woman missionary, and one guest at the Westminster House. 54 of those who were on the roll have died during the year: 34 ministers, 20 widows. One of those who died during the year was a guest at the Westminster House at Perth Amboy,

We have received during the past year collections from 4,364 churches. This is the largest number of contributing churches we have ever had in any year since the organization of the Board. 3,257 churches have failed to send any contributions to this hallowed cause during the year. The non-contributing churches are nearly all our non-self-sustaining churches.

Besides the cash contributions to the Board, from churches and individuals, the Ladies' Aid Societies of our Church have sent to families on our roll, gifts of money and boxes of clothing and groceries amounting to the value of \$6,609.67.

#### COST OF ADMINISTRATION.

The members of the Board of Relief have endeavored to administer the trust committed to them as economically as it can be administered consistent with efficiency, and during the past year the cost of administration has been but 41/4 per cent. of the receipts of the Board.

#### ENCOURAGEMENT.

The Board of Relief is most happy in being able to report to the General Assembly that it has been able to pay to the 903 families on the roll the usual average payments and to close the year ending March 31st free from debt.

The Board is greatly gratified to be able to report that there are unmistakable evidences in the action of Presbyteries and Synods and in our voluminous correspondence that the Sacred Cause of Ministerial Relief is taking a deeper hold upon the hearts of our people, and that the Church is waking up to a better realization of the imperative obligation she is under to the aged men who constitute the old guard of the King's army, who have fought her battles so bravely and faithfully, through so many difficulties and self-sacrifices, and who, through no fault of their own, are now in the sunset of their ministry without salary and without income.

God and his Church have called these men into the ministry, and both have required them to give themselves wholly to the work of winning souls to Christ and to abstain from secular avocations. God has ordained that they should live of their one great business in which alone they are to be continually engaged, and the Church can never free herself of her obligation to give these men and their families whatever is needful for their comfort and the honor of our holy religion, and we are gratified to find that the Church is coming more and more to recognize her obligations to these worthy men.

#### THE INCREASING MAGNITUDE OF THE WORK.

The number of families upon the roll is steadily increasing every decade.

Our roll shows that the average yearly increase during the first decade after the reunion of the Church in 1869 was 52, and the average number of deaths during that decade was 18; in the next decade the average number of new cases received each year was 68, and the average number of deaths 31; during the next decade the average yearly increase was 98, and the average number of deaths was 46, and the roll increased from 264 in 1869-1870 to 931 in 1900-1901. Since

that year the roll decreased to 906 in 1901–1902, and to 903 in 1902–1903, but this decrease has been occasioned more by the large number of deaths during the last three years than by a decrease in the number of new cases. During the last three years there have been 178 deaths. Thus the figures show that decade after decade the treasury of the Board has steadily increasing demands made upon it, and there must therefore necessarily be steadily increasing contributions from the churches to enable the Board to meet the demands the Presbyteries are making for those under their care.

#### "RELIEF AND SUPPORT."

Our Charter calls this Board "A Board of Ministerial Relief" and defines the purpose of its organization and incorporation to be "to receive, hold, and disburse such real and personal estate as may be given to it for the RELIEF AND SUPPORT of disabled ministers and the needy widows and orphans of deceased ministers" of the Presbyterian Church.

The Church has in a tender and loving way met the first part of the purpose of the organization of this Board, which is to relieve the distress existing in many ministerial households; but she has not yet reached the higher standard of duty to her disabled servants and their dependent families, which she has set for herself, namely, not only their "relief," but also their "Support."

Many attempts have been made by the Church to devise some plan by which provision could be made for her ministers in the time of their old age, and for the widows of those ministers who have been called to their Father's House.

The oldest life insurance company in the United States received its charter from the Penns in colonial days for this purpose, but after 90 years of trial it was found that many ministers were utterly unable to buy the insurance necessary to keep them and their families from actual want in their old days, and the Relief Fund was organized.

Time and time again men in our own Church and men in other Churches in this country have tried to improve on the old colonial plan, or to originate some new plan to meet the exigencies of the case, but no workable plan has yet been devised. With 4,200 non-self-supporting churches on the roll of the General Assembly, and with about 1,200 ministers each year who are unemployed, there will unavoidably be a large number of ministers who will be absolutely unable to provide for their old days by any system of insurance which can be devised requiring ministers to pay the necessary premiums, to secure such provision.

#### THE SITUATION.

About 60 of our churches contribute to Ministerial Relief an average of from 50 cents each up to \$3.00 per communi-

cant, contributing in all about \$25,000 a year.

Then over 3,000 churches fail each year to take a collection for the Board, but in these churches which contribute nothing at all, and in these 60 churches which contribute so generously there are but about 200,000 communicants. Deducting these from the whole number of communicants in our Church, we have left over 800,000 communicants in self-sustaining churches in the United States that contribute an average of only 73/8 cents apiece to the support of 900 families that are cut off from all salary or support from the Church.

#### WHAT CAN BE DONE?

If any plan of insurance can be devised that will be better than the one already in operation for Presbyterian ministers, it will necessarily be many long years before its beneficial results can be obtained, and it will be utterly impossible for it to be of any avail to the large number of families now on the roll of the Board of Relief, or to those who are now advanced in years and who will inevitably be dependent upon the Relief Fund of the Board for their daily bread.

The Scottish and Irish What then is practicable? churches determine to raise a certain amount of money each year for their Sustentation Fund, from which an equal dividend is given to each minister as long as he lives, and then they assess every congregation for as much as it is supposed each congregation is able to pay, and they require each church to pay the amount for which it is assessed, or it cannot receive its equal dividend for the support of its pastor. In this way a large amount is collected, and an equal dividend of about \$350 a year is given to each minister. addition to this amount each disabled minister receives his share from the Aged and Infirm Ministers' Fund, and in the various churches of Great Britain and Ireland each disabled minister receives from \$800 to \$900 a year and a manse to live in besides.

What may we learn from this? If it be said that our people will not stand an assessment as the people of the old country churches do, it may be answered that we would not propose to assess our churches as they do in the old country, but can we not apportion the whole amount to be raised among the Synods? Then let the Synods determine how

much each Presbytery should raise, and let the Presbytery apportion its amount among its churches according to their ability, and say to them, This is to be your standard. Aim at raising the amount desired. If you do not raise the amount wanted at your first collection, try again, and if possible raise all that your Presbytery thinks you ought to raise. One branch of the Lutheran Church in this country has tried this apportionment plan with most gratifying success in raising money for their Board of Relief.

Study this table of statistics:

Look at the very small average amount per communicant in each Synod, and it is evident that something must be done to increase the amounts collected in each congregation.

If the churches were told by their Presbyteries the amount they were expected to contribute to Ministerial Relief they would have something definite to aim at, and most of the churches would contribute about as much as

they were asked to contribute.

Then let the churches that have been contributing generously to the cause continue to raise as much as they have been doing, or more, if possible, and the Board can advance to the higher purpose for which it has been organized, namely, to the "support" of her retired ministers and the widows and orphans of her deceased ministers.

If 200,000 communicants in the weaker self-sustaining churches would give the average of 10 cents a member, that would produce  If 400,000 would give 15 cents a member, that would yield .  If 200,000 would give 25 cents a member, that would produce If the 60 churches which give 50 cents to \$3.00 per communicant would continue to give these amounts, that would	\$20,000 60,000 50,000
produce	25,000
Then we would receive from the churches alone \$	155,000
Instead of about	89,000
An increase of	\$66,000

If the Board could receive that amount with what the Board receives from interest on the Permanent Fund, from individual contributions, and from unrestricted legacies, it could increase the general average annuities paid to widows from \$153 to \$200 a year; the amount given to ministers not on the Honorably Retired Roll from \$185 to \$250; and the amount given to ministers on the Honorably Retired Roll, who have families, from \$300 to \$400 a year; and all this could be done without burdening any church, however poor.

#### WHAT WE OWE OUR VETERANS.

When we think of what we owe to the ministers of our Church for what they have done for our country, our Church, our homes, and our individual souls, is it asking too much that they should be comfortably supported in their old days? The law of our God reads: "Withhold not good from them to whom it is due, when it is in the power of thine hand to do it."

The beloved Apostle says: "Hereby perceive we the love of God, because he laid down his life for us; and we ought to lay down our lives for the brethren. But whoso hath this world's good, and seeth his brother have need, and shutteth up his bowels of compassion from him, how dwelleth the love of God in him?"

#### RULES OF THE BOARD.

#### APPROPRIATIONS.

1. Only members of Presbyteries in connection with the General Assembly of our Church and the families of those who were at their death in such connection, and lay missionaries and their families, are entitled to aid; and no adults shall be entitled to aid who are not members of the Presbyterian Church in the United States of America in good and regular standing, or who do not acknowledge the jurisdiction of said Church, nor submit to its discipline, unless such extraordinary circumstances should exist as to make it, in the judgment of the Board, wise and right to admit their claim.

2. The General Assembly of 1889 says: "This Board works under · strictly defined limitations. It is not a general eleemosynary institu-It cannot care for all the poor in the Church, or even in the ministry. Its basis of work is not need, but service to the Church." The General Assembly of 1890 directed that no appropriations can be made to ministers in ordinary cases, simply because they are poor, unless they are disabled by disease or the infirmities of age, so as to be unable to sustain themselves by some suitable employment.

(Minutes of General Assembly, 1870, p. 21, and 1889, p. 32.)
3. The General Assembly of 1880 directed "That, in case of a minister who, voluntarily and in health, leaves the work of the ministry for some secular employment, and follows that for a series of years, and then, by failure of business, has come to want, such a course should ordinarily be regarded as a voluntary relinquishment of all claim upon the funds of the Board." (Minutes of General Assembly, 1880, p. 21.)

4. All appropriations are made for one year, unless otherwise ordered; and the renewals for appropriations must be made from year to year, except in cases of ministers honorably retired according to the

provisions of Rule 7.

- 5. All the appropriations are paid in advance, provided the funds of the Board will allow this to be done. If the appropriation is not more than one hundred and fifty dollars it is paid in advance in one payment. When an appropriation is more than one hundred and fifty dollars per annum it is paid in two equal instalments, semi-annually
- While the responsibility of recommending applicants rests with the Presbyteries, and these recommendations largely govern the action of the Board, yet there is reserved to the Board the right to appropriate according to the merits of the case and the state of the treasury.

#### HONORABLY RETIRED MINISTERS

Who have been in active service in the Presbyterian Church thirty years in the aggregate as Missionaries, Pastors, or Stated Supplies.

7. Every honorably retired minister over seventy years of age, who is in need, and who has served our Church as missionary of the Home or Foreign Board, or of the Board of Missions for Freedmen, or as pastor, or stated supply, for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support without the necessity of being annually recommended therefor by the Presbylery. When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$300.00 per annum, it shall be the duty of the

Stated Clerk to forward the application to the Board, with his indorsement thereon as to the years of service such minister has rendered, his field or fields of labor, with the term of service in each, and also to certify that the same has been reported to the Presbytery and is recorded upon its minutes. It shall then be the duty of the Board to pay such annual amount so long as the applicant shall live, unless otherwise directed by the Presbytery or the applicant himself, in view of a change in his circumstances that may make the appropriation in whole or in part no longer necessary. (Minutes of General Assembly of 1889, p. 32; 1891, p. 33 and p. 44; 1894, p. 35.) See form of application, No. 6, p. 20.

#### DISABLED MINISTERS

Who have not been in the aggregate thirty years in active service in the Presbyterian Church as Missionaries, Pastors, or Stated Supplies, or, if so, are not seventy years of age.

8. An annuity to a minister who has not been in the aggregate thirty years in active service in the Presbyterian Church as a mission-ary of the Home or Foreign Board, or of the Board of Missions for Freedmen, or as pastor or stated supply, or having been thirty years in active service is not yet seventy years of age, is granted on the recommendation of that Presbytery, or of a standing committee of that Presbytery, to which the applicant belongs; and the recommendation in each case must be annually renewed. An application for aid, in case of such minister, should state his age, his circumstances, and the number of years he has been in the ministry; whether his wife is living or not, and the sex and age of the children who are dependent on him for support.

See form of application, No. 1, p. 17.

#### MEDICAL MISSIONARIES.

9. Regularly appointed Lay Missionaries who have gone out from this country under commission from the Foreign Board, and their families, shall after five years of actual service also be placed upon the roll of the Board, upon the same conditions as ministers. In their application for aid, Medical Missionaries and their families shall be governed by the rules that apply to ministers and their families. (Minutes of General Assembly of 1889, p. 32, and Report of Board in Minutes of Assembly of the same year, p. 240.)

See form of application, No. 4, p. 20.

#### WOMEN

10. A woman who has given herself to missionary work, after five years of actual service under the Home Board or under the Board of Missions for Freedmen, or who has gone out from this country and labored under commission from the Foreign Board, may receive aid from this Board upon the same conditions as a minister. She may be recommended by the Presbytery in the bounds of which she resides, or by the Presbytery having jurisdiction of the church of which such missionary may be a member and her application should have the endorsement of the Board under which she has held a commission. (Minutes of General Assembly of 1884, p. 48; 1885, p. 592; 1888, p. 33; 1889, p. 32; 1894, p. 35.) See form of application, No. 4, p. 20.

II. If the application for aid be for a widow of a minister, it may by made by the Presbytery within whose bounds the family resides, or by that Presbytery in which the family is best known, or preferably by the Presbytery with which her husband was connected at the time of his death. (Minutes of General Assembly of 1884, p. 48.)

Unless the applicant is well known, the Committee of Ministerial Relief should always secure the endorsement of the session of the church of which the applicant is a member, to the effect that she needs,

and is deserving of the aid for which application is made.

See form of application, No. 2, p. 18.

12. When a woman contracts marriage with a retired minister who is receiving aid from the Board, she shall not be entitled at his death to become a beneficiary of the Board.

13. The widow of a minister who remarries outside of the ministry, thereby relinquishes all claims upon the Board, and should she again become a widow she would not be entitled to aid.

14. Except in extraordinary cases no appropriation will be made to the widow of a minister who has children able to give her support. (Minutes of General Assembly of 1880, p. 21.)

#### ORPHANS.

15. Aid may be given to *orphans* of ministers and lay missionaries, as the General Assembly says, who are under the age at which they are able to earn their own living, and in exceptional cases to orphans who have been from early years chronic invalids. The same rule applies in case of orphans asking for aid, as in the case of other beneficiaries of the Board in regard to recommendations and annual renewals. (Minutes of General Assembly of 1889, p. 32.)

See form of application, No. 3, p. 19.

#### GUESTS AT THE HOMES.

16. Applications for admission to "The Westminster House," at Perth Amboy, N. J., or to "The Merriam Home," at Newton, N. J., are to be made in accordance with the foregoing rules. Guests are admitted to a home in lieu of an appropriation of money. Any guest who, in the judgment of the Superintendent, may be a hindrance to its usefulness and to the comfort of the other guests, shall be reported to the Committee in charge, who shall have power, after investigation of all the circumstances, to recommend to the Board an appropriation in money for the support of such guest, in lieu of a residence in one of the Homes. Great care should be exercised in recommending only such persons as the Presbytery believes will be agreeable companions to other guests. These guests must be annually recommended by the Presbyteries, and are required to fill up the blank application for admission or continuance there the same as if applying for a money appropriation.

See form of application, No. 5, p. 20.

#### DEATH OF REV. JOHN A. LIGGETT, D. D.

The following is a transcript from the minutes of the Board:

"Rev. John A. Liggett, D. D., who was re-elected a Director of the Board of Relief at the recent meeting of the General Assembly in New York, has, since that time, been suddenly called to his eternal

"Dr. Liggett was born at Brandywine Manor, Pa., November 1st, 1834. He was graduated from Lafayette College in 1857, and from Danville Theological Seminary in 1860. He was licensed April, 1860, by the Presbytery of Transylvania, and ordained to the gospel ministry in 1861. He was stated supply of the Presbyterian Church at Crittenden, Ky., from 1861 to 1864, and then accepted a call to the Second Presbyterian Church at Rahway, N. J., where he lived and labored

for 37 years.
"He was honored with the title of Doctor of Divinity by his Alma Mater in 1884. He was elected Moderator of the Synod of New Jersey in 1894. He was a Director in Bloomfield Theological Seminary, and for fourteen years a Director of the Board of Relief. He was married to Miss Mary Boyd Armstrong, the daughter of Rev. George B. Armstrong, of Crittenden, Ky., and he died at his home in Rahway on Friday, May 30th, 1902, and is survived by his wife, two sons, and three daughters; and his body rests in Hazlewood Cemetery at Rahway.

"As a man, he was greatly respected for his integrity of character; as a Christian, he was sincere and conscientious in the discharge of his duties; as a pastor, he was greatly beloved by his congregation; as a preacher, he was biblical, clear, and forceful in his presentations of truth; as a member of the Board of Relief, he was faithful in his attendance upon its meetings, genial in his manners, considerate of the feelings of his brethren; and we shall miss his kindly face in our assemblies, his brotherly greetings as he came to the monthly meetings of the Board, and his earnest labors and prayers for the success of the great work which has been committed to our charge."

#### DEATH OF J. H. MASON KNOX, D. D., LL. D.

Dr. Knox was a charter member of the Board of Relief, and the following minute was adopted concerning his death:

"Minute in memory of our late fellow-member of the Board of Relief, the Rev. James H. Mason Knox, D. D., LL. D., who died in Baltimore, Md., January 21st, 1903, and was buried the following Saturday, January 24th, in Laurel Hill, Philadelphia. A funeral service preceding his burial, was held in the Tenth Presbyterian Church, of Philadelphia, conducted by the pastor, the Rev. M. A. Brownson, D. D., assisted by the Rev. Drs. A. H. Kellogg, B. L. Agnew, H. C. McCook, and Alexander Henry, at which very many were present. This service was attended by nearly all the members of the Board of Relief, two of whom were among the honorary pall-bearers, in whose persons, together with Drs. Agnew and Brownson, the Board had the privilege of officially participating in these last duties to our departed brother in Christ and fellow-member of the Board.

"Dr. Knox was grandson of the celebrated Dr. John Mason, of New York City, and was born in the same city in 1825. He was graduated B. A. from Columbia College (now University), in New York City, in 1841, which also promoted him M. A. in 1844, and D. D. in 1861, and L.L. D. in 1886.

"He was graduated from the New Brunswick Theological Seminary, N. J., in 1845, and was, the same year, July 29th, licensed to preach by the Classis of New Brunswick of the Reformed (Dutch) Church in America. He was ordained by the Presbytery of Newton of the Presbyterian Church in the U. S. A., September 3d, 1846. He ministered to the German Valley Church, N. J., 1846-1851; to the Reformed (Dutch) Church, Easton, Pa., 1851-1853; to the First Presbyterian Church, Germantown, Pa., 1853-1869; to the Presbyterian Church of Bristol, Pa., 1873-1884. In 1853 he became a member of what is now the Presbytery of Philadelphia North, and continued a member of the same while he lived.

"Dr. Knox was elected President of Lafayette College, October 5th, 1883, and was installed as such June 24th, 1884, having several months before entered upon the duties of that office. This post he

resigned in 1890, and subsequently had no regular charge.

"Dr. Knox was a member of the Executive Committee of the Presbyterian Historical Society during the years 1884-1889. In 1890 he was elected a vice-president of that Society, and was annually reelected to the same office, the last election occurring January 8th, 1903, only a few days before his death. At that annual meeting of the Society he was present and in usual health, having landed only a few days before in New York City, on his return from a visit of three months to Europe in company with Mrs. Knox.

"Dr. Knox was a member of the General Assembly's Committee on Ministerial Relief which the Assembly, on May 29th, 1876, erected a Board of Ministerial Relief, and directed to obtain a proper charter, which it did October 21st, 1876. He was regularly re-elected a member of the Board while he lived. Since the death of Dr. H. E. Niles, he remained the only charter member that continued to serve on this

Board.

"This recapitulation of salient points of Dr. Knox's life and services as a minister of the Church of Christ, shows that he had a blessing such as Moses gave to Asher, 'And of Asher he said: Let him be acceptable to his brethren; and as thy days so shall thy strength be.' Deut. 33:24, 25. In his long service on this Board he was valued and loved for his devotion to its work, and for the wisdom, prayers and hopefulness that sustained him, and with which he helped and encouraged his associates in the same work of patience and love. The sorrow of losing him from the counsels of the Board is accordingly great; but it is joined with thanksgiving to the Lord Jesus, the Head of the Church, that he gave such a minister, and gave him so long to labor on the work of Ministerial Relief. From this we take fresh encouragement to believe that the work begun with this benediction will, under the same divine favor, go on to be a perfect work. The following was adopted:

"Resolved, That the Secretary write to Mrs. J. H. Mason Knox, communicating an expression of the sorrow felt by this Board on account of the death of Dr. Knox, and of affectionate sympathy in the bereavement this brings to her and to Dr. Knox, her son; and that with the letter be sent a copy of the minute recording Dr. Knox's

death."

## FORM OF BEQUEST.

The laws of the different States vary so much as to testamentary bequests that in making a will it is always desirable to secure the services of a competent lawyer. In all cases, however, where bequests are made to this Board the corporate name should be used as follows:

"THE PRESBYTERIAN BOARD OF RELIEF FOR DIS-ABLED MINISTERS AND THE WIDOWS AND ORPHANS OF DECEASED MINISTERS."

#### FORMS OF APPLICATION FOR AID. No. 1.

#### MINISTERS.

The General Assembly requires this form to be used not only for the first recommendation, but also for annual renewals, so that the Presbyterial Committee and the Board of Relief may know of any changes in the circumstances and necessities of applicants for aid, which may enable them more justly to determine the proportionate amount each applicant should receive from the limited funds at the command of the Board.

The General Assembly of 1880, page 21, says:
"WHEREAS, This Board has been requested to aid ministers who are merely

out of employment, etc. And
"Whereas, The fund is not sufficient for such purposes, nor was it originally
designed for such uses; therefore,

"Resolved, That no appropriations can be made to ministers in ordinary cases, simply because they are poor, unless they are disabled by disease or the infirmities of age, so as to be unable to sustain themselves by some suitable employment."

The General Assembly of 1889, page 32, says:

"This Board works under strictly defined limitations. It is not a general elemosynary institution. It cannot care for all the poor in the Church, or even in the ministry. Its basis of work is not need, but service to the Church."

#### ORPHANS.

There are but two classes of orphans of ministers the Board of Relief is authorized by the General Assembly to aid:

- Orphans under the age at which they are able to earn their own living.
  - Orphans who have been from early years chronic invalids.The General Assembly says:

"This Board works under strictly defined limitations. It is not a general eleemosynary institution. It cannot care for all the poor in the Church, or even in the ministry. The basis of its work is not need, but service to the Church. Its Title defines its functions; it exists to relieve 'Disabled Ministers and the Widows and Orphans of Deceased Ministers.' And this term 'Orphans' is to be understood to mean children under the age at which they are able to earn their own living, and, in exceptional instances, those who are chronic invalids. The Presbyteries should remember these things in making their applications.'—(Minstet of General Assembly of 1889, page 32.)

Rule 15th of the Board, adopted by the General Assembly, reads as follows:—

"Aid may be given to orphans of ministers and lay missionaries, as the General Assembly says, who are under the age at which they are able to earn their own living, and, in exceptional cases, to orphans who have been from early years chronic invalids. The same rule applies in case of orphans asking for aid, as in the case of other beneficiaries of the Board in regard to recommendations and annual renewals."—(Minutes of General Assembly of 1889, page 32.)

### HONORABLY RETIRED MINISTERS

Rule regulating the placing of Ministers on the Honorably Retired Roll of the Board of Relief as Annuitants.

Every honorably retired minister over seventy years of age, who is in need, and who has served our Church as a Missionary of the Home or Foreign Board, or of the Board of Missions for Freedmen, or as a pastor, or stated supply, for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support, without the necessity of being annually recommended therefor by the Presbytery. When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$300.00 per annum, it shall be the duty of the Stated Clerk to forward the application to the Board, with his endorsement thereon as to the years of service such minister has rendered, his field or fields of labor, with the term of service in each, and also to certify that the same has been reported to the Presbytery and is recorded upon its minutes. It shall then be the duty of the Board to pay such annual amount so long as the applicant shall live, unless otherwise directed by the Presbytery or the applicant himself, in view of a change in his circumstances that may make the appropriation in whole or in part no longer necessary. (Minutes of General Assembly of 1889, p. 32; 1891, p. 44; 1894, p. 35; Manual, Rule 7.)

## THIRTY EIGHTH ANNUAL REPORT

OF THE

# Board of Missions for Freedmen

OF THE PRESBYTERIAN CHURCH
IN THE UNITED STATES OF AMERICA

TO THE

GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH

FROM MARCH 31st, 1902 to APRIL 1st, 1903.

THE BOARD OF MISSIONS FOR FREEDMEN respectfully presents to the GENERAL ASSEMBLY ITS THIRTY-EIGHTH ANNUAL REPORT.

The year which has just closed has discovered some facts which are calculated to greatly encourage those interested in the Missions of the Freedmen. The increased popular attention to the condition of the negro in our land, the vigorous and serious public discussion of his needs, his capacities and his future must be productive of a lasting good. When a nation begins to study the needs of any portion of its population, especially when it begins to recognize its responsibility for the care and development of its ignorant and helpless classes, it may be expected that many minds, long indifferent, and indifferent because uninformed, will awake to a new interest and a realization of the claims of the task so long ignored. That a former President of the United States has found occasion for the public utterance

of his deep interest in the welfare and progress of the negro, has gladly aroused his sense of obligation to assist in helping this race to an industrial and intellectual advance; that some of our truest statesmen and intellectual leaders disclose the problem of the negro in our country to be one of the most important which we have to solve; that our greatest men today, both North and South, view with serious minds and kindly hearts the methods and plans suggested for the elevation of his race should be mightily suggestive to the Church. It is good for every worker in this great field to see the instincts of patriotism and the pressure of a lower philanthropy moving society to follow the path which the Church of Jesus Christ has quickly We can but feel that out of this discussion and agitation of sentiment there shall arise a more general appreciation of the magnitude of our task and the importance of our work, and that there shall be created a universal feeling that the Mission to the Freedmen is one of the greatest and noblest schemes to which the Church has ever We may certainly argue that if on the lower plans of citizenship, of patriotism and of such interest men debate so wisely and strenuously for the care and guidance of his race, the Christian Church with higher motives is more than justified in its attempt to elevate this people, for whose condition we are in a degree responsible. the popular view and the general discussion narrows itself to the emphasis on industrial education we shall not complain, for on the one hand experience will soon teach the nation that this people must be given something more than mechanical skill, and on the other the Church will always insist that, as in the education of its own sons and daughters, religion is necessary, and man shall not and cannot live by bread alone but by every word which proceedeth out of the mouth of God.

Your Board then regards it as a most encouraging sign that earnest minds everwhere are giving their attention to

this question. We most sincerely hope that it shall be suggestive to every pastor and elder, and that in every Church under your care the methods and needs of this work may be heartily presented and that every member of our churches may be given an opportunity to participate in this elevation and Christianizing of this people, who, through no fault of theirs, are in our midst for good or ill. Following the natural divisions of the work of your Board—the financial, educational and evangelistic—we take up the

# FINANCIAL.

We regret that we cannot report increased receipts over Nothing should have given us greater gratification than to have been able to follow the recommendation of the last General Assembly and enlarge our work fifty per cent. over last year. If the churches generally had possessed the knowledge and sympathy and consecration which the General Assembly exhibited, we should have been enabled to have lengthened our cords and to have met the earnest appeals for workers with a glad response. Only the utmost care and vigilant oversight, and foresight and economy have enabled your Board to close the year free from debt. Those familiar with such work will readily understand that new workers cannot be commissioned or schools opened or missions started unless there is some ground for believing that the resources and receipts should be sufficient. The Board recognizes its duty to trust the churches, but as it is the servant of the Church it must wait the marked and definite evidence that the Church wishes, and will support its enlargement of work and expen. diture.

That we close the year without debt and with a small balance, though the receipts were less than those of last year and the expenditure slightly greater, it may be added that the economy exercised has not lessened the work or diminished the number of workers, though it has

not been effected without much self-denial on the part of missionaries and teachers.

The efforts begun through our Woman's Department three years ago to complete the unfinished wing of Ingleside Seminary at Burkeville, Va., and the additional buildings at Brainerd Institute, Chester, S. C., have been so far successful that the desired funds have been raised, and unless unexpected obstacles are met, or building estimates disappoint, the improvements will be completed and our Women's Society and Mrs. F. D. Palmer, so long the General Secretary, will be privileged to rejoice in this happy success.

In our report last year it was stated that the increased receipts came from legacies and individuals. This year there was a decrease in the amount received from legacies of over \$8,300 and from individuals and miscellaneous sources of \$3,000. It must be apparent that your Board cannot be expected to rely upon legacies as a true source of income and it would be well if the generous offerings of the churches should permit us to use these legacies for special work and the meeting of unexpected opportunities. The receipts from the churches and the Woman's Department show a gratifying increase and the contributions of the latter especially deserve acknowledgement as enabling the Board to meet its entire obligations. A study of our receipts may well be made by every pastor and session, and the contrast between the direct collections made by the churches and the contributions obtained through the Woman's Department ought to quicken and stimulate.

The following is a tabulated statement:

#### RECEIVED.

	1899-o.	1900-1.	1901-2.	1902-3.

The number of churches that helped us this year in any one way was 4,995, being a gain of 244 as compared with last year.

The number of churches that helped us by congregational collections was 4,125, being an increase of 128.

May we not ask that in the future the work of your Board shall be presented to every Church and every member given an opportunity to be co-laborers in this field?

# EDUCATIONAL.

The policy of our schools is not only to maintain Christian but Presbyterian instruction. In our boarding-schools 1,954 young men and women have not only received instruction in the ordinary branches of education, but have enjoyed the training of a Christian home and the influence and association of earnest, refined and educated instructors. The results of such daily contact and training are incalculable, and must affect the communities and churches to which these pupils return.

Your Board continues, as it is enabled, to enlarge its industrial training, which it has always planned, and trades and agriculture are not only taught, but the work is used to meet the support of the scholars and supply the needs The results of farm training and culture of the schools. have been especially gratifying and helpful. The instruction in sewing and housework also is everywhere promoted, and the pupils show much benefit. Last year mention was made of the added facilities and grounds of Harbison College, and we are again permitted to make mention of the kindness of its friends. Mr. S. P. Harbison, so generous in the past, has given it a farm of two hundred acres, and buildings at a cost of \$5,000, which are already under cultivation by its energetic principal and scholars.

We cannot in this report make detailed mention of the needs of the various institutions under our care. Manned

by devoted and intelligent Christian teachers who rightly desire to make full proof of their ministry, and who see many opportunities for enlarged usefulness at comparatively slight expense, these schools offer great openings to Christian generosity. The expenditures of the Board are so parallel to its receipts that it cannot do what it sees such splendid occasion to provide for, larger work; but we shall be more than glad to suggest to any who possess a few hundreds or thousands of dollars for which they desire a true usefulness, such places and methods of investment for Christ as shall be profoundly gratifying in spiritual and physical results. There are institutions under the care of your Board which are managed with a remarkable economy and yet a great satisfaction of result which are unheralded, and to which the gift of a few thousands of dollars should double the resources and results.

# EVANGELISTIC.

The number of ministers under our care is 211, having the pastoral care of 338 churches Our work consists not only in the appointment and payment of these ministers but in the wise grouping of churches to obtain the best results, the care and oversight which extends to monthly reports and such transfers or changes as the peculiarities of the field suggest. In much of this the Board obtains assistance from the Presbyteries, and the harmony and aid are pleasing evidences of the attractions which the Presbyterian polity has for the best minds of this race, and its adaptability and usefulness for their religious development. That the year has been one of progress and encouragement will be seen by the number of additions on profession, 1,846, and the total membership, 20,764—a number which, however, small as compared with the eight millions of population, is significant of great leavening and elevating power. Yet, without underrating what other churches are doing among this people, it must be apparent that our

church has before it a large and noble field, and one upon which it has not yet learned to heartily concentrate its proper resources or fully meet its splendid responsibility.

Our work carries with it also the assistance of these congregations to procure suitable houses of worship. In these days a religious home of some fitness and decency is a necessity to attract sinners and edify saints, and the Board, while stimulating the people and inculcating prudence and economy finds it necessary to help such enterprise under proper conditions. It is not an infrequent experience with the Board to be asked by some of their devoted missionaries to advance a portion of their salaries to assist in such building, and to know that it is secured in its payment by the utmost self-sacrifice and often hardship gladly endured. In fact the Board has sometimes to caution their missionaries lest in the worthy and eager wish for a sanctuary the success of the future may be too dearly gained.

Attention should also be given to the effort these churches are making toward self-support. There are many in our land who amid scenes of prosperity and high wages have no conception of the limited resources of this people, the low rate of wages and the poverty which follows a crop failure. Yet it is significant of their devotion that during the year they have contributed \$40,634 to their own church support, while raising \$2,418 for the benevolent Boards of the church. Many of these people have also pinched and denied themselves to procure an education for their children, and while the report is not complete we learn that \$54,096 have been given by the patrons of our schools.

It will thus be seen that "the care of all the churches" by the Board is complicated and diverse. And yet the unity of the work is easily recognized. How shall we obtain a well trained ministry for these churches? How shall we find intelligent men for the eldership and wise oversight of these churches? How shall we procure men

and women of intelligence and piety for these Sabbath schools? How shall we create true fathers and mothers amid this long debased people except by our Christian schools and seminaries fostered and guarded by your Board? We believe in and are only too glad to enlarge and develop industrial training, but the Christian church has a grander ideal than the political economist, and it has wisely decided to give these people as high an education as they can receive, knowing that the character of the leaders determine the tendencies of the multitude.

The following tabulated statement and list presents a summary of the work and the institutions under our care:

The Woman's Department of our Board, which is the same as the Freedmen's Department of the Woman's Board, has under the management of Mrs. Flora D. Palmer as General Secretary and Mrs. V. P. Boggs as Corresponding Secretary, closed another year of earnest effort rewarded by most satisfactory results.

It was with great regret, and only with a hearty expression of our appreciation of her devotion and usefulness

and sympathy in her impaired health that the Board accepted the resignation of Mrs. Palmer. She had accomplished so much, and by her knowledge of the field, her tact and energy and tireless effort, had been so instrumental in widening the interest in our work that it was our hope for a time that a long rest might permit her to resume her work. Acquiescing in her opinion, the Board renews its expression of its regard and sympathy and prayers for her recovery. Mrs. V. P. Boggs has been appointed Acting General Secretary. The annual report presented by her is printed as an appendix to this report.

We are privileged to again chronicle an advance in receipts through the Woman's Board of New York of almost six thousand dollars over even the increase of last year, bringing the total amount to the sum of \$71,442.16. While it must be remembered that a considerable proportion of this is for special purposes such as the buildings at Ingleside and Brainerd, and therefore is not available for the direct enlargement of our evangelistic or school work, it is in itself a development of the work, and also significant of a larger interest and increasingly generous spirit. Realizing the danger that too great an attention to contributions to special purposes may draw away some gifts from the general fund so absolutely necessary, the Woman's Department seeks to guard against this and stimulate the spirit of unrestricted giving.

We sincerely repeat the language used in our report of last year that "Our obligations to the Woman's Board of New York constantly increases. As the services they render in receiving and transmitting funds to us from month to month is without remuneration, so, also, it has been without complaint. The workers in the Woman's Board are true friends of our work, and we hereby acknowledge with sincere gratitude the many evidences we have received from time to time of the existence of their

kindly feelings toward us and toward what we are trying to do."

Miss Mary E. Holmes, Ph. D., of Rockford, Ill., completes her seventh year as Secretary of the Northwest, and her annual report is most interesting in its exhibition of an unabated zeal and unwearied effort in behalf of this work so long dear to her mind and heart. Statistics can never measure nor reveal what she has this year accomplished, but some idea of the devotion shown and energy expended may be obtained when we note that she has attended and made addresses at 73 meetings this year, requiring 8,948 miles of travel, 3,922 letters have been written, 3,517 postals and mimeograph letters sent in connection with her work. Nor should her work and devotion at Mary Holmes Seminary during the prevalence of smallpox be overlooked, for no small part of the subsequent recovery of the school from the moral as well as the physical danger and results of such a plague are due to her devotion, energy and unremitting It is not only in the past that it was proper to ask: "Pray for these women who labored with us in the Gospel."

Rev. John J. Beacom, D. D., for a time Treasurer of the Board, and nominally retaining the title during a protracted illness, has gone to his heavenly reward. The Corresponding Secretary, who has discharged the duties of the Treasurer, has been appointed Treasurer also (without additional compensation.)

The Board hereby returns its sincere thanks to the many individuals who have by their gifts shown their interest and confidence in the work. Few can realize how accomplish gifts much those or how much they the Board in its efforts to rouse the est of the church, and enable Christians to see how many and great are the opportunities for blessed returns. too much to hope that in these days of general prosperity and increased wealth, more of the members of our churches

shall listen to our appeals, and count it a privilege to use some of this prosperity in lifting and saving these darkened souls? Grateful to Him who has given His blessing to this year of constant toil, watchfulness and at times of anxiety for the interests at stake, we turn to the future in the confident hope that our great church, whose foremost principal is loyalty to Jesus Christ, and whose highest ideal has been to seek and save the ignorant and neglected, shall take this great work into its greater sympathy, exercise upon it a larger generosity, and, indifferent to all social or political problems or difficulties, give these hearts the opportunity to know Him whom to know is life eternal.

The term of service of the following members expires with this Assembly: Rev. D. S. Kennedy, D. D., Rev. H. T. McClelland, D. D., Rev. W. S. Fulton, D. D., Rev. Samuel J. Glass, D. D., Vincent Miller, Esq. We ask that they be re-elected.

H. T. McClelland, President. S. J. FISHER, Recording Secretary.

P. S.—This report, owing to the temporary illness of the Corresponding Secretary, Rev. E. P. Cowan, D. D., has been prepared by the Recording Secretary. ું

#### ACTION OF THE GENERAL ASSEMBLY

At Los Angeles, Cal., May, 1903.

Rev. Charles P. Cheeseman, D. D., was selected by the Commissioners, who formed the Standing Committee on Freedmen, as its Chairman, and, among other things, included in his report the following:

"The Record and Report of the Board of Missions for Freedmen bear witness to the efficiency and wisdom of its officers in the management of its affairs. For thirty-eight years the Assembly has listened, with ever deepening interest, to the story of missionary effort in behalf of our colored citizens of our great patriotic Southland.

"Whatever may be the opinion of men concerning the rights and privileges of the colored race, it is everywhere recognized that this nation is confronted by problems, the solution of which requires the combined wisdom of Church and State. It is admitted by all, denied by none, that the welfare, integrity and perpetuity of our nation are largely dependent upon the solution of this problem.

"It is most gratifying to note the awakening interest in all departments of national life concerning the welfare of the colored race. Statesmen and lawmakers are coming to see the necessity of doing something more than spread upon the statute books enactments for the government of the negroes. This is one of the things over which we rejoice, and may God speed the day when every patriot shall feel the full measure of his responsibility in saving the nation by saving the individual.

"In conclusion, we express the hope that the Church will bestir herself to the mighty task before her. Last year the Assembly, amid clapping hands, resolved to add fifty per cent. to the amount recommended in the Committee's Report. Did the Church keep this pledge? She did not even meet the original request of her Committee. We are confident, however, that the men and women of our churches will come up to the help of the Lord if they are taught and urged as to their full duty."

#### RESOLUTIONS.

- 1. We express our confidence in and esteem for our honored Secretary and his co-workers in the management of the Board of Missions for Freedmen.
- 2. We recommend that Rev. D. S. Kennedy, D. D., Rev. H. T. McClelland, D. D., Rev. W. S. Fulton, D. D., Rev. Samuel J. Glass, D. D., and Mr. Vincent Miller be re-elected members of the Board of Missions for Freedmen.
- 3. We record our appreciation of the faithful, generous and loyal support of the noble women who have rendered timely and invaluable service through the Freedmen's Department of the Woman's Board, and also, that we express our heartfelt thanks to the Young Peoples Societies and the Sabbath Schools for their liberal gifts.
- 4. We beseech pastors and sessions to carefully consider the claims of the needy millions in the interest of whom this Board is laboring, and, in order that men for whom Christ died may hear the joyful news, we recommend that not less than \$300,000 be given to this cause this year.

Respectfully submitted,

CHARLES P. CHEESÈMAN, Chairman.

### NINETEENTH ANNUAL REPORT

OF THE

### Woman's Department

TO THE

BOARD OF MISSIONS FOR FREEDMEN.

### GENTLEMEN:

In presenting to you the Nineteenth Annual Report of the Woman's Department we would gratefully acknowledge "the good hand of our God" in the work of the year just closed, as shown by increasing interest and increased contributions.

Our receipts this year from the Treasurer of the Woman's Board have been \$71,442.16, which is an advance over the previous year of \$5,636.25.

Of this amount Women's Societies contributed \$49,574.60, Young People \$12,590.57, Sabbath Schools \$4,063.31, Miscellaneous \$5,213.68.

In addition to the total amount received through the Woman's Board \$254.77 came from societies direct to the Board, making a total of \$71,696.93.

Of this amount \$1,000 was a legacy from the estate of Harriet W. Rolph, Huntingdon, N. Y.; \$100 from that of Mrs. Cordelia Barr, Kittanning Presbytery, and a gift of \$1,000 from Mrs. E. H. Billingsley, the latter to be applied to a school building as a memorial to her husband, Rev. E. H. Billingsley, a former missionary under our Board at Statesville, N. C.

Of the total amount—\$71,442.16—\$33,000 was received

between March 23d and April 15th of the present year. No little anxiety was felt therefore at headquarters as the year drew swiftly to a close whether we would be able to report an advance in the receipts or a falling off.

The money contributed through the Woman's Board has been applied to the educational work of the Freedmen's Board as follows: Teacher's salaries, \$19,493.45; Scholarships, \$18,719.35; General Work and Buildings, \$16,938.64; General Fund for Educational Work, \$16,288.22.

### RECEIPTS FROM SYNODS.

Twenty-nine Synods have contributed to the work of our Department this year, all making an advance over the previous year. Several of the smaller Synods show an advance of more than a hundred per cent.

There has been an increase also in the number of Societies contributing, 3,041 reporting gifts to Freedmen this year, while there were 2,669 on the list last year, making a gain of 372.

We most gratefully acknowledge, not only the steady support of the schools by societies, but also their generous response to appeals for special objects which have been presented to them.

In connection with the last named we are glad to report all of the funds, necessary for the completion of the Brain erd buildings, in the treasury.

Both the school building and the girls dormitory are in course of erection and we confidently hope for their completion before the opening of the school year.

The young people especially are to be commended for their three years of persevering, patient effort to give to the colored young people of the South such an evidence of their interest and desire for their uplift as is represented in this institute building at Chester, S. C., to be known as "The Young People's Building." The secretaries are also entitled to our sincere thanks for the faithfulness with

which they have presented and urged this special work, as also for the loyalty insisted upon to regular pledges along all lines of mission work.

Our faithful secretary of the northwest, Miss Mary E. Holmes, sends a glowing account of the work in that section. The labor and effort involved, to insure the results, which with Divine guidance she has been able to secure have been forgotten in the joy of the service it was her privilege to render. Miss Holmes has "done her best" to extend knowledge and increase gifts for Freedmen work, to stimulate interest that will not allow salaries or scholarships in the various schools, pledged in the northwest, to lapse and to secure as fully as possible the synodical specials assigned by the Freedmen's Department.

The growth of general interest in the northwest is decided, as proved by sympathy, gifts and prayers; by applications almost daily for information concerning the work and its needs, and by the ever increasing circulation of the "Freedmen's Bulletin." This little paper issued at her own expense is full of the latest information from the field, given in a bright and interesting manner. It reaches every Presbyterian missionary society in the northwest as well as many in every section. We acknowledge with appreciation and gratitude the valuable service rendered by Miss Holmes—without remuneration.

Presbyterial secretaries have been most faithful in circulating the literature relating to our work. Thousands of leaflets have been sent out through them, as well as in answer to requests coming direct to the office. A small package of literature, accompanied by a letter containing information not found in the leaflets has been the means of awakening and stimulating interest in many a society. We would emphasize the importance of the women of our Church acquainting themselves with the work we are endeavoring to carry on that they may intelligently cooperate with our plans.

The box work as conducted by Societies is a most important feature in our work. Indeed its value cannot be over-estimated. The contents of these boxes and barrels sent to the field each year enable children to attend school and in some cases the entire family to attend church and Sabbath school, the sick and aged are comforted and cheered, and our ministers are encouraged in their work, in being enabled from the supplies sent them to respond to the many appeals from the destitute in their community for help.

During the past year, as in other years, a number of our Presbyterial, as also many individual Societies, have sent substantial aid to our boarding schools in the line of household supplies and furnishings. If the money expended for these had passed through the treasury quite a sum would have been added to the credit of the Societies contributing such aid, but as money credit can only be given for that which passes through the treasurer's hands this valuable help can only be credited as box work and mentioned in the Annual Report. The estimated value of boxes and barrels sent to the field, as reported to us from twelve Synods is \$15,902, Pennsylvania leading with a valuation of \$8,033.33. No doubt many boxes have been sent which have not been reported.

Much reading matter has also been sent to the field, including many valuable books. This help was much appreciated by both the ministers and teachers and eagerly sought after by students and others. A standing need is bibles and hymnals. Many of the former are sent in boxes with clothing, etc., and we have been able to some extent to respond to special appeals for these, by the renewal of the fund from time to time by the "Elect Lady," who three years ago brought to us her most precious jewel—a valuable diamond ring—to be converted into bibles that the need of some of those who are perishing for the Bread of Life might be supplied.

Turning to the field we find our work in a most hopeful

Digitized by Google

condition. Schools are crowded to overflowing; pupils are realizing as never before what education means and that it cannot be secured without hard work. There have been many hopeful conversions among the students, a large number having been added to the Presbyterian church, while many have gone to other denominations. In this evidence of the blessing of the Lord upon our schools we recognize the faithful and consecrated efforts of our devoted teachers. They have labored not only for the intellectual and physical development of the children and youth who have come under their care, but for their spiritual and moral uplift also. They have labored for souls.

That the Freedmen are developing a spirit of self-dependence is shown by a steady advance in gifts to the cause from year to year. Their contributions for the support of the work this past year amounted to \$94,465.32, being an advance of \$8,253 over last year, \$54,101.25 of this coming from the schools.

The women of the churches under our Board have given generously according to their ability, not only to the work of our Department but to Home and Foreign Missions also, and the number of organizations for mission work are increasing.

Truly we who have been so highly favored should "help those women" of the negro race who "are laboring with us" to advance the Kingdom of our Lord.

Through the December magazines Societies were informed of the enforced retirement—for a season—on account of impaired health of the beloved and efficient Secretary of our Department, Mrs. Flora D. Palmer. It was the earnest hope at that time that she would be fully restored and able to resume the duties of her position in the early fall.

For nearly four years it has been her earnest endeavor, in season and out of season, to so present the cause of the Freedmen to Societies in such a way that to use her own

words "the mountains of indifference and prejudice might be removed, and to lovingly remind the forgetful ones in the ranks of God's children of the wide open door of opportunity to save the perishing thousands of negroes in the Southland." That she has not counted even her own life .dear in order to the accomplishment of this purpose all who know of the faithful and arduous service she has rendered will admit. The first eight months of the year just closed were months of unprecedented traveling, speaking and correspondence on her part in behalf of the new year's work. Synodical meetings, meetings of Synods, Presbyterial meetings, local societies, young people's meetings, churches and Sunday schools were attended to present the cause in ten different states, when exhausted strength suddenly made it a necessity to lay down the burden. was Mrs. Palmer's conviction at that time that the limit of her strength had been reached and she would be compelled to lay aside all active work for some time to come, that she tendered her resignation to the Board, but the members of the Board being loath to sever the official connection with Mrs. Palmer, which had proved so advantageous to the work, and with the hope that her services might be again available in the near future, persuaded her to agree to a long and definite period of rest and recuperation, and at her own suggestion fixing upon September next as the time when they could hope for the resumption of the duties and the management which she was compelled to lay down with the universal regret of her friends. That this rest is not bringing the hoped for restoration is evident from a letter of March 31st to the Board, enclosing her resignation in which she states that her "devotion to the cause will impel her to work for it always, as a part of the work of our Church, but that the hopeless outlook at present for sufficient vigor and strength for the activities of the office to be resumed at the set time must be the reason for this final decision for dissolving the bonds between us." It was with

profound regret that the Board learned of Mrs. Palmer's decision to withdraw from the work. They appreciate how great the loss to themselves and the cause, but felt compelled to accept her resignation that she might have complete relief and freedom from anxiety and responsibility. It is the earnest prayer of the Board, in which all of Mrs. Palmer's friends will heartily join, that it may yet please God to restore her again to her wanted health and vigor.

The Ladies Committee of our Department, twenty in number from five different Presbyteries, have met from month to month, as in previous years, to pray for God's blessing upon the work and to consider and promote its interest in every possible way.

Much of the success which we are able to report is due to the wise counsel and cordial co-operation of these faithful women, and many special cases of need are met by this Committee, for which no credit is given on our books.

Again, as in previous years, we most gratefully acknowledge our indebtedness to the Woman's Board for the Freedmen's number of the Home Mission Monthly, published without cost to our Department and which so ably presents the claims of the Freedmen to the women of the Church. We would also express our appreciation of the Prayer Calendar prepared by a committee from the Woman's Board in which all of our schools and teachers receiving support through the Board are mentioned by name, each having a day on which special prayer is offered for a blessing upon the work and worker. May we not hope that in the near future every, school and teacher under our Board may be added to this list, that all may have the benefit of special intercession.

We are indebted for many other favors to the Woman's Board for all of which we return most grateful thanks. We would also make mention of the uniform kindness and courtesy shown the secretaries of our Department by the

members of the Freedmen's Board, which deserve and have our highest appreciation.

The record of the year is closed. We will not pass that way again. We enter upon the new year with hope and courage. "Hitherto hath the Lord helped us." We can safely trust the future of this cause in His hands, feeling assured that not one word of all His promises will fail.

Respectfully submitted.

Mrs. V. P. Boggs, Acting General Secretary.

# Twentieth Annual Report THE BOARD OFAID 1903

CHARLES SUMNER HOYT May 80, 1856 January 28, 1908

FRANCIS LLOYD FERGUSON February 14, 1856 March 11, 1908

These two brethren were among the most faithful, interested and valuable members of this Board. Superficially dissimilar, they were really much alike: both assiduous workers, devoted to their calling, with strong and attractive manhood, with unusual literary ability and fine poetic temperament, attractive to all whom they touched and honored by all who knew them. Both received their doctorates of divinity from their Alma Maters.

Dr. Hoyt was born in Meridian, Cayuga County, New York; prepared for college in Auburn; and was graduated from Hamilton College in 1877 and from Auburn Seminary in 1884, having taught meanwhile in the Princeton Preparatory School, New Jersey, and in Robert College, Constantinople. He was pastor of the Westminster Presbyterian Church, Chicago, 1885 to 1888, and of the First Presbyterian Church of Oak Park, Illinois, until his death. He built up a strong church, which has just completed an elegant building. A volume of sermons and many poems were published, among the latter being some hymns likely to endure. He leaves a wife and three children.

Dr. Ferguson was born near Palmyra, Marion County, Missouri. He was graduated from Westminster College in 1878, and from McCormick Theological Seminary in 1881, and took a post-graduate course at Princeton Seminary. From his first pastorate at Rensaelaer, Missouri, he was called to the Prytania Street Presbyterian Church of New Orleans, which he served seven years, until called to the West Presbyterian Church of St. Louis as its first pastor. In the twelve years of his pastorate he led the church from a little building to a spacious and beautiful one, from a membership of 58 to about 750, from its small beginnings to be one of the largest and most influential churches in Missouri. He leaves a wife and eight children.

THE COLLEGE BOARD begs leave to submit its twentieth Annual Report, with an expression of humble, hearty and happy gratitude to The Great Teacher for whom and under whom we serve.

The Board may say to the Church, as Jacob to Laban, though with quite other feelings, "This twenty years I have been with thee." It can add regarding the institutional flock of the Church, what Jacob said about Laban's sheep, "It was little which thou hadst before I came, and it is now increased into a multitude: and the Lord hath blessed thee since my coming." The Board is not ready, however, to draw Jacob's conclusion from the facts and to say with him, "Let me go;" for never before have tokens of the Board's probable usefulness to the Church in the future been as many and as hopeful as at this time.

It is a commonplace among us that higher education is essential to the prosperity, if not to the life, of our Church.

We need educated membership. The statement that the sun rises and sets appeals to the surface of the mind; the statement that the earth moves about the sun appeals to deeper thought and higher intelligence. Our appeal to the heart and conscience is substantially the same as that made by other evangelical Churches; but our appeal to the mind through our doctrinal statements is to deeper thought and higher intelligence.

We need an educated ministry, and this for two reasons: First, to keep ministers in the truth, since undisciplined and uninstructed minds are more easily led into doctrinal vagaries; second, to enable ministers to hold the intelligent and educated people found in our congregations.

It is well known that state and undenominational institutions do not supply us adequately with ministers or with consecrated laymen and women. Granting, with gladness, that the spirit of such institutions is often admirable, their presidents and professors often earnest followers of Christ. and their Christian associations for young men and women excellent; yet two things prevent them from exercising sufficient spiritual influence. In the first place, instructors, perhaps able and winning men, sometimes antagonize our religion both in the class-room and out of it; and in the second place, the fact that Bible study is not required and that Christianity is not taught has two unfortunate results: the student's time, strength and enthusiasm are absorbed by secular things, which is not normal education for an immortal being; and the omission of Bible and religion from a course claiming to fit young people for life teaches them that Bible and religion are negligible quantities, not necessary for youth. Hence, as wide experience proves, such institutions rarely develop spiritual life and fit young people for consecrated and loyal church work; and, as all statistics prove, rarely give men to our ministry. The following statistics, recently prepared, illustrate the latter point:

\*By President C. H. French, D. D., Huron College.

In 8 Presbyterian theological seminaries, in 1901-2, 10 state universities, having 6,600 male students, had 28 candidates, or 1 for each 236 university students. The two largest Presbyterian universities, having 1,449 male students, an average of 724, had 42 candidates, or 1 for each 34 university students. 8 Presbyterian colleges at Chicago and eastward, having 1,288 male students, an average of 161, had 107 candidates, or 1 for each 12 college students. 14 small Presbyterian colleges west of Chicago, having 428 male students, an average of 30, had 84 candidates, or 1 for each 5 college students. This may be summarized thus:

10 state universities,	1 candidate to	236 university men.
2 Presbyterian universities,	1 candidate to	34 university men.
8 Presbyterian colleges,	1 candidate to	12 college men.
14 small Presbyterian colleges,	1 candidate to	5 college men.

Such facts seem to warrant the following conclusions: As a source of supply for our ministry, the Presbyterian university is better than the state university; the Presbyterian college is better than the Presbyterian university; and the small western Presbyterian college is best of all. What is our Church doing to secure such sources of supply for her ministry?

Our Annual Report of last year gave statistics of colleges and universities of our Church in comparison with those of three other great denominations. We now present similar statistics, newly compiled from the latest official sources,\* comparing our colleges in "the West"—that is, Michigan, Illinois, Missouri, Arkansas, Texas, and the region west of these states, being the region of this Board's chief activities—and the colleges of the three other great denominations:

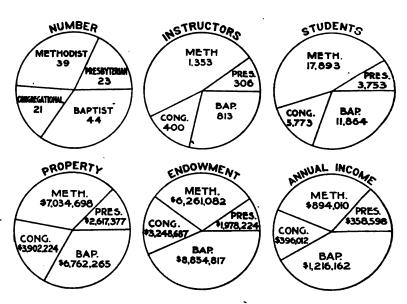

<sup>\*</sup>The American Baptist Year Book, the Congregational Year Book, the Methodist Year Book, the Annual Report of the Commissioner of Education in the United States for 1901, and much correspondence with institutions.

N	In- o. struct- ors.	Stu- dents.	Property.	Endowment.	Annual Income.
Baptist 4		11,864	\$6,762,265	\$8,854,817	\$1,216,162
Congregational 2	1 400	5,773	3,902,224	3,248,687	396,012
Methodist 3	9 1,353	17,893	7,034,698	6,261,082	894,010
Presbyterian 2	3 306	3,753	2,617,377	1,978,224	358,5 <b>9</b> 8
Totals 12	27 2,872	39,283	\$20,316,564	\$20,342,810	\$2,864,782

The comparative showing is better for our colleges than it was last year, because Illinois College at Jacksonville, Illinois, transferred itself from the Congregational Church to our own the first of January last.

The figures given in the table are made graphic by these diagrams:

### Colleges of Four Denominations in the West.

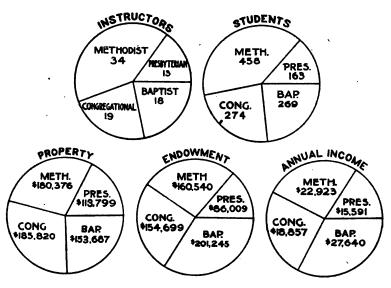

The average instructors, students, property, endowment and income to each institution in each of the four denominations make suggestive subjects for study:

	Instructors.	Students.	Property.	Endowment.	Annual Income,
Baptist	. 18	269	<b>\$153,687</b>	<b>\$201,24</b> 5	\$27,640

Presbyterian	_ 13 ′	163	113,799	86,009	15,591

These figures also are made easier of comprehension by graphics:

### Colleges of Four Denominations in the West. AVERAGES TO EACH INSTITUTION.

It is believed that our Church fairly equals or surpasses other great denominations in all lines of church activity excepting this college work alone. Of all denominations the one which most strenuously insists upon its need of higher education for its prosperity, if not for its life, it is the one which, in provision for the higher education of its youth, is farthest in the rear! What is the explanation of this fact? How can it be accounted for? There seems to be but one possible explanation. It is probably the explanation also of the singular fact that the man who knew himself to be

the meekest man lost the Holy Land by speaking roughly under provocation. It is because where one thinks he is strong, there is he weak. "Pride goeth before destruction, and a haughty spirit before a fall." Our Church was the college building and the college endowing Church! We were cultured, rich, having need of nothing, as some poor and uncultured denominations had, in that line! Why need we, of all Churches, have a special board for such work? So we fell. While other great denominations, and some small ones, had boards, committees or designated bishops to attend to founding, fostering and endowing schools and colleges, we did little until we founded this Board in 1883.

The results of our policy of letting the matter alone, as the Standing Committee of the last General Assembly said, "call for sorrow and tears." The words are not too strong, for the results call also for alarm, consideration and remedial measures. The results in the number of our colleges and of their instructors and students, and in their properties, endowments and annual incomes, as compared with other denominations, are exhibited statistically and graphically above, page 4. On the whole, we are considerably more than half way up to the Congregational Church, which has about two-thirds of our membership; but we are in every respect behind the Baptist and Methodist Churches. Alaska, Arizona, Nevada and Wyoming have no Christian colleges. Our Church has none in Arkansas, Colorado, Montana, New Mexico, North Dakota, Oklahoma Territory, Texas and Wisconsin, eight states in which the Baptists have 17, the Congregationalists 10 and the Methodists 7. We have colleges in Idaho and Utah, where there are no other Christian colleges; but the former does no college work and the latter has no building. The Baptist and Methodist Churches have, it is generally believed, too many colleges, while our Church and the Congregational have not enough. From the table of Averages to Each Institution, page 5, it appears that we are fairly well off in property values, but deficient in endowment and annual income. Endowment is to provide annual income, and

annual income is the life-blood of a college; it makes instructors, libraries and apparatus possible. It is noticeable that our deficiency in instructors and students is in nearly stable ratio to our lack of average annual income. Now this is remediable. Only money is lacking, and our Church has it. The number of colleges can be increased at any time, as there are outstanding offers of land and buildings, provided we can help the new institutions to meet current expenses until endowment is secured. Men can be found, without difficulty, competent and willing to serve as presidents and instructors. Students are ready to overflow the colleges whose property, faculties and apparatus are attractive and adequate. Money can supply these things, and our people have money. Two or three million dollars given to this Board, to be given to institutions on condition that they secure reasonable amounts in their own vicinages, would bring our western college work right up to the front, in most particulars, in a few years. If the churches would give this Board, instead of \$40,000,00 or \$50,000.00 a year, the \$150,000.00 which every recent General Assembly has said it ought to have, the Board could make such annual appropriations that our aided colleges would be able to have more instructors, better apparatus, more students, and better hold on the confidence of their regions; and that would help greatly toward securing endowment in those regions. The money is in our churches; the need is in the West; what holds them apart?

The saddest results of our let-alone policy are not shown in the statistics, and are not so easily remedied as the statistical results which we have considered. While one great sister denomination had its special society at work since 1816, and others had specially designated bishops or committees or boards at work, preparing and distributing literature and securing the preaching of sermons in the churches, instructing the people from childhood regarding the place of the Bible and of the Christian college and academy in the life of the Church and of the nation, and accustoming the wealthier people to the annual visitations

of western college presidents to solicit endowment, our Church did little. More than two generations of our people grew up almost without instruction on this subject, ignorant of the principles underlying the need of the Christian college, untrained in the habit of giving for the purpose. Is it any wonder that many in our Church are ignorant about it; that statements of secularists and friends of state universities, widely circulated and little contradicted by our church literature in the past, are taken for truths; that there is among us, therefore, far from universal belief in the denominational college; that there is widespread apathy about it; that suspicion of the interested motives of those who plead for our western colleges bars the door of many a mind against their pleas; and that, since suspicion indulged produces dislike, there are many of us who dislike the whole subject, the Board, the colleges and the cause? Is it any wonder that 4260 of our churches, or more than one-half of the whole number, gave nothing for this cause last year? it strange that, when the Board was founded in 1883, and the churches found the best months already occupied by other causes, this cause was often given the least valuable months for collection purposes; sometimes in city churches the months when the pastor and the people most able to give are absent from the city?

Is this condition remediable? A glance at the situation twenty years ago, when this Board was founded, and at the present situation, is encouraging. Then we had but five colleges in the West, mostly in debt, almost without endowment. Now we have 23 colleges which, surviving hardships and hard times, have proved their right to exist. They are practically out of debt, there being only two or three with indebtedness and that slight. The clearance of the indebtedness, almost universal with our western institutions twenty years ago, is distinctly the work of this Board. Beginnings of endowment are making, especially in the last two years. Endowments of colleges of other denominations, as well as their properties, have come largely from eastern givers; while the properties and endowments of our own colleges

have come, with inconsiderable exceptions, from their own regions. While presidents of colleges of other denominations are annually securing large sums in the East, ours, men of culture and devotion, get little—hardly even a hearing. So western Presbyterians are trying to do for themselves what eastern men have done and are doing for colleges of other denominations. Hopeful beginnings have been made in California, Nebraska, South Dakota, Iowa, Missouri, Illinois, Michigan. The movement is full of promise. But no one supposes that it can do all that needs to be done and to be done at once. The help of the whole Church is necessary. Can it be secured?

The correspondence of the Board this year makes it apparent that the Church is interested in this matter as it has not been heretofore. The comparative showing made in our Annual Report of last year was a shocking surprise to the Church, which had taken for granted that we were doing our full share, as stewards of our Lord, in supplying Christian higher education for the West. We think this will result in increased church offerings during the present vear, as a multitude of churches, in remitting their offerings last year, made promise of this. But there is still in our Church an alarming ignorance of the principles underlying the work, a widespread doubt whether the "little, freshwater, one-horse sectarian college" is needed, or good for anything, or should have a dollar. Those who feel in this way are not likely to read the literature of this Board on a subject in which they have no interest, or to care that the cause should be presented in the pulpits of their churches. While the cause is certainly winning its way, that way is too slow. We have to make up lost time, two generations of neglect to overcome. We submit to your honorable body that additional measures should be taken at this time, when there is more interest than has existed heretofore, to arouse, alarm, instruct and lead the whole Church to new interest, new hearing, new resolution, new activity, and new and splendid achievement in western college work.

### Last Year.

The Board aided 25 institutions, of which 12 are colleges, 12 academies, and one special. There has been general increase in student attendance, often to an embarrassing degree; buildings, faculties and apparatus are insufficient for the demand, and the Board is not able to furnish sufficient money for more teachers or buildings. Pendleton Academy in Oregon has entered a new and beautiful building, wholly paid for by the generosity of local friends and the aid of the Board. The Bible teaching, the scholastic work and the spiritual influence of our institutions steadily improve.

Nearly all individual gifts and many church offerings are designated by the givers for certain institutions, so that the Board could appropriate only \$26,100 for current expenses of institutions, for which at least \$50,000 should have been given; and it dared not add more institutions to its list, to divide farther the already insufficient help afforded.

### Education Day.

The use of this Day, "a Sabbath near the Day of Prayer for Colleges," to instruct congregations regarding the principles of our cause, is growing somewhat. Its importance for the future of our Church cannot be overestimated.

11

# Sabbath Schools and Young People's Societies.

This is the only Board of our Church whose work is only for young people only. It is solely for our young people in the newer regions of our country. Some Sabbath Schools and young people's societies recognize this fact and send us annually their generous gifts, and give our devoted teachers and struggling students a place in their sympathy and prayers. The Board needs, greatly desires, and entreats the help of every one.

# Membership.

Two of the most honored and useful members of the Board were suddenly translated to the General Assembly and church of the first-born in heaven in the closing months of the year: the Rev. Charles S. Hoyt, D. D., appointed by the General Assembly of 1902 to fill an unexpired term in the class of this year; and the Rev. Francis L. Ferguson, D. D., appointed by the General Assembly of 1902 to serve three years. The vacancies occasioned by these most lamented deaths are to be filled by this Assembly.

The term of service of the following members expires with this meeting of the General Assembly, namely:

Ministers: J. G. K. McClure, D. D., William P. Merrill and M. L. Haines, D. D.

Laymen: Hon. Dan P. Eells, Henry J. Willing, Thómas Lord and James S. Hubbard.

## Conclusion.

The Statistical Tables, Map, General Information, Classification of Presbyterian Educational Institutions and Treasurer's Report, which accompany this, are parts of the Board's Annual Report to the General Assembly.

All of which is respectfully submitted by order of the Board.

#### CONSTITUTIONAL PROVISIONS.

The following are the chief provisions under which this Board has been constituted, as determined by the act of the General Assembly of the Presbyterian Church in the United States of America, in session at Saratoga, N. Y., May, 1883:

The name of this Board shall be the Presbyterian Board of Aid for Colleges and Academies, and the general work shall have the limitations indicated by its title.

The Board shall consist of twenty-four members, divided into three classes, composed equally of ministers and laymen, and one class shall be elected each year.

The province of the Board shall be to secure an annual offering from the churches for this cause; to co-operate with local agencies in determining sites for new institutions; to decide what institutions shall be aided; to assign to those institutions seeking endowment the special fields open to their appeals, that clashing between them may be avoided; and to discourage all independent appeals to the church at large.

The funds received by the Board shall be devoted either to current expenses of struggling institutions or to permanent endowments.

The funds shall be secured (a) by annual offerings from the churches, mainly for current expenses of the institutions; (b) by special applications for endowment under the approval and general direction of the Board.

Every institution hereafter established, as a condition of receiving aid, either shall be organically connected with the Presbyterian Church in the United States of America, or shall, by charter provision, perpetually have two-thirds of its Board of Control members of the Presbyterian Church.

In the case of institutions already established and not included under the above provisions, appropriations for endowment shall be so made as to revert to the Board whenever these institutions shall pass from Presbyterian control.

In all other respects the disbursement of funds by the Board shall be wholly discretionary with the Board, both as to amount and direction, subject always to the control of the General Assembly.

#### WANTED: GIFTS.

- 1. For the General Fund; derived from church annual offerings (to be made in February if convenient), and individual gifts; from which appropriations are made to the current expenses of institutions. Only institutions whose charters or articles of incorporation place them in the control of the Presbyterian Church are aided; and no institution may incur indebtedness while connected with the Board. Demands upon this fund increase more rapidly than the churches' gifts to it.
- 2. For the Property Fund; derived from individual gifts and bequests; used to aid institutions in (1) Paying off remaining indebtedness; (2) Adding needed buildings or other equipment; (3) Obtaining endowment.

The Board, offering part of the amount needed, stimulates local giving of the rest, bringing to the Church property worth from three to five times the amount of the gift. Requiring adequate insurance on buildings and their contents, and taking a mortgage on the institution's property, the Board secures to the Church forever not only its own gift, but the entire property. Gifts should be made through the Board in order to secure the Church's perpetual hold upon them. Personal gifts and bequests, either for designated institutions or to be distributed in the Board's discreation, are increasingly needed.

- (1.) DEBTS. A few institutions are embarrassed, their growth hindered, their income partly absorbed in interest payments, by indebtedness mostly small compared with the values of the properties.
- (2.) EQUIPMENT. Successful institutions with increasing patronage require additional buildings and enlarged equipment.
- (3.) Endowment. Most of our schools are unendowed. The Board's income is not sufficient to carry all these and to aid new schools. Schools of approved worth must be endowed.
- 3. Solicitation of Funds by representatives of aided institutions is forbidden, except in fields assigned to them or from personal friends. See page 21, 3. (1.) and 22, (2.)

#### APPLICATIONS FOR AID.

- 1. Ownership. Ownership and control of institutions expecting aid must be vested in an ecclesiastical corporation belonging to our denomination; or in a board of trustees annually elected or nominated by such an ecclesiastical corporation; or in a board of trustees, two-thirds of whose members shall always be, by stipulation in the charter or articles of incorporation, members of the Presbyterian Church in the United States of America.
- 2. Determining Sites. The Act of General Assembly constituting the Board directs it "To co-operate with local agencies in determining sites for new institutions." It should be consulted before a projected institution expecting its aid is located.
- 3. Selecting Institutions. The Board is also "To decide what institutions shall be aided." The territory is vast; communities needing Christian schools are innumerable; local offers of land, buildings, cash for starting schools are multitudinous; the Board's resources are limited; the multiplication of small colleges and schools cannot easily outrun the need, but does outrun the Church's contributions for their aid; the Board must make selection.
- (1:) RELATIVE LOCATION. Remoteness from other Christian schools and from state institutions is a claim. Ordinarily but one Presbyterian college can be aided in a state until the Presbyterians of the state can support that and aid a new one beside. No academy in the vicinity of another Presbyterian school will be aided.
- (2.) POPULATION. To pre-empt for the church strategic points which are to become influential centers is sound policy; yet neither may sanguine expectations of new settlers be always accepted as prophecies of future greatness, nor may places already populous and growing be neglected.
- (3.) PROPERTY FOUNDATION. A new institution should have a property foundation sufficient to assure, with moderate aid from the Board, the meeting of its annual expenses at the outset. No new institution having indebtedness may

expect current aid; but the Board will try, in cases of exceptional merit, to aid in removing the debt.

- (4.) Local Interest. Land and cash offered as real estate speculation, with no vital local interest in a Christian school, do not invite the Board's aid; for the Board cannot provide all or one-half what will be needed eventually, but stimulates by its offers that local giving which must be the main reliance. The Board has settled policy to help institutions which, by a local spirit of fostering generous aid, have promise of large future. The Lord's money must be invested by its steward, the Board, where the largest returns are probable.
- (5.) EDUCATIONAL WORK. The Board is set to aid colleges and academies, not low grade schools, and to foster classical study which high schools rarely provide. Yet where an academy can increase income and draw pupils to advanced studies by teaching lower or commercial branches, and where a college can increase income and lead students into its college courses by doing preparatory work, this is approved. But in all institutions a high and rising grade of educational work is expected.
- (6.) SPIRITUAL INFLUENCE. Our institutions are meant to convert the unconverted and to consecrate Christians. Schools with consecrated teachers doing their work in a missionary spirit; with daily worship, young people's societies, and a total life that influences pupils toward Christ, and young men toward the ministry, have large claim for aid. The highest educational work, lacking this element, has no claim upon the Church's funds.
- (7.) BIBLE TEACHING. The word of the Lord, which converts the soul, makes wise the simple, rejoices the heart, and enlightens the eyes, must be a chief text book in every school aided by the Board. Teaching the evidences of Christianity is not sufficient; Christianity must be taught. Schools doing superior Bible work have superior claims upon the Board's aid.
- (8.) CHANGE OF GRADE. An institution having aid from the Board as an academy may not change its grade to

that of a college without the previous consent both of its synod and of the Board.

(9.) VISITATION. New institutions must not expect aid before they have been visited by the Secretary.

# 4. Applications for Current Aid.

- (1.) FORM. Application is to be made by the trustees, in formal meeting, filling out a blank which the Secretary will furnish on request and will send to aided institutions May 1. Applications made for the first time should be accompanied by the fullest information regarding the history and prospects of the institution.
- (2.) TIME. The Annual Board Meeting for voting on applications is held on the third Tuesday in June. Applications must be in the Secretary's hands by June 1. If the trustees cannot meet in time for this, the executive committee should send an application as nearly as possible like that which the trustees will probably adopt; and the formal application, adopted by the trustees, should reach the Secretary by June 15. Institutions withholding applications beyond the date of the meeting, and giving no satisfactory explanation of the delay, will be regarded as expecting no aid from the Board for the ensuing year.
- (8.) APPROVAL BY PRESBYTERY OF SYNOD. Applications of colleges must have the formal approval of their synods endorsed upon the applications; applications of academies, the approval of their presbyteries. Failing this, no aid can be given but upon unanimous vote of the Board, sixteen members being present. Yet as there is often no meeting of the ecclesiastical body held between the making of the application by the trustees and the June Board meeting, unendorsed applications will be voted on at the June meeting; exact duplicate applications, approved and endorsed, to be sent to the Board before any payment of aid will be made.

The Board assumes that in approving an application the synod or presbytery has satisfied itself by careful investigation (by committee visitation and scrutiny of the institution, if possible), regarding the institution's *Location*, if it be well chosen; *Financial Administration*, if it be wise and econom-

- ical; Scholastic Work, if it be broad, symmetrical, and thorough; and Spiritual Influence, if it leads pupils to Christ, form noble manhood and womanhood, and bring young men to the ministry. The Board further assumes that, in approving an application, ministers and ruling elders purpose to follow their affirmative votes with cordial assistance in prayers, kind words, and gifts.
- 5. Application for Property Funds. Applications for Property Funds for aid in paying indebtedness or in the production or increase of property should be made in writing, should state explicitly all facts in the case, should be certified as adopted by a formal vote of the trustees in regularly called meeting; and should have formal approval of synod (for a college) or of presbytery (for an academy).

#### APPROPRIATIONS FOR CURRENT AID.

- 1. Amount. The Board makes appropriations in deep sympathy with struggling institutions, mindful of exceptional cases, seeking the advantage of the Church's entire educational work, and with such wisdom as may be given to those who, knowing their lack, ask of God. It can give only what the Church contributes. In no circumstances will its total amount of appropriations exceed its reasonably assured income.
- 2. Announcement. Appropriations voted at the June Board meeting will be at once announced to boards of trustees of institutions, that they may adjust their proposed outlay for the ensuing scholastic year to their probable income.

#### 3. Additional Sources of Income.

(1.) From Churches. Colleges aided by the Board may solicit from the churches of their respective synods their annual College Board offerings; and academies have similar privileges in their respective presbyteries. Church offerings sent to the Board, but designed for institutions which have a right under this rule to solicit them, will be forwarded to the institutions, in addition to any appropriation voted by the Board, if churches indicate the designation

of such offerings at the time of remittance. Institutions asking aid of the Board will be considered as thereby pledging themselves not to solicit offerings from churches in fields not assigned to the institution by the Board.

(2.) From Individuals. Colleges aided by the Board may solicit personal gifts in their respective synods, academies in their presbyteries, or both from fields assigned them or from personal friends anywhere; but this does not mean that acquaintance with a pastor in another synod or presbytery authorizes solicitation from his church or people, or that solicitation may be made of persons because they have previously aided an institution. Institutions asking aid of the Board will be considered as thereby pledging themselves not to solicit individual gifts of persons in fields not assigned to the institution by the Board. Individual gifts designed for institutions which have a right under this rule to solicit them, and sent to this Board, will be forwarded to the institutions, in addition to any appropriations voted by the Board, if the giver indicates the designation of his gift at the time of remittance.

### 4. Conditions of Payment.

- (1.) NO DEBT INCURRED. Institutions aided by the Board may not create debt of any kind without previous concurrence in writing by the Board.
- (2.) Expenses Within Income. Institutions aided by the Board must keep current expenses within income, permitting no unsettled claims of teachers or of others.
- (3.) BIBLE STUDY. Systematic study of the Bible shall form an integral part of the prescribed course of study.
- (4.) Solicitation of Funds. Institutions aided by the Board must observe carefully the Rule, p. 21, 3, (1.) and 22, (2.)
- (5.) Insurance. No appropriation voted by the Board is payable to any institution which shall not at the time of such payment have furnished to the Secretary evidence that the property is adequately insured. The amount of insurance should cover about 60 per centum of the estimated value of stone or brick buildings, and about 70 per centum of the estimated value of wooden buildings. (See p. 25, 6.)

#### 5. First Half-Payment.

- (1.) TIME. It will be made, if the Board's treasury permits, in January and February.
- (2.) CONDITION. The December Certificate Blank, sent out by the Secretary December 10, must be returned filled out in form, approved in session of the Board of Trustees or of the executive committee of the institution, before the payment will be made.

#### 6. Second Half-Payment.

(1.) Time. It will be made as soon after the receipt of satisfactory *June Certificates and Property Statements* (mentioned below) as the Board's treasury will permit; usually at once, and probably in June.

#### (2.) Conditions.

The Spring Report Blank, sent out by the Secretary March 20, must be in the Secretary's hands, filled out in form, by April 7. Delayed Spring Reports will be telegraphed for at the expense of the institution.

The June Certificate Blank, sent out by the Secretary May 1, must be returned filled out in form, approved at the annual meeting of the board of trustees of the institution; and it must show that, with the exception of such outstanding bills as the Board's final payment will be sufficient to meet, all bills of the year have actually been paid, and accompanied with the trustees' pledge that the remaining bills shall be paid as soon as the expected remittance from the Board shall be received.

The Property Statement Blank, sent out by the Secretary May 1, must be returned filled out in form, approved at the annual meeting of the board of trustees.

Such Other Reports as the Board may require must be made.

#### APPROPRIATIONS FROM THE PROPERTY FUND.

1. **Object.** Appropriations from the Property Fund are made only to aid in extinguishing debt on property, in completing enlargement or erection of buildings, and in securing endowment.

2. Amount. Only in exceptional circumstances should an institution ask of the Board more than one-fifth of the entire amount needed, in no case more than one-third. But the Board will gladly aid in securing a larger proportion, or the entire amount needed, for any especially deserving institution, should some individual donor propose to bestow it.

#### 3. Conditions of Payment.

- (1.) COMPLETING THE EFFORT. The appropriation will be paid when it secures the complete extinguishment of indebtedness, or makes the final payment on the completed building, or completes the amount of endowment contemplated.
- (2.) Solicitation of Funds. Such solicitation of funds as is discouraged by the Rule (page 21, 3. (1.) and 22, (2.), will forfeit the appropriation.
- (3.) MORTGAGE. Payment of the appropriation will not be made until a mortgage covering the property of the institution, for the total amount of the appropriation, shall have been executed and placed in the Board's possession.
- (4.) PROPERTY TITLE. The property to be covered by mortgage to the Board must not be subject (by the terms of the deeds conveying it to the trustees of the institution, or otherwise) to any conditions, reservations or restrictions which would in any way prevent or interfere with the acquiring of a good title to the property by foreclosure of the mortgage to be given to the Board.

# 4. Necessary Steps.

(1.) PARTIES REQUIRED. The Board must have

A certified copy of the charter or articles of incorporation of the institution.

A certified copy of the by-laws.

An abstract of title of the property to be covered by the mortgage.

(2.) TIME. As the preparation, execution and approval of the papers require time, the institution should notify the Board that it will be ready for the payment, and should for-

ward the papers named above, three months before payment is expected to be made.

- (3.) OTHER PAPERS. The mortgage and other necessary papers will be prepared by the Board and transmitted to the Board of Trustees of the institution for execution. Such papers sent by the Board must be executed by special vote of the board of trustees at a meeting regularly called, and a quorum being present; and a certificate to this effect will be required. Mortgages must be recorded.
- (4.) EXACTNESS. Delay will be avoided if trustees of institutions follow explicitly the directions which will accompany the papers prepared and transmitted to them by the Board. The Board will require entire exactness.
- 5. Special Conditions. Such special conditions as the Board may make in each case will be notified to the trustees of the institution, and compliance with them will be required by the Board.
- 6. Insurance. Before payment of Property Fund appropriations can be made, the Board must be certified that all fire insurance policies, on property covered by the Board's mortgage, contain mortgage clauses making loss, if any, payable to this Board.
- December and June Certificates, from institutions on whose property the Board holds mortgages, must carry similar certification before payment of any part of annual appropriations can be made.

#### ACTION OF THE GENERAL ASSEMBLY

AT LOS ANGBLES, CALIFORNIA, 26 MAY, 1903.

The following report by the Rev. David S. Schaff, D. D., of Cincinnati, O., Chairman of the Assembly's Standing Committee on this Board, was unanimously adopted:

Your Standing Committee on the Board of Aid for Colleges and Academies would respectfully report as follows:

### I. WORK OF THE BOARD.

Founded in 1883, the Board has completed the twentieth year of its existence. During this period it has accomplished well its assigned task, so far as the means at its disposal have permitted. It has perpetuated institutions some of which, but for its fostering care, would probably have gone out of existence. By wise gifts and counsel it has encouraged the foundation of new institutions in localities and under conditions which make permanent usefulness probable. In a manner, no less fruitful for the cause of Christian education, it has kept that cause steadily before the attention of our Church as an issue of paramount importance.

TERRITORY. The territory to which the Board gives its care lies west of the western boundary of Pennsylvania and extends to the Pacific Coast. In this territory there are a number of our most honored institutions which do not draw upon the Board for aid, such as Wooster, Centre, Maryville, Wabash, Hanover, Lake Forest, Coe, Parsons, Park, Emporia and Highland.

The colleges and academies aided by the Board have all come into existence since 1866, except Tusculum in Tennessee, which was founded in 1794. Their number is 25, of which twelve are colleges. During the past year these institutions have given instruction to 3,624 students, of whom 477 were full college matriculates. 1,845 of this number are members of the Church and 194 were credibly converted during the year. It is proper at this point to notice the transfer to Presbyterian control of Illinois College, the oldest educational institution in Illinois. Founded in 1832 by Yale men, it has had a most honorable history and included among its presidents Drs. Edward Beecher and Sturtevant. An addition to its endowment of \$200,000, marked the transfer.

FUNDS. The funds, at the immediate disposal of the Board or passing through its hands, have amounted to \$185,936. Of this amount the sum of \$95,410 has been placed to the account of the permanent endowments of the twenty-five institutions drawing upon the Board. \$87,629 have been used for the current maintenance of these institutions and the expense of administration.

More than three-fourths of the total amount has been the gift of individuals. The gifts of the churches have amounted to \$49,444 as against \$44,695 last year. To this amount less than one-half of the whole number of our churches, 4,260, made an offering. We are gratified to note that 200 of the Sabbath Schools and Young People's Societies have made contributions, and we would urgently commend this cause to the sympathies and gifts of all our Sunday Schools and Young People's Societies.

Hearty recognition should be accorded to the Board for the economical administration of its trust, at a total expense of only four and one-half per cent of its income. For this result it is fitting to make special acknowledgement of the efficient services of the Secretary, who combines with this office the duties of Treasurer.

#### II. PRINCIPLES AND POLICY.

The principles followed by the Board are adapted to give confidence to givers and to serve most efficiently the ends for which the Board exists. Its basal rules require that institutions receiving aid be corporately identified with the Church or be bound by charter enactment to have a Board of Trustees, two-thirds of whose members are members of the Presbyterian Church. Among its regulations are: (1) That the Board incur no debt; (2) that the institutions aided incur no indebtedness and that a sufficient amount of insurance be maintained to protect the interests of the Church against loss; (3) that the Bible be systematically taught. The interests of the Church are thus guarded and the property assured to the uses for which it was intended.

It has been a fact of experience that gifts made through the Board have in almost all cases secured gifts from local interests, many times greater than the Board's appropriations. For example, the Board's appropriation of \$15,000 to Macalister College secured \$14'),000. Another to Occidental College of \$3,000 has stimulated local givers to make up \$52,000 and even more.

As a result, in whole or in part, of these twenty years of the Board's activity, there are now in connection with the Church 23 colleges in the West as against 5 at the beginning of the period. Some of these have passed out of the care of the Board to independence. The 25 institutions, now under its care, own property valued at \$1,480,000.

#### III. FUTURE WORK.

The outlook for the development of our educational institutions in the territory covered by the Board gives reason for strong encouragement and vigorous effort. The signs are more stirring now than at any moment in the last 20 years. The Board seems coming to its term of full manhood. It enjoys the confidence of the Church, and nowhere more than where its operations are best known. Inquiries are coming

from many quarters, indicating a growing appreciation of the call for education under distinctly. Presbyterian auspices as a most important factor in our onward progress. Our own colleges supply our theological seminaries with the larger proportion of their students. These our Presbyterian colleges strengthen the tie which binds our intelligent laity to the Church and train an intelligent laity. They are required to maintain the proper dignity of the Church as a body, set to bear witness for Christ in the world. The diagrams, included in the Board's report, show that in comparison with the Methodists, Baptists and Congregationalists in the West, we are behind them in the number of our colleges, the number of students and the amount of our endowments. Shall we decline to follow the injunction to emulate one another in good works. not being behind in doing our proper share with these sister bodies, in providing facilities for Christian training and so helping in this way to solve the problem of evangelizing the world? Shall we not strengthen and magnify our Christian schools, until, like searchlights on every greater eminence, they shall illuminate the large sections around and resist by an intelligent faith the intellectual and social errors in conflict with vital Christianity?

With the aid of statistics it has been found that, except in the case of a few institutions, the average student travels not more than 50 miles, in getting to his college home. Of the 371 students at Washington-Jefferson in 1901, 250 came from Pennsylvania. Of the 201 students at Hamilton all but 23 were from New York. This fact proves that there is still room for the establishment of new colleges if we are to adequately make our influence felt upon the wide land of the West. There are at present whole states like Wisconsin and Montana without a Presbyterian College. Is not the Church bound to see to it that its older centers of education have all the facilities needed and the newer institutions be put on such a firm basis that their future shall be no longer a matter of controversy?

#### IV. IMMEDIATE OPPORTUNITY.

The present seems to be the nick of time for this cause of Christian education. The members and friends of this Assembly have traversed the continent from the older states to the Pacific and have become acquainted with the vast areas where millions have found a home within the last twenty-five years and where millions more will be likely to make for themselves homes in the near future. Those who have helped to form these newer communities of the Western States have most confidence that much of area which is now desolate will some day teem with towns and cities. A feeling that our own institutions are the main source of supply for our ministry has taken strong hold of the Church. Liberal sums are being given at home and abroad for the increase of college endowments and the foundation of new colleges. Shall we not accept this

as our time, under the favor of God and by a general enthusiasm and liberal gifts, to promptly enter upon a bold movement to greatly enlarge the endowments and appliances of our colleges throughout the length and breadth of our land, from Princeton on the East to Whitworth and Occidental on the West?

#### V. RECOMMENDATIONS.

The Committee therefore makes the following recommendations: · (1) The Assembly expresses its heartfelt gratitude to God for the work the Board of Aid has been able to do during the past 20 years. (2) The records of the Board, which the Committee has carefully examined and found accurately and neatly kept, are approved. (3) The Churches are urged to observe Education Day on the Sunday nearest to the Day of Prayer for colleges, and ministers are urged to preach sermons on some aspect of education in its relation to the spread of the Gospel and the salvation of men. (4) The Assembly's Evangelistic Committee is recommended to arrange, as the way may seem clear, for conferences at our colleges, with the aim of presenting to the students our Lord's call for Christian workers and the pressing need at home and abroad for consecrated Christian activity. (5) The Churches are urged to increase their gifts to the Board to \$150,000, to be applied to the current expenses of the institutions under its care. (6) The cause of Christian education is commended to the men and women in our Church of larger and smaller means for the liberal endowment at once of our own colleges and the foundation of new ones in sections not now occupied, as may be approved by the Board and the Synods. (7) The following persons are recommended for election, as members of the Board for the term ending May, 1906: Revs. J. G. K. McClure, D. D., Chicago; Wm. P. Merrill, Chicago; M. L. Haines, D. D., Indianapolis; Cleland B. McAfee, D. D., Chicago, Laymen: Hon. Dan P. Eells, Cleveland; Henry J. Willing, Chicago; Thomas Lord, Evanston; J. S. Hubbard, Chicago. And also the Rev. W. J. McKittrick, D. D., of St. Louis, for the unexpired term of Francis L. Ferguson, D. D., of St. Louis, deceased.

# SYSTEMATIC BENEFICENCE

APPOINTED BY THE

### GENERAL ASSEMBLY

OF

# THE PRESBYTERIAN CHURCH

IN THE UNITED STATES OF AMERICA.

1903.

The Committee on Systematic Beneficence begs to submit its report for the year ending April 30, 1903, and we do so with gratitude to the Head of the Church for all the encouragement and inspiration given to us in the prosecution of this highly important work.

Your Committee strives to act as a bond of union between the Assembly, Synods, Presbyteries, and church members and endeavors to keep in close touch with the whole Church; and especially with those who are doing the hard thinking

and hard work on this great subject.

We do not deem it necessary at this time, and in this place, to enter upon a discussion of what Systematic Beneficence really is, or of its benefits and blessings to the Church. These matters are ably discussed by the writers of the tracts which your Committee has prepared and distributed to the Presbyteries. Sufficient to say that the more the subject is studied the greater its importance becomes. Systematic Beneficence is to the Church what the rain is to the desert and what sunshine is to vegetation.

1. We have held the usual number of meetings at our denominational headquarters, 156 Fifth Avenue, New York, and these have been well attended and full of pleasure and inspiration. At these meetings your Committee discussed "the theory and practice" of Systematic Beneficence, compared views, received suggestions from each other, and appointed sub-committees to look after the details of the work. Plans were adopted for carrying forward the work of the year along the lines approved by the last and preceding Assemblies.

2. We have, as in previous years, carried on an extensive correspondence with the chairmen of Presbyterial Committees on the subject of Systematic Beneficence. Three

circular letters were issued, in which the principles, as laid down by the General Assembly, were advocated, suggestions were made, and advice was asked from those to whom

the correspondence was addressed.

The result of this correspondence clearly reveals to your Committee, not only that we have admirable and unsurpassed machinery in our Presbyterian Church for the prosecution of such work, but, what is better, the machinery generally is well worked. In some quarters there is a little creaking, some need of adjustment, and the use of the oil of grace to make the machinery run more smoothly; but it is a pleasure to record the favorable impressions produced upon us by reading the letters and correspondence of the Chairmen on Systematic Beneficence in the various Presbyteries.

Indeed, it is quite surprising the amount of efficient and effective work that is annually done, in the way of keeping before the mind of the Church the subject of Systematic Beneficence, by Presbyterial Committees. The printed documents sent us by these brethren reveal a grasp of subject, and a patience in working out detail, that is truly

admirable and charming.

We would not make ourselves odious by invidious comparisons, but no thoughtful person can read the reports of such Presbyteries as Boulder, Clarion, Carlyle, Chicago, Erie, Huntingdon, Mahoning, North River, Northumberland, Rock River, Westminster and others without being convinced that these Presbyteries are most fortunate in their selection of committees on the important subject of Systematic Beneficence.

The suggestions made by many of these chairmen are most valuable and worthy a place in printed documents. The printed reports coming to us from many Presbyteries are models of neatness and completeness, giving, as they do, the total contributions of the churches, the amounts given to each Board, the increase or decrease over the preceding year, a list of churches which contributed to all the Boards, and a list of churches which failed to contribute to Charts, giving a bird's-eye view of Presall the Boards. byterial beneficences, are, in some Presbyteries, hung upon the walls for inspection. We are informed, also, that in many Presbyteries the rule obtains of calling the roll of all the churches and giving them an opportunity of informing Presbytery of the reason of any failure to contribute. All this is most salutary and constitutes true Episcopal oversight, quite a different thing from Church Government by Committees.

3. Your Committee has given special attention to the matter of literature. From various sections of the country requests came to us from Presbyterial Committees and from

individual church members for something new, fresh and convincing on the subject of systematic beneficence; and, acting upon these suggestions, nine leaflets or tracts have been printed and large quantities of them distributed throughout the Church to those making request for them. In order to inform the Church that these leaflets had been issued, notices were sent to all our denominational papers giving a list of the new publications. These are as follows:

(1) Consecration of Wealth, by Rev. George F. Pente-

cost, D.D. (re-issued).

(2) Paul's Financial Method, by Rev. Thomas S. Dickson, Edinburgh.

(3) Sustain the Great Enterprise, by Rev. Thomas Mur-

phy, D.D.

(4) Giving Out of Deep Poverty, by Rev. Asa D. Smith, D.D.

(5) Responsibility of Christian Stewardship, by Rev. Josiah Strong, D.D.

(6) Our Silver and Gold Kept for Jesus, by Frances Ridley Havergal.

(7) Money Giving, a Test of Character, by Rev. Andrew Murray.

(8) Theory of Stewardship, by Rev. Charles S. Robinson, D.D.

(9) Stewardship of Money, by Rev. F. B. Meyer.

4. In order to ascertain what the General Assembly has enunciated as "guiding principles" on the subject of Systematic Beneficence, we have made a careful study of the reports of special and standing committees on this subject to the Assembly, and the acts and deliverances of the Assembly itself, for the past decade. This survey shows:

(1) The Assembly believes that system is a necessity, but in 1899 the Assembly refused to adopt any hard and fast lines. Each church must have a system, but members are left free to give a tenth, a fifth, a third, a half, or the whole. They are, however, strongly urged to give some definite

proportion of their income to God.

Churches are left free to make an offering each Lord's Day for benevolent objects and distribute the total according to a fixed schedule among the denominational agencies; or, churches may set apart definite days for specific causes when appeals may be made by the living voice of minister, missionary and secretary. In order to make these occasions successful, sessions ought to prepare the people by distributing literature and envelopes. Here is a delightful freedom; and it is certainly a fact that the Church desires neither to retard nor to smother the good work of systematic beneficence by unnecessary theorizing or legal technicalities.

(2). The Assembly has repeatedly urged the members

of the Church to give a generous proportion of their income to the work of Christ; and in 1897 it recommended that an offering be made each year by each church to every Board. If churches, large and small, would but heed this recommendation of our highest Judicatory a brighter and better day would dawn for our Church, and fresh streams of beneficence would spring up and flow out, making glad the City of God.

(3). Another valuable suggestion was made, some years ago, viz.: That advanced pledges be received from church members, stating the amount they would give to the various benevolent agencies of the Church. In 1897, 100,000 pledge cards were printed and circulated; but this effort did not meet with great encouragement, since many church sessions failed to perform the necessary detail work in order to make the plan a success. This rule, however, obtains in a considerable number of churches and this principle of action ought to be encouraged.

(4). The annual roll-call in Presbyteries of churches is an excellent thing, and it is gratifying to learn that this custom is observed in an increasing number of our Presbyteries. This gives definiteness to the work and Presbyterial oversight of the churches. If Presbyteries would but exert their constitutional authority, and exercise this proper oversight over our churches, there would not be heard, in some

quarters, a cry for a bishop or Episcopal oversight.

(5). The Church, by the action of the Assembly, has repeatedly approved of the distribution of literature among churches and church members. No doubt this does good and gives inspiration to many to give systematically. This

part of the work ought to be vigorously prosecuted.

5. Acting upon the recommendation of the Assembly, your Committee received from the Boards of the Church lists of churches which had not contributed up to the 1st of March and forwarded the same to the Presbyteries, requesting that attention be called to the delinquency, and from our correspondence with Presbyterial Committees we are led to believe that in many cases this has been done.

6. Referring to the report of the Special Committee of last year, and noting the fact that many congregations provide for their congregational expenses, in whole or in part, by the envelope system, your Committee has furnished to churches requesting the same packages in colors of Systematic Beneficence envelopes to be placed among the envelopes used for the regular support of the congregation, these to be used at least once each month.

7. Your Committee is persuaded that the cause of Systematic Beneficence ought to be laid upon the hearts and consciences of all our church members strongly and persistently. How else are we to secure the "sinews of war"

each year,—the gold with which to preach the Gospel to the ends of the earth? In some way the Church must reach the wealth of the individual church and of the individual church member. There can be no doubt that most Christians give too small a proportion of their income to God. Too little of the accumulated wealth of Presbyterians flows into the Treasury of the Lord. There can be no question as to the increase of our wealth. What stuns an numbs us is that so small a part of it, comparatively, flows directly to religious agencies.

It is estimated that the wealth of the United States in 1900 was \$90,000,000,000,—an increase of \$25,000,000,000 in ten years. In 1860 our total wealth was only about \$16,000,000,000; thus our nation saved during the past ten years \$9,000,000,000 more money than the nation owned in 1860. Of this increased wealth God has given to the members of the Presbyterian Church quite a fair proportion.

We must not become discouraged, nor permit our interest in the cause of Systematic Beneficence to flag. On the other hand it is our duty to keep on in the path we have been treading for the past decade. We must make our beneficences like a mighty river which receives countless rills, rivulets, and smaller rivers, all uniting to swell the mighty volume of water as it rushes onward toward the changeless ocean. From our 7,000 churches and from our 1,000,000 members we must, in some way, secure an annual contribution to each spiritual agency of the Church.

Let this be so, and soon you will see the rising tide,—the river of beneficence swelling and overflowing its banks and enriching all it touches. It is only by keeping at it ceaselessly that the work of Christ can be accomplished, His heart made glad, and the world won for the Redeemer.

It may be that your Committee, reporting as it does year by year to the Assembly, finds nothing specially new to suggest and recommend. No matter; no song is sweeter than an old song. The 23d Psalm and "Rock of Ages" are not yet antiquated. As in other things, so it must be here: "Line upon line." By and by the continual dropping will wear away the stone. We recommend:

(1). That pastors take hold of this whole question anew, discuss it, preach upon it repeatedly, distribute literature to their people, and secure an offering from each church member. After all, this business rests largely with pastors.

(2). Presbyterial and Synodical Committees are urged to keep up the circulation of ideas on the subject of Systematic Beneficence and to press hard upon the hearts of the people the privilege and duty of giving. If the Church become sluggish and sleepy our day of doom has come! Let us arise!

(3). We beg to repeat the suggestion and recommenda-

tion of former Committees that careful instruction be given in our theological schools on the subject of Systematic Beneficence. If our young ministers are not properly taught the obligations to give to God in a proper manner while pursuing their theological studies, when are they to receive right instruction on this important subject?

(4). We urge Presbyterial Committees to correspond with the Secretary of this Committee, Rev. William H. Hubbard, D. D., Auburn, N. Y., in case literature is desired, and with Mr. Adam Campbell, 156 Fifth Ave., New York, in case they wish envelopes for benevolent contribu-

tions.

(5). In order that the work of correspondence may be carried forward and the demands for literature promptly met, we ask the Assembly to put at the disposal of its Special Committee \$1,000, or the part of that amount that may be necessary, for carrying forward the work after an economical fashion.

The following is a survey of our denominational beneficences as prepared by the Secretary of this Committee, Rev. Wm. H. Hubbard, D.D., LL.D.

# The Twenty-Second Annual Report For the Year Ending May 1, 1903

Presented to the General Assembly at Los Angeles, Cal.

The Permanent Committee on Temperance, in presenting this report, would make sorrowful mention of its bereavement, in the calling away by death of two faithful and beloved members.

Rev. John J. Beacom, D. D., our Chairman, after a longi liness entered into rest September 19, 1902.

Mr. George Irwin, who has for years served the Committee as its Recording Secretary, died November 4, 1902.

When we recall how inspiring to us all was the zeal of these brethren in the work devolved upon the Committee, and how valuable their counsels, our hearts are burdened with a sense of loss; but gratitude is due to God, who giveth such grace to men and who provideth that though the workmen fall the work goes on.

Rev. W. L. McEwan, D. D., having resigned, Rev. A. R. Van Fossen was chosen to fill his place on the Committee. Rev. E. R. Worrell was elected to fill the place made vacant by the death of Rev. Dr. Beacom, and the place of Mr. George Irwin was filled by the choice of R. M. Ewing, Esq.

These appointments the General Assembly is respectfully asked to confirm.

We also report the following members as belonging to the class whose term of service expires at this time:

Rev. Edwin R. Worrell, John F. Hill, D. D., O. L. Miller, M. D., and William R. Zeigler.

The book containing the minutes of our meetings is submitted for inspection.

Having been instructed by the last General Assembly to memorialize the United States Congress for the enactment of laws prohibiting the sale of intoxicating liquors in Old Soldiers' Homes, in public Government buildings and in immigrant stations, your Committee has secured the presentation of such memorial to both the Senate and the House of Representatives, in the name of The General Assembly of the Presbyterian Church in U. S. A.

The Permanent Committee also addressed a letter to the President earnestly deprecating the proposed opening on the Lord's Day of the approaching Exposition at St. Louis, Mo., to which the Federal Government had made large appropriation, conditioned on Sunday closing of the Fair. When the fact transpired that the funds were about to be paid over without adequate guarantee from the Fair Managers of the fulfilment of the stipulated conditions, there was prompt protest and earnest appeal to the President from Christian people and Christian organizations on all sides, and there is reason to believe that only thus was a serious peril averted.

The three objects in national legislation which the last General Assembly called on our Committee especially to seek were included in the Immigration Restriction Act and the McComber Bill. Another measure which if secured must prove of very great value to the cause of temperance, is the Hepburn Bill, designed to prevent the importation of liquors into prohibition States or local option districts, as now practiced under the inter-state commerce law.

In behalf of these measures several hundred letters were written to our law makers at Washington. Temperance chairmen in the synods and presbyteries, and other persons of influence were asked to join us in the use of mail box ballots, each being requested to address his own Representative especially. Some thousands of such requests, written or printed, were sent into all sections of our Church. About five hundred suggestion telegrams were mailed, especially to friends of the cause in Pennsylvania, and we had the gratification of learning that many of these were sent to Washington, in many instances bearing the signature of several constituents.

We are thoroughly convinced that efforts along this line are not in vain. Those who conceive that our legislators are deaf to every voice except that which reaches them through the ballot box greatly mistake. In every one of them there is of course a strong desire to be acceptable to his constituency, and therefore such expressions of the wishes of the people are welcomed. Said an eminent Senator

during the discussion of one of these reform measures: "This is not just in accord with my views, but my mail shows that my people want it, and I will vote for it."

For awhile it seemed, last autumn, as if the anti-canteen law was in danger of repeal. Many army officers are drinking men and of course ready to give adverse testimony as to the value of the law, especially as the Secretary of War was known to be its enemy. The mighty influence of the liquor organizations was constantly wielded in favor of the restoration of the canteen, and a vast number of newspapers, by the lucrative liquor advertising patronage given them, have either been bribed to silence or perhaps stimulated to pernicious activity in advocacy of the army grog shop.

A great petition work has been done by the Women's Christian Temperance Union, most ably represented at Washington by Mrs. Margaret Dye Ellis.

In this anti-canteen conflict we record with gratitude that "we are more than conquerors." Not only did Congress decline to repeal the law, but it has greatly reinforced it by the appropriation of an additional half million dollars to provide comforts, recreations, etc., for our soldiers, thus sweeping away the grounds on which many demanded the restoration of the beer-canteen. This valuable legislation is largely to be credited to Rev. E. C. Dinwiddie, representing the American Anti-Saloon League. The able and indefatigable representative of the International Bureau of Reforms, Rev. Dr. W. F. Crafts, is well known to Presbyterians throughout our land. soldiers at the front should not be forgotten, but should have the support, moral and financial, of Christian patriots everywhere, especially the superintendent of the Reform Bureau. faithful and able workers for righteousness first mentioned, happily have behind them widely extended organizations with numerous membership, but the last named is battling the powers of darkness almost single handed.

We congratulate the General Assembly upon the enactment into law by the recent Congress of some of the measures for which your Committee was called on to labor.

At Ellis Island, N. Y., the thousands of immigrants daily arriving will no more be met, as heretofore, the moment they set foot on land, by the solicitations of a saloon authorized by this great government. And the American citizen visiting the capitol building at Washington will not be made to blush with shame and indignation at finding this foul foe of God and humanity, the saloon, plying its nefarious trade openly and impudently within those walls. The Capitol grog-shop is gone, and we thankfully believe, gone forever.

Two letters received by your Committee from Dr. John G. Paton, overflow with expressions of thanks for the help rendered

in securing the passage of the Gillett Lodge bill by the U. S. Congress.

That venerated man of God is again among his beloved islanders, and is much cheered with the prospects of the work, hitherto so greviously obstructed by the trade in rum and fire-arms. It had been no uncommon amusement among the natives when fired with rum, sold by American traders, to shoot down the little orphan children playing in the grove about the mission.

Happily this is all past now since the enactment of this law; but is it not a painful reflection that eight years of effort were required to bring our government to rebuke and prohibit the heartless traffic and thus put a stop to such diabolism.

The last General Assembly ordered the transmission to the Triennial International S. S. Convention at Denver, Col., of its emphatic protest against the elimination of the quarterly temperance lesson from the lesson series. This action of the General Assembly was suggested by the Permanent Committee on Temperance, was taken after due deliberation and discussion, and we are convinced, contributed with the numerous protests coming from all quarters, to the saving of the temperance lesson. It is true that in one address in the convention, and in many newspapers afterwards, it was declared that the temperance lesson was in no danger, as no purpose or desire for its elimination existed amongst members of the Lesson We are able to affirm positively, however, that these Committee. The Permanent Committee, before sugstatements are incorrect. gesting the action which was taken by the General Assembly, had correspondence with a leading member of the Lesson Committee, and it was on information thus secured that we represented that there existed among the members of the Lesson Committee a sentiment so adverse that unless the Triennial S. S. Convention should forbid the omission by the Lesson Committee, the future schedule would probably contain no quarterly temperance lesson.

Since the Denver Convention there has also been public intimation from influential opponents of the quarterly lesson that the settlement is not final. We are admonished, therefore, that if in view of the victory we are jubilant, it behooves us also to be vigilant.

The statement of our Treasurer at this date (April 15th,) shows that offerings for this cause during this year have reached the sum of \$2,180.02, a decided gain on last year's aggregate.

We feel cheered by this advance in our receipts, but it is a cause of regret that so large a portion of this sum remains as a balance in our treasury. This gain could not be forseen, and a large part of it occurring in the receipts of the last month of the fiscal year, consequently no more than the usual amount of literature has been issued—about 1,000,000 pages. We make grateful mention of the help rendered by the Board of Publication and S. S. Work in

printing for us an edition of the Temperance Catechism, numbering 10,000 and a like edition of Tract No. 6.

Your Committee has made repeated efforts to impress on the readers of our Annual Report our conviction of the importance to the success of the cause of Temperance of a more extensive use of the printing press. The deadly torpor of the American people regarding the drink curse must be broken or ruin, swift and inevitable, must fall on every precious interest, material and spiritual. The most effective instrument for such a purpose is of course the living voice, but there are many millions who cannot be thus reached. The announcement of an address on temperance attracts only those already interested. Great multitudes never enter the house of God, and it is also sadly true that a vast number of church-goers never hear any phase of this burning question presented from the pulpit. We thank God for the thousands of faithful preachers who do not "hold down the truth in unrighteousness," but speak out boldly whether men will hear or forbear, but yet the fact remains that of the apathetic masses millions will not be reached by temperance truth unless resort be had to some additional instrument. The printing press is the only other possible instrument.

Casual observers point to the great numbers of tracts flung aside to perish unread, and on this would base an argument against this hole line of effort as futile and wasteful. But is it not also an indisputable fact that of the printed documents which during political campaigns burden the mails and flood the country a very large proportion are thrown away unread? And yet the astute managers of campaigns do not diminish the appropriations for printing. Nor does the tradesman cease to advertise in view of the patent fact that a large majority in every community carelessly and perhaps impatiently brush aside his plea for their attention. "The children of this world are wiser in their generation than the children of light."

If it be the part of wisdom to learn from the enemy we ought to note the high estimate put on this agency by those engaged in the liquor traffic. Few newspapers are without liquor advertisements, and even the high-grade literary magazines, bring into the family, with all the alluring attractiveness which the art of the engraver can supply, their list of viands for the sideboard. Besides all this, large sums are expended in tracts, brochures, etc., designed to influence public opinion against prohibition.

Of the efficacy of the press as a means of promoting the cause of temperance actual test was made and demonstration secured by General Neal Dow, who tells us that he covered the State of Maine "shoe-mouth deep" with temperance literature, and thus where drunkenness and consequent thriftlessness, vice and crime were rife, a correct public sentiment was developed, the traffic was outlawed

Both without and within the Church this work is needed to overcome indifference, to educate and elevate and intensify temperancesentiment.

Our denominational papers speak on this question, and no doubt their columns would be found open to more frequent presentations of the various phases of the subject if interesting temperance reading were offered. One or two pages of temperance matter is now borne abroad each month over the whole Church by the Assembly Herald.

The Presbyterian Board of Publication and S. S. Work issues many excellent temperance books and tracts, and we make the suggestion that to our million Sunday-school scholars there should be frequent presentation in all our Sunday-school periodicals of total abstinence and prohibition as the proclaimed temperance creed of our Church.

The Presbyterial Committees on Temperance have been repeatedly urged by the General Assembly to send to its Permanent Committee a yearly temperance narrative, which may aid in supplying material for its annual report to the General Assembly. On this occasion the stated clerk of the General Assembly having apprized us that the printed copies of the report designed for the use of commissioners must be ready for transportation to the place of meeting of the Assembly at an earlier date than usual, we cannot wait for the arrival of belated reports, and at this writing barely forty presbyteries have been heard from.

Of the following blank form for sessional reports 7,700 wer ent abroad through the presbyterial committees:

I. Is there in your church a Committee on Temperance under appointment from the session or any of your societies?

(If so please write here name and address of chairman)

- II. Is your influence from pulpit, Saath school and young reeple's and other societies wielded for total astinence and the anishment of social drinking customs, and of the liquor traffic?
- III. Are Christian citizens endeavoring in the primaries and at the polls to stand together for such men and such measures as give promise of the suppression of the saloon?
- IV. Indicate what lines of temperance work have een undertaken and with what success.
  - (a) Observance of Temperance Sunday?
  - (b) Numer of Temperance meetings?
  - (c) Pledge signing?
  - (d) Temperance literature distributed?
  - (e) Petitions? Remonstrance against license?
    Local option struggles?
  - (f) Funds contriuted to Permanent Committee work? To cause in general?
- V. Facts or suggestions?

To the first question on this list a very large majority of the sessions answer in the negative. Despite the insistence of the General Assembly on this point, and of many synods and presbyteries also, but a very small percentage of our churches report organizations for temperance work according to the plan adopted by our Church.

Many refer to the presence in their community of the Anti-Saloon League or of the Women's Christian Temperance Union as obviating the necessity of the church, as such, engaging in this work. The organizations referred to are excellent. Equally excellent in their respective lines are such undenominational agencies American Tract Society and the American S. S. Union, but what would be thought of a Presbyterian Church session which when asked for its annual S. S. report, for the information of our Board of Publication and S. S. work, should respond thus: -- "No Church Sunday School--American S. S. Union here. No Presbyterian S. S. supplies—American Tract Society." The Presbyterian Church has recognized Temperance as a department of church work, declaring that it should have a relation to the Church similar to that assigned If loyal Presbyterians can justify themselves in neglecting this work, or in relegating it to outside agencies why not also any other department of the Master's work.

To the second inquiry scarcely a single negative reply has come. Some, not content with simple affirmation seek, in one way or an other, to make their answer more emphatic.

If these reports represented all our presbyteries, or if each of these narratives, adequately described the situation in all the churches within their presbyterial bounds, then should "our mouth be filled with laughter and our tongue with singing." But in every one of these narratives, we are told with sadness, that many sessions, perhaps a majority, had made no response to the inquiries sent We are told again and again that most of the great churches in the cities and larger towns never report. In some instances this may be attributed to the impatience excited by the multiplication of circulars of inquiry, but too often there is evidence that the omission of the report is due to apathy or even to antipathy. Such questions seem to some an impertinence. How many of our great churches could truthfully report that "their influence from pulpit and Sunday school and societies is wielded for total abstinence and the banishment of social drinking customs, and of the liquor traffic?" How startling to many fashionable churches would be a pulpit exhortation to total abstinence. One can imagine the shrugging of the shoulders, the lifting of the brows and the well-bred stare with which many pew-holders would manifest their disgust if the minister should make the obvious application of Habbak. II:15, to the social drinking customs of the dining room.

Let us not delude ourselves. While we ought to thank God

for the great things he hath done for us, yet manifestly "there remaineth very much land to be possessed."

Various answers are given to the third inquiry, but the majority represent Christian citizens as derelict in this regard. This is charged in some of these reports to a strong unreasoning attachment to party. "Good men will talk temperance and pray for the banishment of this overshadowing curse of our land, but on election day line up with their party, utterly regardless of the temperance cause."

Does such an enquiry as this tend toward a perilous entangling of the Church in matters political? Such seems to be the position taken in one of these narratives. One session thinks the Church, as such, should keep aloof from these temperance contests at the polls, and another reports: "Our church, because of taking part ir the anti-license campaign, suffered some loss." Loss of members or of money, we infer; surely not of spiritual power or of influence in the community.

We are happy to report that there are some indications of progress toward correct views on this vital point among our ministers and people. There is some quickening of conscience relative to civic duties, and our people are instructed from many pulpits that no less at the ballot-box than in the prayer-meeting and at the communion table they are Christ's men.

There is some waking up to the perils that threaten our free institutions. Already in many great cities municipal control is an utter travesty on republican government. By the grace of the rum oligarchy thieving boodlers rule our cities, and some States are fast te nding in the same direction.

To what are these shameful conditions in a Christian land duc? Unquestionably they become possible partly through the blind devotion to party of some Christian men and the serene other-worldliness of others; but also through the sordid, all-absorbing devotion to trade of a vast proportion of decent business men, and in general through the strange torpor so prevalent among those who might be expected to wield the ballot in behalf of righteousness.

But manifes tly not a few are being seized with the conviction that 'it is now high time to awake out of sleep." From the facts reported in some of these narratives we have cheering proof that in greater degree than usual 'Christian men have been standing together at the polls for the suppression of the saloon." From presbyteries in New York, New Jersey, Pennsylvania and from various western States come accounts of brave struggles here and there against this licensed iniquity, but from Ohio, Indiana and Tennessee there are most cheering reports of interest and activity that bids fair soon to become state-wide. In Tennessee there is joyful enthusiasm, the election day which decreed the banishment of this hated foe being closed with ringing of bells and public thanksgivings

to God. In some towns the anti-saloon vote was well nigh unanimous, and under the four-mile law all the towns in the State except seven or eight are now rescued from this enemy.

In Ohio one report represents the churches as "aroused as they have not been before." Another says, "Much has been accomplished through the Anti-Saloon League. By local option under the Beal law saloons have been driven from many of our towns and townships."

Reports from Indiana are especially cheering. The chairman of the temperance committee of White Water presbytery says: "At the last meeting of the synod of Indiana the chairman of each presbyterial committee was made a member of the executive committee of the Indiana Anti-Saloon League. We were thus brought into hearty co-operation with all of the Christian churches in the matter. Under the Nicholson law we have exercised the right to fight the saloon with the blanket remonstrance. The Anti-Saloon League set out last August to close one hundred saloons each month for a year. It has thus far more than redeemed its promise."

An effort by the brewers to secure the repeal of the blanket remonstrance clause of the Nicholson law, though backed as they boasted by a \$500,000 lobby, met inglorious defeat when the aroused Christian people deluged the senate and house with their petitions.

The country has of late been often assured through the public press that in Kansas prohibition sentiment is decadent. "The fad," we are flippantly informed, has about run its course. To such flings no answer is now needed. The aroused people have spoken. Liquor men made determined efforts in the legislature for resubmission of the prohibitory clause of the constitution, but suffered defeat. Furious, they boasted that they would carry the point by appeal to the people The insult has been rebuked in thunderous tones by an aroused people.

From North Dakota a report brings us the news that in the legislature the effort to have the prohibitory law resubmitted was defeated by a large majority.

From Washington comes the good news that in response to the petitions of the citizens the legislature has adopted a local option law. Only four license States are still without such law. One of these, Pennsylvania, has petitioned her legislature for such privilege, but has again been refused. Legislators at Harrisburg well know that the brewers, distillers and saloon keepers, be they called Republicans or Democrats, will stand together at the polls when the liquor interests are an issue and will laugh to scorn the demand that trade interests be subordinated to those of party; therefore when the liquor interests speak, legislators hearken. Is it hard to perceive

why the petitions of the good people of the Commonwealth, though far more numerous, were disregarded?

At a recent meeting of the presbytery of Philadelphia, as we are informed by the chairman of the temperance committee. a paper was presented by that committee relative to alleged connection of members with a liquor selling club. The suggestion of presbyterial inquiry was met with indignant protest by some, and after discussion the paper was laid upon the table.

From subsequent statement and comment in the public prints

may be gathered the substance of the defence, viz:

That the membership of these ministers in the club referred to is merely nominal, does not entitle them to a vote or empower them to wield any influence in shaping the policy of the club, and so does not involve responsibility. Those ministers to whom the club has extended the courtesy of placing their names on its clerical roll, it is claimed, have no more complicity in the club's liquor selling than have hotel guests in the traffic at the bar.

Pending closer investigation as to the soundness of this reasoning, it will doubtless afford some relief to a great number of Presbyterians to know that even so much can be said in extenuation of what seemed a most serious offence charged against more than a score of our ministers.

To many, however, there will come the disturbing question why this defence was not made before the presbytery. Are the "thrones of the house of David" to be supplanted by the tribunal of the press?

Some of the utterances in the discussion in the presbytery were prevaded by a tone of angry defiance and seemed to convey a threat of nullification of the proclaimed and recognized temperance principles of the Presbyterian Church.

For almost a century our Church, through her General Assembly, has been uttering and reaffirming with constantly increasing emphasis her testimony on the subject of Temperance, declaring "both the sale and use of alcoholic stimulants as a beverage to be contrary to God's word and wholly inconsistent with the claims of Christian duty." The traffic is declared to be "an inexcusable curse to our country and our age which all our ministers are enjoined to oppose by effort, voice and vote." And the political parties are advertised of this position of our Church, with notice served that no party should expect the support of Christian men while "committing itself to the license policy or refusing to put itself on record against the saloon."

Language more explicit, more emphatic and more intense than that which composes the temperance deliverances of the General Assembly can hardly be conceived; and yet in the recent discussion

in the Presbytery of Philadelphia these declarations, warnings, injunctions were lightly brushed aside as utterly without authority.

It is, of course, conceded that acts of the General Assembly until formally submitted by overture to the presbyteries, cannot be codified as 'laws"; but in the present instance the distinction is mainly technical, for as to the substance of these deliverances, and often as to the very form too, the presbyteries have been consulted again and again.

Through the General Assembly's Permanent Committee and through their own Temperance Committees the attention of the presbyteries is being constantly cited to the temperance position of the Church and action is sought and ordinarily obtained in the presby teries, so that, though not technically entitled law, virtually the requirements have been met whereby acts of the General Assembly become part of the constitution of the Church. Law has been defined as crystallized public sentiment, and the agitation, deliberation and enactment on this subject in our various judicatories, repeated through a long series of years, has resulted in this body of temperance deliverances of the General Assembly which unquestionably constitutes the crystallized public sentiment of the Presbyterian Church.

Most astonishing, therefore, is the declaration, and one that must not go unchallenged, that these temperance deliverances of the General Assembly are of no more weight or binding authority than so many expressions of individual opinion.

In California some earnest and effective work is done by combining the efforts of the various churches, as told us in the report from Oakland Presbytery.

Over the vast State of Texas prohibition sentiment seems to be spreading fast, and now only a few counties still harbor the vile thief and murderer—the saloon.

While here and there in this battle with evil there may be wavering of the lines and some retrograde movement, as in Vermont, yet our whole land over from Maine to Texas and from Washington to Florida shows general advancement.

Reports on the several items included in the fourth question on the blank indicate a more general observance of Temperance Day and frequent temperance meetings in many places.

The world-wide pledge signing campaign inaugurated by the National Temperance Society has been heartily seconded by your Committee, and we have been sending abroad pledge cards and literature bearing on the subject. The figures relating to pledge signing as reported to us are not equal to our hopes. It is our purpose to devote increased attention to the forwarding of this important work, especially among the children and youth.

Very many of our churches have never yet begun the use of -

temperance literature, though the Permanent Committee offers free its issues—albeit rather a meager assortment as yet.

A larger amount of petition work than usual and greater numbers of letters in behalf of temperance legislation are reported. Local option struggles and remonstrances against license are, as usual, frequently reported as in vain. Though seemingly unsuccessful, such efforts to break the net and set free the ensnared—to take the prey out of the mouth of the devourer—will be remembered by the Great Deliverer. To those upon the right hand the Judge will say, "Come ye blessed. Inasmuch as ye did it unto one of the least of these ye did it unto me."

From the meagre information brought us regarding contributions we can only say that the offerings of Presbyterians to the cause of temperance given through various channels, and especially through the Anti-Saloon League, must aggregate a very large sum. A single church, the Third Church, of Pittsburg, reports \$1,000 contributed through this channel. The suggestion of one of the presbyterial committees is commended to favorable consideration, that provision should in some way be made for the reporting of such offerings and their acknowledgment as for clocal temperance work."

A great company of Presbyterian women are actively and efficiently promoting the cause of temperance in connection with the Woman's Christian Temperance Union. From the Presbyterian Women's Temperance Association, an auxiliary of the Permanent Committee, we have no formal report, but we know that it has been circulating much literature and securing the signing of the pledge in churches in Philadelphia and vicinity.

The Woman's Synodical Temperance Association of Pennsylvania, also auxiliary to the General Assembly's Committee, sends a report from which we perceive that Mrs. Ellen M. Watson, its secretary, is still, though in the eighth decade of her life, labors more abundant" for the Master. She has sent 660 copies Craft's Protection over the land 100,000 leaflets. of Native Races, and 3260 copies of that effective temperance story, Black Rock. Hundreds of letters also have been wrtten in the endeavor which she is making with good measure of success, to secure the appointment of a temperance secretary in every missionary society, and to promote temperance sentiment and habits among college students.

A look all around the horizon supplies the Christian patriot and philanthropist ground for thanksgiving, but also occasion for prayer and effort. The temperance teaching in the public schools, now compulsory in every State of the Union, the new demand for abstaining employees now so general among railway companies, manufacturers and merchants, and the distinction which the life insurance companies are beginning to make between moderate drinkers and total abstain-

ers as "risks"—all this must prove greatly helpful to the cause of temperance. And yet when we face the figures in the following table, which we have copied from the abstract issued by the U. S. Treasury Department, showing the continual deepening and broadening of the awful stream which bears away to death 100,000 yearly; when we see our Government replenishing its treasury by selling permits to wreck fortunes, shatter bodies and minds, ruin homes, blight hopes, crush hearts and damn souls; when we look on all this and remember that God is just, it ill befits us to fold our hands and close our eyes in optimistic visions of the future. "What meanest thou, O sleeper. Arise, and call upon thy God."

From letters received by the Committee, as well as from presbyterial action taken it is manifest that many in our Church would welcome some warning utterance from the General Assembly relative to affiliation directly or otherwise with liquor-selling institutions.

- "Wherefore, come out from among them and be ye separate."
- "Go ye out of the midst of her; be ye clean that bear the vessels of the Lord."

We suggest that recommendation be made of the observance of Temperance Day on the fourth Sunday of November.

The Permanent Committee, if so instructed, desire in the name of the General Assembly to memorialize the Government at Washington for the passage of the Hepburn bill.

We suggest that the supreme judicatories of sister churches be requested to appoint committees on Temperance similar to your Permanent Committee, with a view to mutual conference and combined efforts in combating this common foe.

In behalf of the Committee,

JNO. F. HILL, Corresponding Secretary.

# William C. Lilley, Treasurer, in Account with the General Assembly's Permanent Committee on Temperance of the Presbyterian Church, in the U. S. A.

# TEMPERANCE ACTION OF GENERAL ASSEMBLY at Los Angeles, California.

RESOLVED 1, We have examined the Permanent Committee's report as printed and commend the efficient work of said Committee, and recommend the adoption of said report, calling especial attention to its reference to recent enactments by Congress forbidding the solicitation by the saloon representatives of newly arrived immigrants at Ellis Island, N. Y., and note with satisfaction the abolishing of the saloons in the National Capitol at Washington, and also of liquor selling in the Army canteen.

RESOLVED 2, We deprecate and protest against the issuance of tax receipts by the Federal Government (which receipts the holders construe as licenses, in States or communities where prohibitory legislation has been enacted, and request the General Assembly to memoiralize Congress, asking that the Federal Government refrain from issuing such receipts in such communities.

RESOLVED 3, That the General Assembly makes the following appointments to membership in the Committee: Namely, Rev. A. R. Van Fossen, vice Rev. W. L. McEwan, D. D. resigned; Rev. Edwin R. Worrell to the place made vacent by the death of Rev. Dr. Beacom; and R. M. Mwing, Esq., vice Mr. George Irwin; and also the re-election of the following members whose terms expire at this time: Namely, Rev. Edwin R. Worrell; Rev. John F. Hill, D. D.; O. L. Miller, M. D., and Wm. R. Zeigler, Esq.

RESOLVED 4, That in view of the fact that the per capita consumption of intoxicants has been increasing since the year 1895, we again urge upon the ministry and membership of the Presbyterian Church in the U. S. A., that they not only hold, but diligently teach, that total abstinence from intoxicating liquors as beverages is expedient to every one who desires to fulfill the law of Christ; and further, that we deplore the use of tobacco by Christians, as being hurtful and liable to cause the weak brother to offend, thereby bringing reproach upon the cause of Christ.

RESOLVED 5, That while every encouragement should be given to all effective Temperance organizations, yet the affiliation of individual members of our church with such organizations does not fill up the duty of the Church with reference to temperance reform. Every local Presbyterian church is advised to conduct temperance reform work under its own guidance and control, as has heretofore been specifically directed by the General Assembly. Every Presbytery should give to the churches under its control helpful counsel as to the methods of conducting such local temperance movements.

RESOLVED 6, That in view of the greatness of the work and the increasing need of the effective carrying on thereof, the General Assembly recommends that the Permanent Committee make extra effort to raise the sum of at least \$10,000 for the coming year's work, and urge the churches to heed the deliverance of the General Assembly of 1860, and raise that amount or more.

RESOLVED 7, That we direct the Permanent Committee to memorialize Congress for the passage of the Hepburn Bill.

RESOLVED 8, That we direct the Permanent Committee to open correspondence with the officers or judicatories of sister churches, asking that temperance committees be by them appointed, with a view to mutual conference and combined effort against our common foe, the liquor traffic.

RESOLVED 9, That all our membership be urged to abstain from all complicity with the liquor traffic in any and every manner and form, thus abstaining from even the appearance of evil.
